Welcome to Lobos Basketball!

I am pleased to welcome you to another exciting season of Men's basketball at Monterey Peninsula College. I appreciate the efforts and hard work of our coaching staff and players as they begin their 2002-2003 season.

Our basketball players have dual roles as athletes and as students. At MPC we are committed to the success of our players on the court as well as in the classroom. Head basketball coach, Blake Spiering, embodies this commitment. He is keenly interested in the academic endeavors of his athletes and their achievements both on and off the court.

This basketball season will be an exciting one and I look forward to watching our players in action. Please join me in supporting and cheering on our team. Go Lobos!

Kirk Avery
Superintendent/President
Monterey Peninsula College

Kirk Avery has served as Superintendent/President at Monterey Peninsula College since April 1997. Dr. Avery came to MPC in July of 1992 to assume the position of Vice President for Administrative Services and was subsequently named executive Vice President/Assistant Superintendent three years later. Prior to coming to Monterey, he served five years as President of Cypress College, located in Orange County, California. Dr. Avery came to Cypress College from Palo Verde College where he was the Superintendent/President for four and a half years.

He has a doctorate in Public Administration from the University of Southern California.

Dr. Avery lives with his wife and two sons in Pebble Beach where he avidly roots for the Los Angeles Lakers when he's not attending Lobo basketball games.

Welcome!

Monterey Peninsula College is proud of its Men's Basketball Program and the success they have achieved on and off the court.

Head Coach Blake Spiering starts his first season as head coach of the Lobos. The Lobos will play an aggressive in your face defense and will push the ball up the floor on offense. You can look forward to entertaining, fast paced basketball.

At Monterey Peninsula College we strive for our student athletes to have success on the court and in the classroom. Many of our participants have gone on to compete in basketball and complete their education at four-year institutions. This season will be no different.

Many people work together to make this opportunity possible. The MPC administration, faculty and staff, including our President, Dr. Kirk Avery, and the Board of Trustees are very supportive of the athletic program. We rely on the athletic staff members pictured in this program to work together to enhance each athlete's experience.

Monterey Peninsula College has a rich tradition of helping student athletes achieve their goals. Thank you for your support of this effort.

GO LOBOS!

Lyndon Shutzler
Athletic Director
Monterey Peninsula College

Lyndon Schutzler has been the Athletic Director for three years and the Division chair of Physical Education and Dance for 9 years.

After attending MPC, Schutzler earned his bachelors degree in Physical Education from UC Santa Barbara. From there Lyndon earned a Masters degree in Physical Education from the University of Arizona where he won a college world series as an graduate assistant coach for the Wildcat Baseball team.

HISTORY

Monterey Peninsula College commenced its operation in September of 1947 on the campus of Monterey High School, holding classes from 4 to 10 p.m. daily. During this first year 87 acres

of land were purchased on Fremont Street. The following September classes opened in converted barracks buildings with 280 students and 20 faculty members. The campus was originally designed for approximately 1,000 students, but by 1957 the enrollment had approached this figure and it was evident that new buildings were necessary. The engineering building was constructed in 1958, the library in 1960, and the art and music center and swimming pool in 1962. The junior college separated from the Monterey Union High School District in 1961 and became a separate junior college district. With this reorganization, the Carmel Unified School District became part of the Peninsula-wide junior college district. The student population continued to grow as well as the need for additional classrooms. In 1965 the building program was renewed, and the “temporary” buildings of 1948 were replaced with new buildings for business, humanities, life science, physical education, physical science and social science. The lecture forum, the college theater, and the college center were part of this campus renewal. In 1973, the college began operating a satellite campus at Fort Ord in cooperation with the U.S. Army primarily for the benefit of Armed Forces personnel and their family members. In 1982-83, Monterey Peninsula College was selected as the site for the Maurine Church Coburn School of Nursing, established with a grant from the Maurine Church Coburn Charitable Trust under the leadership of Milton C. Coburn. The school is operated through proceeds from that grant administered by the Community Hospital Foundation, which owns and operates Community Hospital of the Monterey Peninsula and the Community Hospital Recovery Center. During August, 1988, the engineering building was remodeled with funds from the Community Hospital Foundation to house the School of Nursing. Monterey Peninsula College is part of California’s public community college system of 108 campuses in

72 districts across the state. It is a comprehensive community college that responds to the educational, cultural, and recreational needs of community members, insofar as its resources permit. The college serves the communities of Big Sur, Carmel, Carmel Valley, Del Rey Oaks, Marina, Monterey, Pacific Grove, Pebble Beach, Presidio of Monterey Annex, Sand City, and Seaside. Monterey Peninsula College classes are held on the main campus during Fall and Spring semesters, Early Spring, and Summer sessions.

MISSION

Monterey Peninsula College provides a quality learning experience for students by offering a variety of programs and services which are dedicated to excellence and which meet community needs. Monterey Peninsula College offers a stimulating, high quality, low-cost environment for students desiring to transfer, prepare for emerging job opportunities, and improve their lives. Monterey Peninsula College provides a positive atmosphere for learning and supports opportunities for growth for all members of the community, regardless of their circumstances. Monterey Peninsula College is a community of learners, engaging minds in the active pursuit and sharing

of knowledge by offering courses and programs:

- to encourage achievement of degrees and transfer
- to enable the acquisition of necessary basic skills
- to meet workplace needs
- to nourish the excitement of lifelong learning
- to share our resources, people and facilities, with the community.

Monterey Peninsula College endeavors to assist all who participate in its varied objectives to realize their rights, freedoms, and responsibilities in the community and the larger society of

which they are a part.

PHILOSOPHY

Monterey Peninsula College is committed to the ideal of academic freedom derived through careful and critical appraisal, and in turn, provides a place where students may freely formulate their ideas and values. All members of the college community support the ideals of excellence, human worth, and realization of human potential. Monterey Peninsula College provides opportunities for development of skills and knowledge that will enable students of all ages and backgrounds to become, and remain, productive in their chosen vocations, both for the sake of the individual and society. Through research, self-appraisal, and institutional planning, Monterey Peninsula College responds to unmet needs of the community and to changing expectations within the worlds of education and work. As the College looks outward to the community and finds meaning and opportunity in its diversity, so it extends its reach to the global community in which its members may discover a new sense of place. Monterey Peninsula College opens its doors to all members

of the community -- young and older adults, those who deal with challenges to the quality of their lives or work, the military and their dependents, the laborer, the merchant, and the artist, in order to engage them as willing partners in helping to meet their goal of self-fulfillment. At the same time, the college participates in partnerships with private enterprise, public agencies, and educational institutions in order to further the academic and work-related aspirations of the community. To carry out its Mission and support its Philosophy, Monterey Peninsula College will:

1. Provide excellence in education for students planning to transfer to a four-year college or university;
2. Provide a high standard of occupational training, enabling students to qualify for jobs in a variety of career fields, and enabling those already employed to develop their skills or train for another career;
3. Provide the highest quality of instruction to support students who need to improve learning skills;
4. Provide meaningful opportunities for adults to continue their education on a life-long basis;
5. Provide support for students through appropriate and necessary services that help them explore and achieve educational, vocational, and personal goals;
6. Provide the community with special interest, cultural, civic, and recreational programs designed to enhance the quality of life;
7. Provide a program of general education that allows students to explore potential interests and abilities and to develop knowledge and understanding of self, other human beings, and the environment;
8. Provide a curriculum and an atmosphere that values diversity, a global perspective, and the language and communication skills that make these possible. those offered

to freshman and sophomore students at the University of California, California State University, and private colleges and universities.

Blake Spiering, Head Coach

Blake Spiering is entering his first year as the Head Coach at Monterey Peninsula College. Coach Blake graduated from St. Bernard High School in Eureka, Ca where he was voted M.V.P. by his peers on his basketball team that finished the season ranked 2nd in California. After high school, Coach Blake went on to get his A.A. from Cuesta Community College in San Luis Obispo, Ca. There he was a two year starter and earned All-Conference his sophomore year and was voted "Mr. Defense" his sophomore year. Next he went on to Notre Dame de Namur University in Belmont, California where he finished his Bachelor of Science degree in Business Administration,

Management. At NDNU, he also started for two years and was an All-Conference player and earned the “Mr. Defense Award” both seasons at NDNU.

After graduation, Coach Blake was hired on to be an assistant coach at NDNU. Coach Blake spent one year at NDNU, then went to Sonoma State University where he spent four years as the head assistant. From there, Coach Blake was hired to assist Coach Percy Carr with the basketball team and the C.A.R.R. Program, which is an academic program that monitors the academic success of all the student athletes at San Jose City College. Coach Blake also promoted the summer basketball camps and ran the varsity summer league at SJCC.

Blake earned his Masters degree in Health, Physical Education, & Recreation at St. Mary's College in Moraga, CA.

Dedrick Brooks, Head Assistant Coach

Dedrick Brooks is entering his first year at Monterey Peninsula College and his eighteenth year as a Coach. Brooks graduated from Archbishop Mitty in the Bay Area. He then went on to complete his AA degree at San Jose City College, where he was a two-year starter. Brook's next move was down south where he attended UC Santa Barbara. Brooks started for two seasons and earned his Bachelor's degree in Liberal Arts, with emphasis in sociology and history.

After graduation Brooks spent two years at Valley High School in Sacramento as the JV coach then went on to play professionally for 5 years in Australia.

It was in Australia where Brooks gained priceless experience both as a player and coach. During his time, he won 3 championships, 3 MVP Awards and was named All Star player all 5 years. As Head Coach of the prestigious All Girls High School, Marian College, Brooks coached his team to 4 State Titles with 2 National Final appearances. Brooks also served as the first American coach for the elite youth in the state and as the Individual Skills Coach for the Canberra Cannons, in the National Basketball League.

Upon returning to the USA, Brooks spent 4 years as the Boys Head Coach at Santa Clara High School, and then took the position as the girls Head Coach at Los Gatos High School.

In his first year there as Head coach, the Wildcats made it to the second round of the CCS where they lost to the eventual Division Two Champions, Pinewood High School.

Dedrick resides in Campbell with wife Chatelle and daughters Desirae and Skylar.

The Lobos Support Staff

Christine Hunsley ***Division Office Manager***

Christine Hunsley is entering her 13th year as the athletic programs division office manager. Christine always provides invaluable support to our basketball program. We appreciate the time and assistance Christine has given to the MPC basketball program over the years.

Jeff McCart ***Trainer***

Jeff McCart is entering his 16th year of service with MPC. In order for athletes to compete successfully on the inter-collegiate level, they must be physically fit and healthy. It is Jeff's job to help educate the athletes and coaches, prevent injuries, and rehabilitate injuries. There are very few trainers that have the enthusiasm and knowledge for their job or the compassion

for athletes like Jeff. Our basketball players are very fortunate to have a trainer of Jeff's caliber.

***George Reed,
Announcer & Music***

George Reed, the Voice of the Lobos, is also MPC's Media Technician. George is the source behind all the music and sound effects you hear at the Lobos Basketball games. Thanks George.

***Larry Walker
Director of EOP & S***

Larry not only assists our players that have qualified for his program but also provides support for all of our players. Larry earned his AA degree and played basketball two years for the Lobos before moving on to compete at Sacramento State University.

***Renee D'Acquisto
Equipment Manager and Statistician***

Renee D'Acquisto is entering her 18th year with the Lobos. Renee is in charge of all the equipment, practice gear, and game uniforms. Renee has been a valuable asset to the basketball program. Renee also is an MPC alum where she played softball for her two years here. We appreciate the time and work that Renee has given to our basketball program over the years.

***Carsbia Anderson,
Vice-President of Student Services***

Although Mr. Anderson is an extremely busy person, he is a huge supporter MPC athletics and Men's Basketball. Carsbia received his AA degree and played football for the Lobos before moving on to compete for Washington State University.

***Sal Cardinale
Counselor***

Sal, Provides a great situation for the Lobos, counseling and guiding players through the academic requirements. Sal played a major role in the building of the MPC Basketball program, coaching the team from 1976-1990. Sal won back to back league titles in the 1979-1980 seasons, and establishing the school's best single season record with a 24-3 finish. Sal

LaRon Johnson
Counselor

LaRon also provides a great situation for the Lobos and there academic success. He is MPC's Athletic Academic Counselor. LaRon holds a BA in psychology from Cal and an MA in counseling from Notre Dame de Namur University.

also played for MPC in 1967-1969 under coach Larry Cummins.

Bruce Wilder
Audio/Visual

Bruce has been a huge help with the Lobos video equipment and we are very pleased to have his support.

Dr. Richard Kezirian
Chair of Lobos Hall of Fame
~~Dennis Johnson~~
~~Sociology Professor~~

MPC is very fortunate to have a college Athletic Hall of Fame. The Hall of Fame was started in 1990. The Lobos Hall of Fame currently has 53 members. Dr. Kezirian, on his spare time, is a full time history instructor at MPC.

Dennis has been a huge supporter of Lobos Basketball and his efforts and support are much appreciated

~~Dr. Richard Kezirian~~
~~Chair of Lobos Hall of Fame~~

~~MPC is very fortunate to have a college Athletic Hall of Fame. The Hall of Fame was started in 1990. The Lobos Hall of Fame currently has 53 members. Dr. Kezirian, on his spare time, is a full time history instructor at MPC.~~

Facilities

Library Technology Center

The Monterey Peninsula College Library Technology Center is a new three-story, 67,700 gross square foot, academic building housing a library, English labs, tutoring labs, and distance learning facilities. The Center will offer a technology intensive environment to access library resources and support language skills development and other instructional uses.

Approximately 400 data connections for desktop and laptop computers will be accessible to students, faculty, staff and community users for voice, video and data formats. Collaborative study rooms with media and personal computer equipment will be available to support student learning. A fully-wired distance learning room will be located next to the garden entry and will provide for web-based instruction, video conferencing, and community meetings.

Academic Support

Directed by Marilyn Wilcox, Marilyn is full of enthusiasm and energy and personally tutors our student athletes when necessary.

English Center

Wanda Lockwood is the Director of the Center. Wanda is very supportive and individually helps our student athletes when possible. The center offers drop in help on writing and has numerous computers with web access.

Math Lab

This is operated by the entire mathematics department. The center is set up for students to drop in for help when convenient. There is always a mathematics professor there to assist the students.

Business Skills Center

Directed by Randy Smith, offers numerous computers with internet access to all MPC students.

Fitness Center

The MPC Fitness Center is one of the best facilities in the county and it is available to all students and members of the community. MPC has been blessed with the opportunity to operate a high quality fitness establishment. The MPC Fitness Center includes a free weight room, a machine weight room, a large section of cardiovascular machines, and television and radio controls for your convenience.

Weight Room

There is a separate weight room from the Fitness Center that has all the modern free weights. There is also room for and many bumper plates for Olympic Lifting. MPC students are fortunate to have two workout and weight room facilities available to them.

Lobo Gym

Lobo Gym is located on the south east section of campus and has a maximum occupancy of 2,200.

Lobos Men's Basketball

Monterey Peninsula College

Summer Basketball Program

2004~~2003~~ Boys' Basketball Camps

Monterey Peninsula College Boys' Basketball Camps is one of the premier basketball camps on the Peninsula. Our goal is to give each camper as much time and attention on the court as they can handle, while at the same time helping each individual develop skills and knowledge to become a worthy team member, family member, and worthwhile citizen.

Monterey Peninsula College Boys Basketball Camps emphasize the importance of building a solid foundation of fundamental skills from which basketball excellence can be further developed. The outstanding Men's Basketball staff at MPC excels in teaching campers the fundamentals of basketball in a positive and enthusiastic environment. Each day the staff utilizes a progression of drills, games, and fun competitions designed to provide maximum opportunity for individual skill development and to generally increase campers' basketball knowledge and confidence.

The MPC Boys Basketball Camp is sponsored by the Basketball Office and directed by Blake Spiering, head basketball coach and Dedrick Brooks, assistant basketball coach. Camp will provide a wholesome atmosphere in which each youngster receives expert instruction in basketball activity as well as individual character development. Camp is carefully designed to inspire self-confidence through achievement. Camp will motivate youngsters to improve their talent and abilities. Areas covered include:

- | | | |
|--------------------|------------------------|--------------|
| * Ball Handling | * 3 on 3 Competition | * Team Games |
| * Dribbling Moves | * Passing & Receiving | * Rebounding |
| * Shooting Clinics | * Team Offense/Defense | * Footwork |
