History

Monterey Peninsula College (MPC) commenced its operation in September of 1947 on the campus of Monterey High School, holding classes from 4 p.m. to 10 p.m. daily. During this first year, 97 acres of land were purchased on Fremont Street. The following September, classes opened in converted barracks buildings with 280 students and 20 faculty members.

The campus was originally designed for approximately 1,000 students, but by 1957 the enrollment had approached this figure and it was evident that new buildings were necessary. The engineering building was constructed in 1958, the library in 1960, and the art and music center and swimming pool in 1962.

The junior college separated from the Monterey Union High School District in 1961 and became a separate junior college district. With this reorganization, the Carmel Unified School District and the Pacific Grove Unified School District became part of the Peninsula-wide junior college district.

The student population as well as the need for additional classrooms continued to grow. In 1965, the building program was renewed, and the “temporary” buildings of 1948 were replaced with new buildings for business, humanities, life sciences, physical education, physical sciences and social sciences. The Lecture Forum, the College Theater, and the Student Center were part of this campus renewal.

In 1971, the College recognized the need to meet the educational needs of the communities residing in the north side of its service area, comprised primarily of Marina and Seaside. During this time, Fort Ord was in full operation; therefore, the residents in these two communities consisted mostly of service men and women and their families. From 1971 to 1993, the College operated an education center at Fort Ord in cooperation with the U.S. Army, mainly for the benefit of armed forces personnel and their families. After the closing of the base, the Fort Ord Re-Use Authority (FORA) was formed to administer and oversee the distribution of the former Fort Ord property to various state, county and local agencies, including Monterey Peninsula College. Several properties were slated for conveyance to Monterey Peninsula College including a parcel on 12th Street in Marina and another on Colonel Durham Street in Seaside. These properties have been conveyed to the college; they include 1) the Education Center at Marina, and 2) the Public Safety Training Center in Seaside, which includes a Fire and Police Academy. However, the conveyance of other properties, including Parker Flats and the MOUT (Military Operations on Urban Terrain) has been delayed due to munitions cleanup requirements.

In 1982-83, Monterey Peninsula College was selected as the site for the Maurine Church Coburn School of Nursing, established with a grant from the Maurine Church Coburn Charitable Trust. The school is operated, in part, with support from the Community Hospital Foundation. During August 1988, the engineering building was remodeled with funds from the Community Hospital Foundation to house the School of Nursing. In 1999, further remodeling of this building was completed, and the second floor of the International Center was remodeled to meet office and classroom space needs.

Monterey Peninsula College has enjoyed tremendous support from its residents. In November 2002, local voters approved a \$145 million bond for facilities, infrastructure, and equipment at Monterey Peninsula College. Funds from the bond are being used to support the programmatic needs described in the College’s Educational/Facilities Master Plan, which includes the development of the Education Center at Marina located in the former Fort Ord.

In addition, in 2003, construction of the new Library and Technology Center at the entrance to the campus was completed, and a new Plant Services building was erected near the Automotive Technology program site.

Monterey Peninsula College is part of California’s public community college system of 113 campuses in 72 districts across the state. It is a comprehensive community college that responds to the educational, cultural, and recreational needs of the community, insofar as its resources permit. The College

serves the communities of Big Sur, Carmel, Carmel Valley, Del Rey Oaks, Marina, Monterey, Pacific Grove, Pebble Beach, Presidio of Monterey Annex, Sand City, and Seaside. Monterey Peninsula College classes are held on the Monterey campus, at the Education Center at Marina, at the Public Safety Training Center in Seaside, and at off-campus locations.

Completion and Transfer Rates

In compliance with Student Right-to-Know, Monterey Peninsula College makes the following information available regarding the completion and transfer rates of certificate or degree-seeking, first-time, full-time students entering the College, beginning Fall 2010 to Spring 2013 and annually thereafter. The rates do not represent the success rates of the entire student population at the College, nor do they account for student outcomes occurring after this three-year tracking period.

- Based on the cohort of first-time, full-time freshmen with a declared program of study, 28.85% attained a certificate or degree or became “transfer-prepared” during a three-year period from Fall 2011 to Spring 2014. Students who are transfer-prepared have completed 60 transferable units with a GPA of 2.0 or higher.
- Based on the cohort of first-time, full-time freshmen with a declared program of study, 16.05% transferred to another public institution in California (UC, CSU, or other California Community College) prior to attaining a degree or certificate during a five-semester period from Spring 2012 to Spring 2014.

Drug-Free Campus

It is the policy of the Monterey Peninsula College District to maintain a workplace free of the unlawful manufacture, distribution, dispensing, possession or use of controlled substances listed in Sections I through V of Section 202 of the Controlled Substances Act (21 United States Code Section 812), and revised schedules as published in the Code of Federal Regulations, Part 1308 of Title 21, Food and Drugs (alcoholic beverages, etc.).

For additional information regarding this policy contact Laurence Walker, Dean of Student Services, at (831) 645-1372.

Notice of Nondiscrimination

Monterey Peninsula College shall not discriminate on the basis of ethnic group, race, color, national origin, religion, sex (including sexual harassment), sexual orientation, handicap (or disability), or age in any of its policies, procedures, or practices, in compliance with Title VI of the Civil Rights Act of 1964 pertaining to race, color and national origin and Title IX of the Educational Amendments of 1972; section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act, pertaining to disabilities; and the Age Discrimination Act of 1975, pertaining to age. Limited English language skills will not be a barrier to admission to and participation in career technical education programs.

Persons who seek information and/or resolution of alleged acts of discrimination and/or resolution of sexual harassment are directed to contact Susan Kitagawa, Associate Dean of Human Resources, who serves as the Sexual Harassment Officer, at (831) 646-4014. This office is located in the Administration Building.

Open Enrollment Policy

It is the policy of this District that, unless specifically exempt by statute, every course, course section, or class, of which the attendance is reported for state aid, wherever offered and maintained by the District, is fully open to enrollment and participation by any person who has been admitted to the College, and who meets such prerequisites as may be established pursuant to Title 5 of the California Code of Regulations.

It is further the policy of the District in accordance with Title 5 that, where health, safety, legal requirements, or the facility is a limiting factor in the conduct of a course/program, fair and equitable admission requirements and procedures will be established to meet such limitation.

Pre-Collegiate Unit Limitation

Students are limited to enrolling in thirty units in pre-collegiate (300-level) courses. Students shall be notified when they have completed thirty units of pre-collegiate courses. A student who has reached this limit may petition the Academic Council for permission to exceed this limit providing that he/she has demonstrated satisfactory progress and the need to complete a stated number of pre-collegiate units to continue progress toward the completion of an educational plan. (MPC Board Policy Appendix 4130)

Sexual Harassment/ Assault Policy

The Monterey Peninsula College District is committed to all provisions of Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972 and other human rights and equal opportunity laws. It is the policy of the Monterey Peninsula College District to provide an educational, employment and business environment free of unwelcome sexual advances,

requests for sexual favors and other verbal or physical conduct or communications constituting sexual harassment or assault, as defined and otherwise prohibited by state and federal statutes.

If you believe that you are the victim of sexual harassment or assault, promptly report the behavior to a supervisor, manager, administrator, or the Associate Dean of Human Resources (the "Responsible Officer" for sexual harassment or assault complaints). If you make your report to anyone other than the Responsible Officer, that person will immediately notify the Responsible Officer of your complaint.

Copies of the District's Procedures for Complaints of Unlawful Discrimination, including sexual harassment, are available in the library, in Division Offices, in other offices providing student and employee services, and on the website www.mpc.edu/employment. For additional information regarding this policy, and the procedures for reporting incidents of sexual harassment or assault, contact Susan Kitagawa, Associate Dean of Human Resources, at (831) 646-4014 or the Human Resources Office in the Administration Building.

Smoking Policy

In the interest of protecting the health of students, employees, and visitors to the campus, smoking is prohibited within 20 feet of main entrances, exits, and operable windows of any MPC facility. Additionally, the use of tobacco – to include smoking and/or chewing any form of tobacco – is not permitted except in parking lots. Smoking is not permitted in Lower Parking Lot A during the hours of the Farmers' Market, International Center Staff Parking Lot, Parking Lot J, or the Business/Math/Computer Science driveway. Smoking is not allowed in campus-owned vehicles. (MPC Board Policy 2240)

Students, staff, and visitors who violate the smoking policy are subject to disciplinary procedures as detailed in the appropriate sections of the Board Policy.

Students with Disabilities

The College will make reasonable accommodations and/or academic adjustments to ensure that students with disabilities have an equal opportunity to participate in the College's courses, programs, and activities. Students with disabilities who are requesting academic accommodations, academic adjustments, auxiliary aids, services and/or educational assistance classes should contact the Access Resource Center at (831) 646-4070.

Participation by students with disabilities in the Access Resource Center is voluntary. Student Success and Support Program

Senate Bill 1456 revised and renamed the Matriculation Act of 1986 as the Seymour-Campbell Student Success Act of 2012. The new legislation referred to as the Student Success and Support Program began on January 1, 2013 and will be implemented through stages over a five-year period.

The Student Success and Support Program supports the transition of matriculated (non-exempt) new students into the college by providing them with required services in assessment, orientation, counseling/education planning, and follow-up. Students must complete assessment, orientation and education plan prior to their priority registration time.

College Responsibilities Include:

1. Providing clear policies reflecting Student's Rights and Responsibilities and other Student Success and Support Program policies.
2. Providing an admissions and records process that will enable the College to collect state-required information that will be used as a basis for providing services for students.
3. Providing an assessment process using multiple measures to determine academic readiness in English, reading, and math. These assessment results will be used by the College to assist students in the selection of academic courses. Additional assessments are available in areas of study/learning skills and career technical interests.
4. Providing an orientation process designed to acquaint students with College programs and services, facilities and grounds, academic expectations, and College policies and procedures.
5. Providing counseling services to assist students in course selection, development of a student education plan, and use of campus support services. Additional advisement and counseling assistance will be provided for students who have not declared educational goals, are enrolled in basic skills courses, are on academic probation/dismissal, or have been identified as high-risk students.
6. Providing the development of a comprehensive Student Education Plan once the student has identified a course of study.
7. Establishing a process to monitor students' progress and provide the necessary assistance toward meeting their educational goals.

Student Responsibilities Include:

1. Submitting official transcripts from all high schools and colleges attended.
2. Acquiring and reading the College catalog, Schedule of Classes, handouts, and other student materials which detail College policies and procedures.
3. Identifying an education and career goal upon admission.

4. Declaring a specific educational goal after completing a minimum of 15 units.

5. Participating in assessment, orientation, counseling/education planning and other follow-up services required by the Student Success and Support Program.

6. Diligently engaging in course activities and complete assigned coursework.

7. Completing courses and maintain progress toward an education goal and completing a course of study.

STEP Program

There are six important steps to take before beginning course work at Monterey Peninsula College:

- Admission
- Financial Aid (Optional)
- Orientation (online or in person)
- Assessment
- Counseling/Advisement (student education plan)
- Registration

The completion of these steps will expedite the enrollment process and greatly enhance chances for educational success. The College encourages all NEW students to participate in the STEP Program.

STEP ONE – Admission: Submit the Application for Admission and have transcripts mailed to the Admissions and Records Office.

STEP TWO – Financial Aid (optional): To learn more about the many different kinds of financial assistance that are available and how to apply, see pages 18-19, visit the Student Financial Services webpage at www.mpc.edu/financialaid or visit Student Financial Services in the Student Services Building.

STEP THREE – Orientation: Register for the course PERS 10 Orientation to College to receive information about educational programs, policies, and procedures of the College and the development of a Student Education Plan.

New transfer students who have completed orientation at another college should file the Orientation Verification Form with the Counseling Department. This form is available from the Counseling Department or on our website at www.mpc.edu/counseling. If orientation was not completed at another college, call (831) 646-1326 to make an appointment with the Matriculation Assistant Coordinator.

STEP FOUR – Assessment: All new matriculated students are required to participate in assessment. Students planning to take an English or math class (or course with English or math prerequisite) must have their skills assessed for placement. Assessment sessions are offered many times throughout the year and can take up to three hours to complete. The dates and times of these sessions can be viewed at www.mpc.edu/assessment

Assessments are available on a walk-in basis. Please check the assessment website at www.mpc.edu/assessment for available dates. Please call (831) 646-4027 with any questions. If a student has been exempt from taking assessments because of test scores or completion of prerequisite courses, the student must provide the Counseling Department with the score reports or transcripts.

Students with disabilities needing special accommodations for an assessment should contact the Access Resource Center to make arrangements. Telephone (831) 646-4070. TTY users may use 711 Relay Services.

The English Placement Test (EPT) is designed for native speakers of English. Students who speak English as a second language should take the ESL Placement Test (ESLPT) in order to be advised accurately. The ESLPT is offered throughout the year and takes about three hours to complete.

STEP FIVE – Counseling/Advisement (Education Plan):

New students who have completed assessment and orientation can schedule an appointment with a counselor in the Counseling Department at (831) 646-4020 to complete a Student Education Plan. All students receiving veteran’s benefits must meet with a counselor to complete a Student Education Plan.

STEP SIX – Registration: Upon the student’s completion of assessment, orientation, and counseling/advisement, check the priority registration dates in the Admissions and Records section of the MPC website, www.mpc.edu/admissions

Student Success and Support Program Exemption Policy

Students may be exempt from assessment, orientation, and/or counseling/advisement if they meet one of the exemption criteria listed below for each component. Students, however, may not be exempt from the admission or follow-up components. Students who do not meet approved Student Success and Support Program exemption criteria, but choose to be exempt from part of the matriculation components, may do so by completing a waiver form available from the Counseling Department.

Exemptions

Admissions

Eligibility

Anyone who is 18 years of age or older and is capable of profiting from instruction, or anyone who has a High School Diploma, a Certificate of Proficiency, or a Certificate of Completion is eligible to attend Monterey Peninsula College. Students who do not possess a high school diploma, a Certificate of Completion, or a GED, or did not pass the High School Proficiency Exam, may be required to take an independently administered exam to demonstrate their ability to benefit from instruction at MPC.

Monterey Peninsula College shall admit students who are capable of profiting from the instruction offered. In addition, the College shall admit:

- International students on F-1 or M-1 (student) visa with a minimum acceptable TOEFL score of 450 paper-based (or 133 computer-based; or 45 Internet-based), evidence of financial support during enrollment at the College, and approval of the International Student Programs designee.
- Undocumented students will be admitted as nonresidents unless they qualify for the California Nonresident Tuition Exemption under the law (AB540) that was passed by the legislature in 2001.

Registration Priorities

Monterey Peninsula College awards priority registration in accordance with state mandates and college policy. Priority registration status may be earned or lost. Actions such as successful matriculation may earn a student an earlier registration priority while actions such as poor academic status may cause a student to lose their registration priority. Students who have lost their registration priority and would like to appeal may petition the Academic Council. For Academic Council petitions please visit the Admissions and Records website. Priority registration for continuing students is based upon the number of units completed at Monterey Peninsula College and the in-progress units for the current semester. Units completed at other institutions will not be considered. Active military, Veterans, Foster Youth, DSPS, EOPS, CalWorks, TRIO/SSS, and student athletes have specific priority registration dates. Please visit the Admissions and Records website for more information.

The forms required in the admissions process are available on the MPC website (www.mpc.edu/admissions) and from the Admissions and Records Office.

As part of the admissions process, to assist the State of California in evaluating community college programs, social security numbers are requested. Social security numbers are required for students who apply for some types of financial aid and also for those who wish to obtain a 1098T tax form. All students will be assigned a Student Identification Number that will be used to conduct all MPC business.

New and Returning Students: All new and returning students must complete an Application for Admission prior to registering.

New Transfer Students: All new transfer students must submit an Application for Admission prior to registering. In addition, new transfer students who plan to seek a degree or certificate or receive veteran's educational benefits or financial aid at Monterey Peninsula College must have copies of official transcripts of previous college work submitted, by all colleges attended, directly to the Admissions and Records Office. Transcripts from other colleges are kept on file for three years after the student's last enrollment at Monterey Peninsula College.

Concurrent Enrollment Students (6th-12th Grades): A student currently enrolled in grades 6-12 must complete an Application for Admission and an approved Concurrent Enrollment Form each semester or session of enrollment. In addition, the student must have the recommendation of the school principal and parental approval. The College may restrict the admission or enrollment into any course or program based on age and/or completion of a specified grade level or demonstrated eligibility for instruction using approved assessment methods and procedures.

Admission Process: International Students

Monterey Peninsula College currently welcomes 40+ students from 20 countries. The International Student Programs Office offers comprehensive support and services to assist students (see International Student Programs, page 44). The following documentation is required by federal law in order to be considered for admission:

Conditional Admission: Students who have not taken the TOEFL, or who scored below 450 paper-based, 133 CBT or 45 iBT may be eligible for “conditional admission.” This means that applicants meeting the academic and financial requirements for admission to MPC will be accepted conditionally to begin intensive English language study at the Middlebury Institute of International Studies at Monterey (MIIS) ESL program: <http://www.miis.edu/academics/language/english>. Upon completion of study at the MIIS ESL program, and a positive recommendation from the MIIS ESL program director, plus the appropriate minimum TOEFL score, applicants will be accepted for full-time study at Monterey Peninsula College.

Residency

CALIFORNIA RESIDENTS:

This information applies to U.S. citizens, students on permanent resident visas, and students on visas that allow the establishment of residence. You may be asked to submit documentation to verify California residence.

Resident student classification for education purposes will be given to students 19 years of age or older who have resided in California for at least one year and one day prior to the beginning of the semester or session, and have “manifested the intent” to make California their residence one year and one day prior to the beginning of the semester or session. “Manifested the intent” means having the supporting documentation indicating the intention to make California one’s state of legal residence. This is normally done by filing state income tax forms as a resident, by voting as a resident, and not possessing documents contradicting California residence (e. g., paying state taxes to another state, voting absentee for another state, petitioning for a divorce in another state).

If a student is under 19 years of age and the student’s parent or legal guardian meets the conditions listed above, the student may qualify as a California resident upon completion of appropriate form.

Nonresident status is not changed automatically. Students previously classified as nonresidents must complete a “Request to be Classified as a California Resident” form. And if now requesting California resident status, this form, with required documentation, must be submitted to the Admissions and Records Office. Dependents of active duty U.S. military personnel assigned to California may be exempt from nonresident tuition upon completion of the U.S. Military Dependent Residence Statement. See the MPC website for a copy of the form. Residency may only be adjusted during the term in which the non-resident fees are billed. Upon the conclusion of the term, all fees become finalized. Residency will not be changed retroactively.

NONRESIDENTS:

Students not meeting the California residency requirement, including international students and students possessing visas which preclude them from establishing California residence, will be classified as “nonresidents” and are subject to nonresident tuition.

The law governing residence determination for tuition purposes may be found in the California Education Code and in Title 5 of the California Code of Regulations. A copy of the statutes and regulations is available for inspection in the Dean of Student Services Office or in the Admissions and Records Office.

Registration

Class Schedule

Each semester/session the College prepares a Schedule of Classes, available on the MPC website, which provides course offerings and descriptions. Registration dates and procedures, fees, and other information may also be found on the MPC website.

Procedures

Monterey Peninsula College students must use WebReg to register. All students must pay all past debts before registering.

Monterey Peninsula College has adopted a priority registration system for students to register. See the www.mpc.edu/admissions website for registration dates and times.

A student may not register for more than one class having the same course number which meets at different times, places or days during a given semester or session.

Students are responsible for ensuring that they are officially registered for the correct courses.

Students should always make and keep a copy of any completed transaction for their own records

Registration Changes: Adding and Dropping Classes

Add: Generally, a change which involves the addition of a course to a student's initial class schedule is considered an add. The exact dates during which a class may be added are available on the College website.

Drop: Students are responsible for dropping themselves from a class and must not expect faculty to initiate withdrawal procedures for them. Students may withdraw from semester-length courses through the last day of the 14th week of instruction or 75% of a semester-length class, whichever is less (or 60% of short-term classes). To officially withdraw from a course within the specified deadline, an eligible student may drop by logging onto WebReg from the College website (www.mpc.edu). For assistance with WebReg, please visit Admissions and Records.

Prerequisite Verification

The College has mandatory prerequisite verification. If a prerequisite course was completed at another institution, the Prerequisite Verification Form, with required documentation, must be completed and submitted to the Counseling Department in the Student Services Building. If a prerequisite course is in progress at another institution, it cannot be used for prerequisite verification until a final grade is earned. If the prerequisite course was completed at MPC before Fall 1995, complete the Prerequisite Verification Form and submit it to the Counseling Department who will check your MPC record. If the prerequisite course was completed at MPC in Fall 1995 or after, verification is not required.

Prerequisites and Corequisites Challenges

Some courses require students to meet certain conditions in order to register. A 'prerequisite' is a requirement that must be met before registering for a course. A 'corequisite' is a requirement that a student must enroll in simultaneously with another course.

A student may challenge a prerequisite by following the Prerequisite/Corequisite Challenge Procedures described below. NOTE: Challenge paperwork must be filed by the last day of regular late registration.

1. Pick up a Prerequisite Challenge Form from the Division Office responsible for the course you wish to challenge.
2. Complete the form by identifying one or more of the following reasons for seeking a challenge:
 - a. The prerequisite or corequisite is not reasonably available;
 - b. The student believes the prerequisite was established in violation of regulations or in violation of the District-approved processes;
 - c. The student believes the prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
 - d. The student has the documented knowledge or ability to succeed in the course without meeting the prerequisite or corequisite. (NOTE: Attach documentation to the prerequisite form for the department to review.)
3. File the completed Prerequisite Challenge Form with the Division.
4. Take the Counseling Copy of the Challenge Form to the Counseling Department in the Student Services Building for prerequisite clearance.
5. Enroll in the course which required the prerequisite challenge.
6. Department review must take no longer than five working days. Check with department's schedule for review of challenges.
7. A copy of the Prerequisite Challenge Form will be forwarded by the department/division to the Dean of Student Services office indicating that the challenge was approved or denied. If the challenge is denied, the student will be dropped from the course.

Fees

Fees and tuition are due and payable at the time of registration using cash, check, money order, VISA, or MasterCard. Visa and MasterCard may be used when registering by WebReg.

All fees and tuition charges are subject to change without prior notification.

Expenses

Community College Enrollment Fee: Students are required to pay an Enrollment Fee of \$46.00 per unit. No Enrollment Fee is required of a student who is a California resident and a recipient of benefits under the Temporary Assistance for Needy Families Program, the Supplementary Security Income/State Supplementary Program, or the General Assistance Program. Eligibility is determined by Student Financial Services prior to registering. The Enrollment Fee is refundable for courses dropped by the end of the second week for semester-length courses and by the first class meeting for courses that are more than one week in length but less than a semester.

Early Childhood Laboratory School Fee: An optional \$3.00 fee can be designated to support the Early Childhood Laboratory School on campus. The Early Childhood Laboratory School fee is a donation and is nonrefundable.

Health Fee: The Health Fee of \$19.00 per semester or \$16.00 for summer session is required of all students. Exemptions to the fee may be made through Student Health Services, before registering, for students who use prayer for healing (which must be verified in writing by the College Nurse).

The Health Fee is refundable if all courses are dropped by the end of the second week for semester-length courses or by the second class meeting for courses that are more than one week in length but less than a semester.

Instructional Materials Charge: Monterey Peninsula College may require students enrolling in some courses to pay materials charges, if the materials required for the class/lab are used in the production of an end product and have continuing value to students outside the classroom/lab. Materials charges are refundable through the second week of instruction for semester-length courses and before the second class meeting for courses less than semester-length.

Nonresident Tuition: Students classified as nonresidents must also pay nonresident tuition. Nonresident tuition for the 2016-2017 academic year is \$211.00 per unit in addition to the Enrollment Fee. Nonresident tuition is refundable for courses dropped by the end of the third week for semester length courses and by the third class meeting for courses that are more than one week in length but less than a semester.

Parking Permits: Parking permits may be purchased by students. The fee is \$2 daily, \$50 per semester, or \$90 for an annual parking permit. Vehicles without parking permits must display a daily permit. A discounted fall/spring/summer annual permit is sold in fall. No partial refund will be given for the difference between semester-rate and annual parking permits. The Parking Permit must be returned, if received, to the Admissions and Records Office within the first two weeks of the semester or by the second class meeting for courses less than semester-length. For students who have not received a permit by the refund deadline, a refund request must be received by the deadline, or no parking refund will be given. If unpaid, the charge will remain owed to the college. Please check the Admissions and Records website for ordering and fee information.

Student Body Fee: The \$5.00 picture ID supports Student Government and entitles the student to local merchants' discounts, ASMPCC short-term emergency loans, free or reduced admission to all sporting events, dances, and other cultural, social or academic activities sponsored by Monterey Peninsula College. The Student Body Fee is refundable if all courses are dropped by the end of the second week for semester-length courses or by the second class meeting for courses that are more than one week in length but less than a semester. Students requesting a waiver from the Student Body Fee must submit the Student Body Fee Waiver Form. The form is available on the MPC website, at the Admissions and Records Office, and at the Student Activities Office.

Student Center Use Fee: The Student Center Use Fee of \$10.00 per semester or \$5.00 for summer session is required of all students taking at least one course (excluding online and weekend-only courses) on the Monterey campus. This fee helps to repay a government loan which was obtained to build and maintain the Student Center. The Student Center Use Fee is refundable if all courses are dropped by the end of the second week for semester-length courses and by the second class meeting for courses that are more than one week in length but less than a semester.

Student Representation Fee: This fee of \$1.00 is collected at the time of registration for the purpose of providing student government representatives the means to travel and attend conferences to enhance their goal in bringing forth the students' viewpoints before any political entity. The Student Representation Fee is refundable if all courses are dropped by the end of the second week for semester-length courses and by the second class meeting for courses that are more than one week in length but less than a semester. Students requesting a waiver from the Student Representation Fee must submit the Student Representation Fee Waiver Form. The form is available on the MPC website, at the Admissions and Records Office, and at the Student Activities Office.

Textbooks: Textbooks are essential and though prices vary, textbooks for most classes are approximately \$100.00. Textbooks for accounting, nursing, math and drafting classes can be \$150.00 or more.

Transcript Fee: Upon the official request of the student, official transcripts are issued by the Admissions and Records Office. The first two copies of a student's transcript requested in a lifetime, under normal procedures, are provided at no charge. After the first two copies, transcript fees apply. Rush service is available for an additional cost. Transcript processing time may take up to ten business days. Transcripts cannot be released if the student has any outstanding debts and/or obligations due the District. College policy does not permit the faxing of transcripts. Transcripts from high school and other colleges will not be forwarded by MPC. Unofficial transcripts for students who attended MPC since 1995 are available on our website (www.mpc.edu): click on WebReg. To request an official transcript, log on to WebReg or visit www.studentclearinghouse.org

Refunds – Fees

Students requesting refunds of the Student Center Use Fee, Health Fee, Student Body Fee, and/or Student Representation Fee, must drop all courses before the end of the second week of instruction for semester-length courses, and by the second class meeting for courses that are more than one week in length but less than a semester. The same applies to the Enrollment Fee and material charges. For distance learning courses less than semester-length, the refund deadline is the second day after the official start date. Refunds will not be authorized for courses not dropped by the appropriate deadline.

Nonresident tuition is refundable for classes officially dropped during the first three weeks of the semester for semester-length courses, and by the third class meeting for courses that are more than one week in length but less than a semester. Non-resident tuition will not be refunded if courses are not dropped by the appropriate deadline.

A refund processing fee of \$10 per semester/session may be withheld from the refund of the Enrollment Fee for courses dropped that have not been canceled by the College.

Refund Request Process

It is the student's responsibility to drop courses by the correct deadline. Only Enrollment Fees are automatically refunded. A Refund Request form, available on our website and at the Admissions and Records Office, must be completed and submitted to the Admissions and Records Office before the end of the semester or session in which a refund is due; otherwise no refund will be made. Any fee/tuition collected for a class that is canceled by the College or collected in error is refundable upon application. Requests for refunds must be made **ONLY** through the Admissions and Records Office. Refund checks are mailed or credited to credit card accounts by Fiscal Services.

Canceled Classes

Any fee/tuition collected for a class that is canceled by the College or that is collected in error is refundable upon request. Refund Request forms are available at the Admissions and Records Office and on our website.

Exception to the Refund of Fees Policy

Any exception to the refund policy, because of extenuating circumstances, may be made to the Academic Council, upon student petition, before the end of the semester/session in which the refund is being requested. Academic Council petitions are available at the Admissions and Records Office and on the MPC website.

Refunds – Textbooks

See College Bookstore on page 43 for refund policy.

Academic Information

Academic Policies

Auditing

District policy prohibits the auditing of courses. Students must enroll in each course, and classes cannot overlap in time; students may enroll in only one course in a scheduled time period.

Course Repetition and Withdrawal Changes

Effective Summer 2012, Monterey Peninsula College implemented new limitations regarding course repetitions and withdrawals in a single course. These changes were mandated by the Board of Governor's Title 5 regulations. Students repeating a course in which they previously received a substandard grade of D, F, NC, NP, and/or a non-evaluative symbol of W (Withdrawal) may be limited to a total of three enrollments.

Students are advised to carefully choose their courses each term to ensure successful completion. This new regulation is retroactive to Fall 1995. Therefore, some students may find that they have already exhausted the repeat and withdrawal limitation of three enrollments.

Students should click on "View Grades" on WebReg to review their current unofficial transcript in an effort to determine how they may be affected by this new policy. Contact the Admissions and Records Office at (831) 646-4002 if you have further questions. You may also speak with a counselor.

Course Repetition

A student may repeat a course only under the following conditions:

1. the student's prior evaluative grade in the course is a "D," "F," "NC," or "NP," or the student withdrew from the course and received a "W"; after the second attempt and received D, F, NC, or NP, the student will be required to petition the Academic Council for a third and fourth final attempt; or
2. the College catalog designates the course as repeatable and the number of times it may be repeated; or
3. the student receives prior written permission from the Academic Council when the student can demonstrate that the course must be repeated in order to make progress toward employment and certification.
4. Cooperative Work Experience, intercollegiate athletics, and DSPS (Disability Support Programs and Services) courses may require a petition.

Grading

The following symbols are used to record student progress:

Symbol	Definition
Evaluative	
A	Excellent
B	Good
C	Satisfactory
D	Passing, less than satisfactory
F	Failing
P	Pass (at least satisfactory ["C" or better])
NP	No Pass (less than satisfactory ["D" or "F"])
Non-evaluative	
I	Incomplete
IP	In Progress
MW	Military Withdrawal
RD	Report Delayed
W	Withdrawal

Expanded Definitions:

Pass (P)

A "P" grade indicates completion of work with a grade of "C" or better. "P" does not affect a student's grade point average. A maximum of 20 units of "P" may be applied towards the associate degree. Departments may require majors to obtain letter grades in all courses specifically required for that major, provided the letter grade option exists.

No Pass (NP)

An "NP" grade indicates completion of work with a grade of "D" or "F." "NP" does not affect a student's grade point average. However, the course in which an "NP" grade is earned will not apply towards graduation, and the grade shall be considered in probation and dismissal procedures.

Incomplete (I)

An Incomplete ("I") grade may be assigned by an instructor only when a student has failed to complete course work at the end of the semester or session for unforeseeable, emergency, and justifiable reasons. The condition for removal of the "I" will be stated on a written form by the instructor and signed by both the student and the instructor. The grade to be assigned, if the conditions are not met, also must be indicated and will be changed on the student's record if the work is not completed within one year. A copy of the form must be given to the student by the instructor with the original on file at the Admissions and Records Office. A final grade may be assigned by the instructor within one year when the work stipulated has been completed and evaluated. A Change of Grade Form must be submitted by the instructor to the Admissions and Records Office. Students must complete the coursework within one year and may not register for the course in order to make up the incomplete work. The "I" grade is not used in calculating a grade point average but is used as a factor in determining progress probation and progress dismissal status.

In Progress (IP)

An In Progress (“IP”) grade denotes that the class extends beyond the normal end of the academic semester/session and that the assignment of a grade must await completion of the course. The “IP” will remain on the student’s record in order to satisfy enrollment documentation. The appropriate grade and units will be assigned when the course has ended. The “IP” grade is not used in calculating the grade point average or probation and dismissal status.

Report Delayed (RD)

The Report Delayed (“RD”) denotes a delay in reporting the grade of a student due to circumstances beyond the control of the student. “RD” is a temporary notation and will be replaced by a permanent symbol as soon as possible. “RD” is not used in calculating the grade point average.

Military Withdrawal (MW)

The “MW” will be assigned, upon verification of such orders, only to students who are members of an active or reserve military service, and who receive orders compelling a withdrawal from courses. “MW” will not be counted in progress probation and dismissal calculations.

Withdrawal (W)

Withdrawal from a class or classes is authorized through the last day of the 14th week or 75% of instruction, whichever is earlier, for semester-length classes or 60% of a short-term class. No notation (“W” or other) will be made on the academic record of the student who withdraws during the first two weeks of full-term classes or 20% of a short-term class. Withdrawal after this period and up to the 14th week or 75% of instruction, whichever is earlier, for semester-length classes or 60% of a short-term class will be recorded as a “W” on the student’s record. A student who remains in a class beyond this period must receive an evaluative grade, unless an exception is made by the Academic Council when a student petition demonstrates that the withdrawal is beyond the student’s control, such as illness, accident, or other circumstances.

Prior to the drop deadline for a class, a student may initiate a withdrawal for any reason. An instructor may initiate a withdrawal when the student is failing to meet course attendance requirements, resulting in unsatisfactory progress.

The “W” will not be used in calculating grade point averages, but excessive “W” grades are used as factors in progress probation and progress dismissal.

Grading Option

Monterey Peninsula College offers:

- some courses solely on the standard letter (A-F) grade basis;
- some courses solely on the pass/no pass (P/NP) grade basis;
- some courses in which the student may choose to complete the course on either a letter grade or a pass/no pass (LG-P/NP) grade basis. The default for this option is letter grade.

Offering courses for pass/no pass grades provides students with the opportunity to explore areas outside their current interest without undue concern for their grade point average.

This policy also recognizes that a standard letter grade may not always measure the value of a course to an individual student. Pass/no pass grading enables students to enroll in courses on a pass/no pass basis to improve basic skills; to provide educational opportunities to pursue studies not in the major field; and to explore general education. Each department determines the courses it will designate for pass/no pass grading.

If P/NP is an option for a course and the student wishes to take the course for P/NP, the student may request this option through WebReg. This option must be requested within 25% of the course or by the end of the fourth week for semester-length courses. All courses numbered 300 and above are always offered on the P/NP option, if graded.

Grade Point Average (GPA)

A grade point average (GPA) is a computation based on the value of the letter grade (A-F) for each course, the number of units associated with each course, and the total number of units attempted.

Letter Grade	Grade Points per unit
A	4.0
B	3.0
C	2.0
D	1.0
F	0.0

The semester GPA (grade point average) is calculated by dividing the total number of grade points earned in that semester by the total number of units attempted in letter-graded courses for that semester.

The cumulative GPA (grade point average) is calculated by dividing the total number of grade points earned by the total number of units attempted in letter-graded courses.

In course repetition for substandard work, the grade earned in the last enrollment will be used in determining the units attempted, completed, and grade points earned. Transcripts are not audited; students must inform the Admissions and Records Office of courses repeated for substandard grades. Grades awarded for courses repeated, under provisions of special circumstances other than for substandard work, will not be counted in calculating a student’s grade point average.

Graduation

Graduation Requirements and Catalog Rights

- Graduation requirements are subject to change.
- Graduation requirements are determined based on several conditions:
 - a. if MPC enrollment is continuous (enrolled in at least one credit course during an academic year), then graduation requirements are taken from either the catalog in effect at the time of first enrollment at MPC or the catalog in effect at the time of the petition to graduate;
 - b. if a break in MPC enrollment occurs (there is no record of a credit course on the transcript for an academic year) and the student does not return to MPC, then graduation requirements are determined according to the catalog in effect at the time of last enrollment at MPC or at the time of entry into continuous enrollment at MPC;
 - c. if a break in MPC enrollment occurs (there is no record of a credit course on the transcript for an academic year) and the student does return to MPC, then graduation requirements can be taken from either the catalog in effect at the time of re-entry into continuous enrollment at MPC or the catalog in effect at the time of the petition to graduate.
- Each new catalog year begins with the fall semester and includes the following spring semester and summer session.
- Students may not complete general education requirements under one catalog and major requirements under a different catalog.
- Students wishing to use a course to fulfill a General Education requirement must be sure that the course is approved for the academic year in which it is taken. The general education form changes each year. It is advised that students meet with a counselor regularly to review any changes. If a course is taken before it is approved for inclusion, or after it is removed from the list, it cannot be used to meet the area requirement.
- Requests for exception to this policy may be addressed by submitting a petition to the Academic Council.

Graduation Petition

Students who expect to graduate from the College must file a petition to graduate with the Admissions and Records Office. The form is available in the Admissions and Records Office and in their section of the website.

All external transcripts, military records, advanced placement scores, International Baccalaureate scores, CLEP scores, and counselor course evaluations must be on file in the Admissions and Records Office by the following petition deadlines:

Graduation Month	Deadline to Receive Materials (projected dates)
------------------	--

DECEMBER	NOVEMBER 1
JUNE	MAY 1
AUGUST	JULY 1

Students are advised to make an appointment with a counselor to evaluate eligibility for the associate degree. A counselor's signature is required on all degree petitions.

Commencement

Commencement is held once a year, in June, for students who have completed the requirements for their degree any semester during the school year, including the previous summer session.

Exceptions to Regulations and Requirements

Requests for exceptions to the admissions, academic, and curricular regulations may be made by petition to the Academic Council. Exceptions are made only for extenuating circumstances. The Academic Council Petition form is available from the Admissions and Records Office and on the MPC website.

Other Credit

Advanced Placement (AP) Examinations

Students who complete the College Entrance Examination Board Advanced Placement exams with test scores of 5, 4, or 3, depending on the examination taken, may be granted credit. Contact the Counseling Department for course equivalency information.

Articulation of High School Courses

An articulation agreement enables students to receive either a course waiver or college credit for completion of courses at the secondary level, Regional Occupational Program, or Adult School which are comparable to courses offered at Monterey Peninsula College (MPC). The granting of a course waiver and/or college credit is based on the achievement of competencies through a course, or a sequence of courses, as defined on the Course Waiver or the Credit by Proficiency Examination which specifies the conditions of the articulation agreement. Students must initiate the process to receive a waiver or credit and enroll in the College and be in good standing prior to being granted articulated credit.

College Level Examination Program (CLEP)

An enrolled student may receive credit by requesting a transcript from the College Level Examination Program. Test score must be at a 50% minimum. A maximum of 30 units may be earned through CLEP. Contact the Counseling Department for course equivalency information.

Credit by Examination of Selected Monterey Peninsula College Courses

A student who has acquired knowledge and/or skills may be able to receive college credit for these achievements through an appropriate examination and may be awarded credit. A maximum of 30 units may be earned through credit by examination.

Credit granted by examination does not apply toward the 12-unit residency requirement. A registered student who has completed at least six units at Monterey Peninsula College may petition to receive college credit by comprehensive examination for a course on the approved Credit by Exam list available at the Admissions and Records Office. The student must have been enrolled during a prior term, be in good standing, enrolled in at least one other course during the semester/session the exam is administered, and pay appropriate unit fees for the course. The Credit by Exam course is not part of the current unit load. The units and grade earned will be recorded on the student's permanent record at the end of the semester/session in which the exam was completed. Contact the Admissions and Records Office for the procedure and current list of courses.

International Baccalaureate (IB) Examinations

Monterey Peninsula College considers for transfer credit highlevel International Baccalaureate examinations where a grade of 5, 6, or 7 has been earned. The official International Baccalaureate transcript must be submitted to the Admissions and Records Office for review once the student has enrolled. The number of credits awarded reflects the units of the equivalent course at the College. The examinations may also be used to meet prerequisites for other courses.

Transfer Credit

Students who attended another college prior to Monterey Peninsula College and plan to earn a degree, certificate or transfer to a four-year college or university must have official copies of previous college work submitted directly to the Admissions and Records Office. A student may receive credit towards the associate degree or certification for CSU-GE or IGETC (see pages 60-63) from Monterey Peninsula College if the courses were lower division, and the institution was regionally accredited at the time of attendance and listed in the Accredited Institutions of Post-Secondary Education. Contact the Counseling Department for course-to-course evaluation.

Military Credit

Veterans who submit a DD-214 may receive Area E general education credit towards the associate degree or certification for CSU GE's Area E from Monterey Peninsula College. DD-214 credit does not apply to the IGETC or as UC-transferable credit. Contact the Counseling Department for more information.

Credit may also be allowed for college-level USAFI courses and for formal courses taken at military services schools, if such credit is recommended in the American Council on Education (ACE) Guide.

Student Load

A full-time student must simultaneously carry a minimum of 12 units each semester. A student must complete an average of 15 degree-applicable units each semester, or 30 units each year, including summer session, to meet the requirements for an associate degree within two years.

Students are not permitted to register for more than 18 units each semester or for more than two courses, plus one physical activity course, for the summer session. Students capable of

successfully carrying an overload may be authorized by a counselor to add excess units.

There are no minimum requirements for enrollment in the College, except for the purpose of qualifying for eligibility status. The following represents minimum load eligibility requirements:

	Full-length semester	8-week session	6-week session
Athletic eligibility	12 units	*	*
Veteran's benefits	12 units (full pay) 9 units (3/4 pay) 6 units (1/2 pay)	6 units (full pay) — 3 units (1/2 pay)	4 units (full pay) — 2 units (1/2 pay)
International students (F-1/M-1 visas only)	12 units

*Consult Physical Education Department.

**Varies with the specific loan, grant or scholarship. Contact Student Financial Services.

Academic Standards

Academic/Progress Probation

Students are not evaluated for probation until they have enrolled in 12.0 units at Monterey Peninsula College.

Academic Probation

A student who has attempted at least 12 units at Monterey Peninsula College will be placed on academic probation when he/she has earned a grade point average below 2.0 in all accumulated units with evaluative grades or was readmitted after academic dismissal.

Removal from Academic Probation

A student shall be removed from academic probation whenever he/she has achieved a cumulative grade point average of 2.0 or higher in all accumulated units with evaluative grades.

Progress Probation

A student who has enrolled in at least 12 units at Monterey Peninsula College will be placed on progress probation when the cumulative percentage of "W," "I," and "NP" units at Monterey Peninsula College reaches or exceeds 50% of all units attempted at the College.

Removal from Progress Probation

A student will be removed from progress probation whenever a student completes more than 50% of all units attempted at the College.

Academic/Progress Dismissal and Readmission

Academic Dismissal

A student on academic probation shall be dismissed when the student's cumulative grade point average is below 2.0 for two consecutive semesters.

Academic Readmission

Upon petition to the Academic Council, a student who has been dismissed for academic reasons may be readmitted. The student must see an MPC counselor and complete and submit the "Petition for Readmission" form to the Academic Council.

Upon readmission the student is placed on academic probation and must earn at least a 2.0 ("C") cumulative grade point average in order to continue enrollment.

Progress Dismissal

A student who has been on progress probation for two consecutive semesters will be dismissed when, for the third consecutive semester, the student has "W," "I," and/or "NP" grades in 50% or more of all units attempted.

Progress Readmission

Upon petition to the Academic Council, a student who has been dismissed for progress reasons may be readmitted. The student must see an MPC counselor and completes and submits the "Petition for Readmission" form to the Academic Council.

Academic Renewal

There are instances when a student's past academic record is not reflective of the student's current, demonstrated level of academic performance. The intent of the academic renewal policy is to prevent past substandard grades ("D" or "F") from deterring a student's progress toward employment, graduation, certification, or transfer. A student may request that his/her MPC record be reviewed for academic renewal action by petitioning the Academic Council. The student must explain on the petition how the past record is deterring progress toward employment, graduation, certification, or transfer. If the Academic Council determines that such progress is being deterred, academic renewal will be granted under the following conditions:

1. The student has achieved a grade point average of 2.0 or higher in the last 15 units of letter grades at MPC or any regionally accredited institution. The student will include an official transcript showing eligible units with his or her petition.
2. There has been at least a two-calendar year lapse of time between the time of the most recent units earned and the time of the units to be alleviated.
3. If both of the above conditions are met, academic renewal action will be granted, which consists of either:
 - a. Elimination from consideration in the cumulative Monterey Peninsula College grade point average of up to 18 units of substandard academic work. Student selected substandard grades shall be so excluded in the grade point average;

or

- b. Elimination from consideration in the cumulative MPC grade point average of up to 2 semesters of academic work. All units earned or attempted during the time period of the alleviated units shall be so excluded from the grade point average;
- c. Making a notation on the student's transcript indicating the grades that have been alleviated. All courses and grades remain visible on the transcript.

Academic renewal action taken by Monterey Peninsula College does not guarantee that other colleges or universities will accept such action. This determination will be made by the respective institutions.

Students petitioning for academic renewal will be required to meet with a counselor to review their transcripts and complete a supplemental worksheet before sending their petition to the Academic Council. A counselor signature will be required on the Academic Council Petition before submission.

Attendance

Regular attendance and consistent study are student responsibilities. A college student is expected to attend all class meetings. Failure to attend class may prevent a student from participating fully in the educational process, thus causing the student to underperform academically. Failure to attend class may also result in being dropped from class. Each instructor establishes the standards in the syllabus. It is the student's responsibility to know the attendance requirements in each class and to be aware of his/her attendance status. When the student has been absent or expects to be absent from a class, he/she should notify the instructor of the reason for the absence.

Veterans – Attendance and Progress

Veterans and eligible dependents must initiate their claim for educational benefits through the Veteran's Office on campus. After classes begin, students are required to stop by the Veteran's Office to promptly notify them of any changes in their classes or contact information.

The College maintains a written record of previous education and training of the veteran or eligible person. The College is required to report the appropriate credit accepted by the College for previous education and training.

Students receiving VA education benefits must maintain both satisfactory attendance and a grade point average (GPA) of 2.00 or higher. If a student is placed on academic or progress dismissal, the student will not be certified for VA education benefits until the student has seen a counselor and petitioned for readmission. If readmitted, a veteran who is dismissed should contact the MPC Veteran's Office for specific details concerning continued certification of VA education benefits.

Final Examinations

A schedule of final examinations for on-campus day classes is available on the MPC website. Students are expected to take examinations when scheduled. Final examinations for other classes are announced in the class. Please contact your instructor for more information.

Plagiarism and Cheating

Academic honesty is a cornerstone of the educational community; therefore, students are expected to understand the standards of academic honesty as they pertain to students' behavior in the classroom.

Plagiarism

It is important for students to acknowledge sources that are used for completing classroom assignments. Plagiarism is a form of academic dishonesty.

Plagiarism may be any one of the following:

1. Verbatim copying without proper documentation of the source(s).
2. Paraphrasing without proper documentation of the source(s).
3. Unacknowledged appropriation of information or ideas from someone else.

If students have any questions about these forms of plagiarism or about an assignment they are preparing, they should ask their instructor for clarification rather than risk unintentional plagiarism.

Cheating

It is important for students to act in an honest and trustworthy manner. Work performed on examinations or other forms of evaluation must represent an individual's own work, knowledge and experience of the subject matter. Students are expected to follow the classroom rules established by the instructor.

Cheating may be any one of the following:

1. Unauthorized looking at or procuring information from any unauthorized sources or from another student's work during an examination or from any work that will be graded or given points.
2. Unauthorized acquiring, reading or learning of test questions prior to the testing date and time.
3. Changing any portion of a returned graded test or report and resubmitting it as an original work to be regraded.
4. Presenting the work of another as one's own for a grade or points.
5. Knowingly assisting another student in cheating.

This list is not all-inclusive and the list itself is not meant to limit the definition of cheating to just these items mentioned.

Consequences

The disciplinary action for cheating or plagiarism is up to the discretion of the instructor. The instructor may select one or more of the following options:

1. Issue an oral or written notification and warn the student that further acts of this sort will result in additional disciplinary action.
2. Issue an "NP" or a failing grade ("F") or "0" for the assignment in question.
3. Refer the student to the Vice President of Student Services for disciplinary action.

Scholastic Honors

Highest Honors are awarded to the student whose semester grade point average is 4.0; High Honors to the student whose grade point average is 3.50-3.99; and Honors to the student whose grade point average is 3.0-3.49.

Monterey Peninsula College sponsors Chi Chapter of Alpha Gamma Sigma, the California Community College Honor Scholarship Society, and Phi Theta Kappa, the International Honor Society for community college students. Eligibility for initial, temporary, continuing, and permanent memberships depends on scholastic performance, cumulatively and by semesters.

Student Records

Impoundment of Student Records

Students who fail to comply with College rules or regulations, return property owned by the College, pay debts owed to the College, or pay for damaged College property may not be allowed to register, receive certificates and/or degrees, have official transcripts forwarded, and/or receive other services related to student records. When the student has cleared the obligation with the College, the impoundment of records will be released.

Transcripts

Only course work taken at MPC will appear on the transcript. Please visit the college website for ordering and fee information (more on page 17).

Prioridades para la inscripción

Monterey Peninsula College concede prioridad en la inscripción de acuerdo a los mandatos estatales y a la política de la universidad. El estatus de la inscripción prioritaria se puede adquirir o perder. Las acciones tales como una matriculación exitosa pueden hacer que un estudiante obtenga una prioridad anticipada en la inscripción, mientras que las acciones tales como un estatus académico insatisfactorio podrían hacer que el estudiante pierda su prioridad en la inscripción. Los estudiantes que hayan perdido su prioridad en la inscripción y quieran apelar, podrían dirigir su petición al Consejo Académico. Para las peticiones al Consejo Académico, visite el sitio web de Admisiones y Registros. La inscripción prioritaria para los estudiantes que continúan se basa en la cantidad de unidades completadas en Monterey Peninsula College y en las unidades en progreso para el semestre actual. Las unidades completadas en otras instituciones no se considerarán. Personal militar activo, los estudiantes veteranos, Foster Youth, DSPS, EOPS, CalWorks, TRIO/SSS y los estudiantes atletas tienen fechas de inscripción prioritaria específicas. Por favor, visite el sitio web de Admisiones y Registros para obtener más información.

Como parte del proceso de admisiones, para ayudar al estado de California a evaluar los programas de las universidades comunitarias (o institutos de educación superior), se exigen los números de seguro social. Los números de seguro social son obligatorios para estudiantes que solicitan ciertos tipos de ayuda financiera y aquellos que deseen obtener un formulario de impuestos 1098T. Se les asignará a todos los estudiantes un Número de Identificación de Estudiante que será usado para todos los asuntos de MPC.

Estudiantes nuevos y antiguos: todos los estudiantes nuevos y antiguos deben completar una Solicitud de Admisión antes de la inscripción.

Estudiantes recientemente transferidos: Todos los estudiantes recientemente transferidos deben presentar una Solicitud de Admisión antes de la inscripción. Adicionalmente, los estudiantes de transferencia nuevos que planean obtener un título o certificado o recibir beneficios educativos para veteranos o ayuda financiera en Monterey Peninsula College deben pedir que las escuelas a las que asistieron envíen copias oficiales de sus certificados académicos mostrando su trabajo en la institución educativa previa directamente a la Oficina de Admisiones y Registros (Admissions and Records Office). Los expedientes académicos de otros colegios se archivan durante tres años después de la última inscripción del estudiante en Monterey Peninsula College.

Estudiantes inscritos en forma simultánea (grados 6^{to}-12^{vo}):
Un estudiante que esté actualmente inscrito en sexto a doceavo grado debe completar una solicitud de ingreso, una declaración de residencia legal y un formulario de inscripción concurrente autorizado cada semestre o sesión de inscripción. Además, el estudiante debe poseer la recomendación del director de la escuela, y autorización de los padres. Los estudiantes que se encuentran en sexto-octavo grado deben contar con la aprobación adicional del Decano de Servicios Estudiantiles de MPC o la persona designada por él. No se otorgarán aprobaciones después de comenzadas las clases.

Un estudiante de 6^{to}-12^{vo} grado puede ser autorizado a ingresar sólo como estudiante especial de tiempo parcial y debe inscribirse

en cursos acreditados de la institución (cursos numerados 1-199).

La institución puede restringir la admisión o inscripción en cualquier curso o programa basándose en la edad y/o el haber completado un nivel académico específico o una idoneidad demostrada para la enseñanza usando métodos y procedimientos de evaluación aprobados.

Ingreso de alumnos internacionales

Hasta la fecha, Monterey Peninsula College ha recibido a 40+ alumnos de 20 países. La Oficina del Programa de Estudiantes Internacionales ofrece apoyo y servicios exhaustivos para ayudar a todos los alumnos (consulte la sección Programas de Alumnos Internacionales). Conforme a las leyes federales, para optar a ser admitido, se exigen los siguientes documentos:

Ingreso condicional: Los alumnos que no se han presentado al TOEFL, o cuya puntuación en el examen en papel ordinario ha sido de 450 o menos, 133 por computadora o 45 por Internet, podrán reunir los requisitos para que se les acepte en forma condicional. Eso significa que los solicitantes que cumplan con los requisitos académicos y financieros de ingreso a MPC serán aceptados con la condición de que comiencen un curso intensivo de inglés en el programa de ESL del Middlebury Institute of International Studies at Monterey (MIIS): <http://www.miiis.edu/academics/language/english>

Tras terminar el curso de ESL en MIIS y recibir una buena recomendación del director de dicho programa, además de la puntuación mínima correspondiente en el TOEFL, a los solicitantes se les podrá aceptar para que estudien a tiempo completo en Monterey Peninsula College.

Presupuesto: El costo de la enseñanza de MPC es de un mínimo de \$5,600 anuales para los alumnos de tiempo completo; aproximadamente \$9,000 por alojamiento y comida; \$800 por libros y útiles escolares, y \$1,592 de seguro médico; la suma de lo cual asciende a \$16,300 aproximadamente. Residencia

RESIDENTES DE CALIFORNIA

Esta información se aplica a los ciudadanos estadounidenses, a los estudiantes con visas de residencia permanente, y a los estudiantes con visas que permiten el establecimiento de una residencia. Se les podrá pedir que presenten documentos para comprobar su residencia en California.

A los alumnos de diecinueve años de edad o mayores que han residido en California durante un mínimo de un año y un día antes de comenzar el semestre o la sesión, y que han “manifestado su intención” de residir en California un año y un día antes de comenzar el semestre o la sesión, se les clasificará como alumnos residentes para efectos de educación. “Manifestar su intención” significa disponer de los documentos justificantes que indican la intención de hacer de California el estado donde uno reside legalmente, para lo cual se suele llenar el formulario de declaración de impuestos estatales como residente, votar como residente y no poseer documentos que contradigan la residencia de California (por ejemplo, pagar impuestos en otro estado, votar en ausencia para otro estado, solicitar un divorcio en otro estado).

Si un alumno es menor de diecinueve años de edad y sus padres o tutores cumplen con las condiciones antes mencionadas, dicho alumno reunirá los requisitos como residente de California tras la sumisión de la forma apropiada.

La categoría de no residente no cambia automáticamente.

Los alumnos clasificados anteriormente como no residentes deben llenar un formulario de Solicitud para Ser Clasificado Como Residente de California. Si ahora piden la categoría de Residente de California, dicho formulario, conjuntamente con los documentos exigidos, se debe entregar a la Oficina de Admisiones y Registros.

Una vez que llenen una Declaración de Residencia de Dependiente Militar de Estados Unidos, los dependientes de empleados activos de las Fuerzas Armadas de EE.UU. asignados a California podrán quedar exentos de pagar los derechos de matrícula que se cobran a los no residentes. El formulario se debe llenar cada semestre o sesión hasta que el dependiente declare su residencia en California. Para obtener una copia del formulario, consulte la página Web de MPC. La residencia deberá ajustarse solamente durante el plazo en el que se facturan los cargos de no-residente. Al finalizar el plazo, se terminarán los cargos. No se cambiará de residencia de manera retroactiva.

NO RESIDENTES:

Los alumnos que no cumplen con el requisito de residencia de California, tales como estudiantes internacionales y alumnos que disponen de visas que les impiden establecer residencia en California, serán clasificados como “no residentes” y quedarán sujetos a los derechos de matrícula que se cobran a los no residentes.

La ley aplicable a la determinación de residencia para efectos de la matrícula se encuentra en el Código de Educación de California y en el Título 5 del Código de Reglamentos de California. En la Oficina del Decano de Servicios al Alumno existe una copia de dichas leyes y reglamentos disponible al público.

Matrícula

Horario de clases

Para cada semestre o sesión, MPC prepara un horario de clases en la página Web de MPC donde se indican las fechas de matrícula exactas y se detallan los procedimientos de matrícula, los cursos que se ofrecen, los derechos de matrícula y demás información.

Asistencia como oyente

Los reglamentos generales del Distrito prohíben que los alumnos asistan como oyentes a los cursos. Dichos alumnos deberán matricularse en cada curso, y no habrán de coincidir los horarios de las clases. Los alumnos pueden matricularse únicamente en un curso por periodo programado.

Procedimientos de matrícula

Los estudiantes de Monterey Peninsula College deben utilizar la web (WebReg) para matricularse. A partir del otoño de 2011, Monterey Peninsula College ha adoptado un sistema de matriculación prioritaria para matricular a los estudiantes. El horario de matriculación prioritaria es de 7:00 a.m.-7:00 p.m. Sin embargo, el sistema se encuentra disponible las 24 horas del día. Los estudiantes que no pueden matricularse en su horario de matriculación prioritaria pueden hacerlo de 7:00 a.m.-7:00 p.m., de lunes a viernes, y en cualquier horario los sábados y domingos y durante el período de matriculación abierta. Por favor vaya a www.mpc.edu/admissions para obtener las fechas de matriculación prioritaria. Todo alumno debe pagar todas las deudas con MPC antes de matricularse.

Los alumnos no deberán matricularse en más de una clase que tenga el mismo número de curso que se reúna en horas, lugares o días distintos en cualquier semestre o sesión.

El alumno es responsable de cerciorarse de su matrícula oficial en los cursos apropiados. Los estudiantes siempre deben hacer y guardar una copia de cualquier transacción que realicen para conservarla en sus propios archivos.

Cambio de programa

Adición: En general, un cambio para el cual se necesita agregar un curso al horario inicial de clases de un alumno se considera como adición. Las fechas exactas durante las cuales el alumno puede agregar un curso aparecen en la página Web de MPC.

Abandono: El alumno tiene la responsabilidad de retirarse oficialmente de los cursos. Puede retirarse de los cursos de un semestre de duración hasta el último día de la cuarta semana de instrucción o al 75% de una clase de un semestre de duración (o al 60% de cursos de menos de un semestre de duración), lo que

sea menos. Para retirarse oficialmente de un curso dentro del plazo especificado, un estudiante que califique podrá abandonar una clase ingresando en WebReg del sitio Web (www.mpc.edu). Para obtener asistencia con WebReg, por favor visite la Oficina de Admisiones y Registros.

Verificación de prerrequisitos

La Universidad realiza una verificación de los prerrequisitos obligatorios. Si el o los cursos de prerrequisito fueron completados en otra universidad, se debe completar el Formulario de verificación de prerrequisitos junto con la documentación requerida y presentar todo ante el Departamento de consejería en el Edificio de servicios al estudiante. Si hay un prerrequisito en progreso en otra institución, no se podrá usar para la verificación del prerrequisito hasta haber logrado una calificación final. Si el o los cursos de prerrequisito fueron completados en MPC antes de 1995, complete el Formulario de verificación de prerrequisitos y preséntelo al Departamento de consejería a fin de que controlen su registro previo de MPC. Si el o los cursos de prerrequisito fueron completados en MPC en el otoño de 1995 o posteriormente, no es necesario el Formulario de verificación de prerrequisitos.

Cambios en la repetición y abandono de cursos

A partir del verano de 2012, Monterey Peninsula College implementó nuevas limitaciones con respecto a las repeticiones y abandonos en un curso. Estos cambios se dispusieron en el Título 5 del Reglamento del Consejo Superior. Los estudiantes que repitan un curso en el que previamente hayan recibido una calificación inferior a D, F, NC, NP o un símbolo no-evaluativo W (Abandono), podrán inscribirse hasta tres veces.

Se les recomienda a los estudiantes elegir sus cursos cuidadosamente cada trimestre para garantizar que los finalicen. Esta nueva normativa tiene carácter retroactivo al otoño de 1995. Por lo tanto, puede suceder que algunos estudiantes hayan agotado el límite de tres inscripciones por repetición y abandono.

Los estudiantes deben hacer clic en "View Grades" en Webreg para ver su historial académico actual no oficial para determinar la manera en que pueden verse afectados por esta nueva política. Si tiene más preguntas, comuníquese con la Oficina de Admisiones y Registros al número (831) 646-4002 y, en caso de duda, también puede consultarle a un consejero.

Repetición de cursos

El alumno podrá repetir un curso únicamente si cumple con las siguientes condiciones:

1. La nota de calificación anterior del alumno fue una D, F, NC o NP; o bien, el alumno se retiró del curso y recibió una W; después del segundo intento y de recibir una calificación de D, F, NC o NP, el estudiante deberá solicitar un tercer y último intento al consejo Académico; o
2. Se indica en el catálogo de MPC y en el horario de clases si el curso se puede repetir y el número de veces que se puede repetir; después del segundo intento y de recibir una calificación de D, F, o NP, el estudiante deberá solicitar un tercer intento al consejo Académico; o
3. El alumno recibe del Consejo Académico permiso previo por escrito si puede demostrar que debe repetir el curso para avanzar con el fin de obtener trabajo, graduarse, recibir un certificado o transferirse a otra universidad.

Número de Horas de Clases y de Estudio

El alumno de tiempo completo debe llevar un mínimo de doce unidades por semestre. Para cumplir con los requisitos del título de Asociado dentro de los dos años, el alumno debe concluir un promedio de quince unidades por semestre o treinta unidades por año, incluyendo la sesión de verano. Todos los cursos deberán ser aplicables a dicho título. No se le permite al alumno matricularse en más de dieciocho unidades en cada semestre ordinario; y para la sesión de verano, en más de dos cursos, más uno de actividad física. Los estudiantes que superen la cantidad máxima permitida pueden recibir autorización de un asesor para agregar unidades adicionales.

No se aplican requisitos mínimos para la inscripción en MPC, excepto con el propósito de calificar para el estatus de elegibilidad. Los siguientes representan los requisitos de elegibilidad de carga mínima:

1. Deportes: 12 unidades (consulte con el Departamento de Educación Física para averiguar el mínimo asignado a los semestres subsiguientes)
2. Beneficios de excombatientes de guerra: 12 unidades por pago íntegro de beneficios, 9 unidades por $\frac{3}{4}$ partes del pago, y 6 unidades por $\frac{1}{2}$ pago
3. Alumnos internacionales (únicamente para los que tienen las visas F-1/M-1): 12 unidades (comuníquese con Servicios Financieros Estudiantiles).

Programa de Éxito y Apoyo Estudiantil

Matriculación es un contrato entre MPC y el alumno cuyo objetivo consiste en definir y concretar las metas educativas del alumno. Dicho contrato abarca responsabilidades tanto para MPC como para el alumno propiamente dicho, y resulta en la creación de un Plan de educación estudiantil.

Las responsabilidades de MPC consisten en:

1. Ofrecer un proceso de admisiones y registros que le permita a MPC compilar información exigida por el estado que se utilizará como base para ofrecer servicios a los alumnos
2. Ofrecer un proceso de evaluación mediante la utilización de múltiples medidas para determinar la preparación académica del alumno en inglés, lectura y matemáticas. Los resultados de dicha evaluación serán utilizados por MPC para ayudar a los alumnos a seleccionar cursos académicos. Se ofrecen evaluaciones en diversas disciplinas de estudios, destrezas de aprendizaje e intereses vocacionales
3. Ofrecer un proceso de orientación diseñado para familiarizar a los alumnos con programas y servicios, instalaciones, expectativas académicas, normas generales y procedimientos de MPC
4. Ofrecer servicios de orientación para ayudar a los alumnos a seleccionar cursos, a crear planes educativos adaptados al alumno, y utilizar los servicios de apoyo del recinto. Se ofrecerán servicios adicionales de asesoramiento y orientación a los

alumnos que no han declarado sus metas educativas, que se encuentran matriculados en cursos de conocimientos básicos, en periodo de prueba o expulsión académica, o identificados como alumnos vulnerables

5. Establecer un proceso para seguir el progreso de los alumnos y la asistencia necesaria para que cumplan con sus metas educativas.

Las responsabilidades del alumno consisten en:

1. Presentar expedientes académicos oficiales de todas las escuelas secundarias y universidades a las cuales ha asistido
2. Obtener y leer el catálogo de MPC, el horario de clases, las hojas y demás materiales que se le ofrecen al alumno y en los cuales se detallan las normas generales y procedimientos de dicho centro
3. Indicar como mínimo una meta educativa general al ingresar
4. Declarar una meta educativa específica después de cursar un mínimo de quince unidades
5. Participar en la evaluación, orientación, servicios de orientación o asesoramiento y demás servicios de apoyo complementarios que MPC estima necesarios para que el alumno alcance las metas educativas que se propone
6. Asistir a todas las clases y cumplir con todo el trabajo de sus cursos
7. Terminar los cursos y seguir avanzando hacia los objetivos educativos establecidos.

Programa STEP

Existen seis pasos importantes que se deben seguir antes de comenzar un curso en Monterey Peninsula College:

- Ayuda financiera (opcional)
- Orientación (en línea o en persona)
- Evaluación
- Asesoramiento/Apoyo (Plan de educación estudiantil)
- Inscripción

El concluir dichos pasos agilizará el proceso de la matrícula y aumentará notablemente las oportunidades de lograr resultados fructuosos en el plano académico. MPC les aconseja a todos los alumnos NUEVOS participar en el programa STEP.

PASO UNO – Admisión: Presente la solicitud de ingreso y pida que se envíen por correo los expedientes académicos a la Oficina de Admisiones y Registros.

PASO DOS – Ayuda financiera (opcional): Considere la ayuda financiera si tiene dificultad para pagar. Para obtener más información sobre los diferentes tipos de ayuda financiera disponible y sobre cómo solicitarla, consulte la página 15, visite el sitio Web de los Servicios Financieros para Estudiantes en www.mpc.edu/financialaid, o bien visite los Servicios Financieros en el Centro de Estudiantes.

PASO TRES – Orientación: Complete la orientación en línea o inscribese en el curso PERS 10 (Introduction to College Success) para recibir información sobre los programas educativos, reglamentos generales y procedimientos de MPC y el desarrollo de un Plan Educativo del estudiante. Visite el sitio web de Orientación <http://www.mpc.edu/student-services/core-services/orientation> para aprender más sobre cómo completar este paso.

Los nuevos alumnos transferidos que sigan su introducción en otra universidad deberán presentar un formulario de Verificación de Introducción ante el Departamento de Orientación. Este formulario está disponible en <http://www.mpc.edu/student-services/core-services/orientation/do-i-have-to-attend-an-orientation>

PASO CUATRO – Evaluación: Los estudiantes que piensen tomar una clase de inglés o matemáticas (o un curso con un requisito previo de inglés o matemáticas) deben ser evaluados para asignarles el nivel adecuado. Las sesiones de evaluación se ofrecen varias veces durante el año y pueden durar hasta tres horas. Las fechas y horas de dichas sesiones se pueden ver en www.mpc.edu/assessment Las evaluaciones están disponibles en el campus. Compruebe el sitio web de evaluación www.mpc.edu/assessment para fechas disponibles. Por favor llame al (831) 646-4027 si tiene alguna pregunta. Si un estudiante está exento de la evaluación por sus calificaciones en exámenes o cursos de requisito previo, el estudiante debe proveer sus boletines de calificaciones o expediente académico al Departamento de Orientación.

Los estudiantes discapacitados que necesitan adaptaciones especiales para una evaluación deben comunicarse con el Centro de Acceso a los Recursos para hacer los arreglos necesarios. Teléfono (831) 646-4070. Los usuarios de TTY pueden usar 711 Relay Services.

El examen de asignación a cursos de inglés (English Placement Test – EPT) ha sido diseñado para alumnos cuyo idioma natal es el inglés. Los alumnos para quienes el inglés es un segundo idioma deberán presentar el examen de asignación a ESL (ESLPT) para que se le ofrezca el asesoramiento exacto. El examen ESLPT se ofrece todo el año y dura unas tres horas.

PASO CINCO – Asesoramiento/apoyo (plan de educación): Los nuevos alumnos que han sido evaluados y han terminado su evaluación de introducción pueden concertar una cita con un consejero a fin de preparar su plan de educación individual.

Todo alumno que recibe beneficios de excombatiente de guerra o asistencia financiera debe reunirse con un consejero para preparar su plan de educación individual.

PASO SEIS – Matrícula: Al terminar el alumno su evaluación, introducción y orientación o asesoramiento, consulte las fechas de matrícula por Internet en www.mpc.edu/admissions

El Consejo Académico podrá hacer toda excepción de las reglas generales sobre reintegros, debido a circunstancias atenuantes, previa solicitud del alumno, antes de que finalice el semestre o la sesión en la cual se solicita el reintegro. Las solicitudes de consejo académico se ofrecen en la Oficina de Admisiones y Registros y en la página Web de MPC.

Reintegros y libros de texto

Consulte la Librería de MPC en la página 37 para enterarse de las reglas generales sobre reintegros.

Ayuda Financiera

(www.mpc.edu/financiaid)

¿Qué es ayuda financiera?

La ayuda financiera (Financial Aid) es un recurso que se usa para suplementar, no reemplazar, la responsabilidad financiera de la familia. Estos fondos pueden ayudar al estudiante a cubrir los costos de asistencia, tales como la matrícula, las tarifas, el alojamiento y la comida, el transporte, y los gastos varios. Crterios Académicos

Plagio y conducta deshonesta

La honradez académica es la piedra angular de la comunidad educativa, por tanto, se da por sentado que el alumno entiende los criterios de honradez académica relacionados con su conducta en el aula.

Plagio

Es importante que los alumnos reconozcan las fuentes que utilicen para hacer las tareas asignadas en el aula. El plagio es una forma de falta de honradez académica.

Plagio puede ser cualquiera de las siguientes situaciones:

1. Copiar textualmente sin la debida justificación de las fuentes.
2. Parafrasear sin reconocer debidamente las fuentes.
3. Apoderarse de información o ideas de otras personas sin darles su reconocimiento.

Si el alumno tiene alguna pregunta sobre los tipos de plagio mencionados o sobre la tarea que está preparando, en lugar de correr el riesgo de cometer plagio sin querer, deberá pedirle al instructor que le aclare la situación.

Conducta deshonesta

Es importante que el alumno actúe en forma honrada y digna de confianza. El trabajo que se realiza en exámenes o demás tipos de evaluación debe representar el trabajo, los conocimientos y la experiencia en el tema propios de la persona. Se da por sentado que el alumno habrá de seguir los reglamentos académicos establecidos por el instructor.

Las siguientes situaciones pueden ser consideradas como conducta deshonestas:

1. Fijarse sin autorización en información de cualquier fuente no autorizada o del trabajo de otro alumno durante un examen, o de cualquier trabajo que será calificado o recibirá puntuación, o bien, adquirir de alguna forma dicha información.
2. Adquirir, leer o aprenderse sin autorización preguntas de exámenes antes de la fecha y hora del examen.
3. Cambiar cualquier porción de un examen o informe calificado devuelto y volver a entregarlo como trabajo original para que vuelva a ser calificado.
4. Presentar el trabajo de otra persona como propio para recibir una nota o puntos.
5. Ayudar, a sabiendas, a otro alumno a hacer algo deshonesto

Esta lista no es completa, y el propósito de ella no es limitar la definición de conducta deshonestas a sólo los puntos mencionados.

Consecuencias

La medida disciplinaria por hacer algún acto deshonesto o plagiar queda a discreción del instructor, quien podrá seleccionar una o más de las siguientes opciones.

1. Emitirle una notificación oral o escrita y advertirle al alumno que los actos adicionales de ese tipo resultarán en medidas disciplinarias adicionales.
2. Emitir un N o una nota de reprobación (F o O) por la tarea en cuestión.
3. Remitir al alumno al vicepresidente del Departamento de Servicios al Alumno para que se le apliquen medidas disciplinarias.

Eligibility

All students enrolled at Monterey Peninsula College who have paid the Health Fee are eligible to participate in the student health services and receive care. Health Services is supported by Health Fees charged to students. There is no additional charge for these services. When any specific outside agency clinics (i.e., VNA) are scheduled by Student Health Services, fees may be required. At point of referral to other providers, all costs are then the student's responsibility.

Insurance

Accidents: Students who are injured while participating in College-sponsored and/or supervised activities, whether on or off campus, are entitled to apply for student accident insurance benefits. Any such accident should be reported to Health Services within 24 hours. Information and applications on low-cost Student Dental and Health Insurance can be provided.

Student Support Services (TRIO/SSS)

Student Support Services (SSS), formerly known as College Readiness, is a federal grant funded program designed to increase college retention, graduation, and transfer rates from the community college to a four-year institution for eligible students from first-generation and/or low-income backgrounds. Counselors provide in-depth academic advising, educational and career planning, transfer preparation, and assistance with financial aid, scholarships, and college applications.

The TRIO Learning Center (TLC) provides academic support for eligible SSS students taking basic skills to transfer-level courses, specifically in math, English, and science. For more information about eligibility requirements and services, please contact (831) 646-4246 or visit the TRIO office located on the second floor of the Student Services Building.

Transfer Services

See Career & Transfer Resource Center on page 43.

Veteran's Assistance

The Veteran's office staff, located in the Student Center, assist students to meet the needs of veterans and also inform students of VA educational benefits and counseling services. A person who is eligible for veteran's education benefits and who wishes to use them at Monterey Peninsula College should stop by the Veteran's center located in the Student Center. Before the Certifying Official will certify enrollment to the Veteran's Administration (VA), it is essential for students to make an appointment with an MPC counselor to have a Student Education Plan completed. Only courses toward a degree listed on the Student Education Plan will be certified for VA payments. An initial claim may take up to three months processing time before the student receives his/her first payment.

Students requesting certification for the second semester must request all official transcripts from other colleges and Joint Services Transcript be sent to MPC Admissions and Records office to be evaluated and on file at MPC before the end of their first semester. Students must then have a counselor complete a VA Education Plan documenting units completed and courses

needed to complete the educational goal. Students will not be certified a second time without this plan. Please note that because of the need for accuracy, counselors will only complete VA Education Plans during scheduled appointments. Students are encouraged to call 831-646-4020 or 831-646-4021 to schedule an appointment with a counselor located on the second floor of the Student Services Building.

Veterans/Active Duty Priority Registration

Upon completion of the application for admission, Monterey Peninsula College has established registration and enrollment priority procedures in accordance with Title 5.

For Veterans or active duty members who will not be using VA education benefits but are asking for priority registration, the Veteran must provide a copy of their DD214 and the active service member must provide copy of their orders to be viewed by a Veteran Assistance program staff member.

Student Activities

Associated Student Government

The Associated Students of Monterey Peninsula College (ASMPC) is the officially recognized student government association of the College.

The purpose of ASMPC is "to provide student activities; support student organizations; effectively represent the interests of the student body; increase cooperation between students, faculty, staff, the administration and the community; provide a forum for the expression of student opinion; develop student initiative and responsibility; and ensure equal rights for all students of Monterey Peninsula College."

The ASMPC Council is the elected student government at MPC. It is composed of twenty-three students elected by the student body every spring. It consists of ten Senators, President, Vice President, Treasurer, Secretary, Student Benefits Coordinator, Statewide Representative, Director of Clubs, Director of Activities, Director of Representation, Student Trustee, Chief Justice, and two Associate Justices. There are also many nonelected positions such as committee representatives. The ASMPC Council oversees the work of the Student Representation Council, the Inter-Club Council, and the Activities Council. The ASMPC office is located in the Student Center. Stop by or call 831-646-4013 or go to www.mpc.edu/asmpc for more information or how to get involved.

Intercollegiate Athletics

Monterey Peninsula College offers intercollegiate athletic teams for men and women in twelve sports. The seven men's sports are football, basketball, baseball, golf, soccer, cross country, and track and field. The seven women's sports are basketball, volleyball, soccer, softball, tennis, cross country, and track and field. Monterey Peninsula College is a member of the Coast Conference which includes seventeen community colleges located between Monterey in the south and San Francisco at the north.

Monterey Peninsula College abides by the provisions of the California Community College Athletic Association (CCCCAA) Constitution and Bylaws as well as specifications imposed by the Coast Conference and the Northern California Football Conference. A copy of the CCAA Constitution and Bylaws is available in the

Athletic Director's office. The Vice President of Student Services in consultation with the Athletic Director will interpret the CCCAA regulations for all persons concerned. In order to be eligible for athletic competition, a student must be enrolled and attending class in a minimum of 12 semester units during the season of sport. In order to be eligible for a second season of that sport, a student must complete and pass 24 semester units between seasons of competition while maintaining a 2.0 grade point average. Additionally, student athletes must complete at least 6 units during the preceding academic term in which the student is enrolled as a full-time student at the certifying institution. Students will be assisted with establishing athletic eligibility, but the process often requires checking of records. Students are encouraged to start the procedure well in advance of the season of competition.

The CCCAA allows member colleges to recruit those high school athletes residing within their district and the districts contiguous to their colleges. High school student athletes living outside of the college's recruiting area, but within the State of California, may be contacted by telephone or other correspondence. Out-of-state athletes interested in attending Monterey Peninsula College are required to initiate first contact with the college athletic department. For additional information, contact the Athletic Director or head coach of the particular sport in which you are interested by visiting the MPC athletic webpage.

Student Body Cards

The ASMPCC Student Body Card costs \$5 per semester. This fee is optional. Among the benefits to cardholders are:

- Free admission to athletic events sponsored by MPC
- Eligibility for ASMPCC emergency short-term loans
- Local merchants' discounts
- Discounted admission to all ASMPCC-sponsored events
- Discounted MST Bus Passes
- Access to ASMPCC Food Pantry

More information on how to obtain a Student Body Card is available at the ASMPCC Office in the Student Center and at the Education Center at Marina.

Student Representation Fee

The Student Representation Fee of \$1.00 is an optional fee for the purpose of providing student government representatives the means to travel and attend conferences to enhance their goal in bringing forth the students' view at city, county, and district governments, as well as state legislative offices and other government agencies.

Student Organizations and Clubs

MPC student organizations and clubs give students the ability to provide each other with diverse new experiences beyond the classroom. They provide MPC students with an opportunity to organize, meet and work together as a group. A common interest is what brings students together to form a student organization.

Student organizations can be social, creative, recreational, educational, cultural, religious or political in nature. Students may participate in club activities to expand an existing interest, to experiment with a new interest or to enhance a classroom

experience. Student organizations also provide an avenue to meet new people, develop friendships and have fun.

Students should contact the Student Activities Coordinator in the Student Activities Office (831-646-4192) for information.

Student Trustee

The Student Trustee serves in a very influential position on campus. Serving for one full year beginning on July 1 as a member of the Monterey Peninsula College District Governing Board of Trustees, the Student Trustee may cast an advisory vote. The Governing Board is responsible for the "development, management, control and operation of all properties, programs, policies and procedures of the District and College." The Student Trustee is also a voting member of ASMPCC (Associated Students of Monterey Peninsula College).

Students who are interested in learning more about this position should contact the Student Activities Office or the Superintendent/President of the College.

Student Rights and Responsibilities

The purpose of this statement is to inform students of their rights and responsibilities at Monterey Peninsula College. The policies and procedures as set forth in this statement are for institutional and student use but cannot be separated from public laws and regulations; therefore, everything stated herein must be considered within the limits of the law.

I. IN THE CLASSROOM

A. Protection of Freedom of Expression

Students are free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study in which they are enrolled

B. Protection Against Improper Academic Evaluation

Students shall not be evaluated in a prejudiced or capricious manner. At the same time, students are responsible for maintaining standards of academic performance established for each course in which they are enrolled. Standards relating to matters of class attendance, punctuality, dress (e.g., safety goggles and uniforms), and other similar classroom requirements, where essential in evaluation, should be clearly communicated by the instructors to the students enrolled in the courses where they apply.

C. Protection Against Improper Disclosure

Information about student views, beliefs, and political associations which employees acquire in the course of their work is considered confidential. Protection against improper disclosure is a serious professional obligation. Judgments of ability and character for such matters as letters of recommendation and security checks may be provided under appropriate circumstances, with the knowledge and consent of the student.

II. STUDENT RECORDS

A. Definition of Records

The following files, records, and documents are maintained by the College as "Education Records": Applications for Admission, Add/Drop and Registration Forms, academic transcripts, transcripts sent by other institutions, general education certifications, graduation petitions, high school advanced placement forms, instructor class rosters, placement test scores, counseling records, financial aid applications, campus employment information, veterans folders relating to educational certification and benefits, discipline records, and athletic eligibility forms.

B. Right to Access

Any current or former student shall have the right to access his/her own "Education Records" as defined above or those that meet the definition of a "student record" in Title 5 of the California Code of Regulations, if debts are cleared. Such access shall be provided during regular office hours, and the appropriate College official will require identification and a written request from the student, provided that access is granted where authorized by law no later than five working days following the date of the request.

C. Location of Records

Most of the above records are housed in the Student Services Building on campus. The Dean of Student Services has overall responsibility for such records. The Dean's designee shall provide specific directions to students, upon request, concerning which College officials to contact to make a request for access to any records.

D. Directory Information

The College may release directory information when, in the opinion of the Dean of Student Services, the release of such information is in the best interest of students. Directory information for students includes the following: name, address, telephone number, date of birth, major field of study, class schedule, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and certificates received, and the most recent previous public or private school attended.

E. Confidentiality of Records

Information from Education Records will be available only to legally authorized persons. The express consent of the student is required for access by any other persons. No records will be kept which reflect the political and religious activities or beliefs of students. All College employees are to respect confidential information about students which they acquire in the course of their work. Access to student records may be permitted to the following:

1. Officials and employees of Monterey Peninsula College, provided that any such person has a legitimate educational reason for inspecting a record.
2. Federal and state officials so authorized access by Title 5.
3. Upon written permission from the student, officials of other public or private schools where the student seeks or intends to enroll.

4. Agencies or organizations in connection with a student's application for or receipt of financial aid, provided that information permitting the personal identification of students may be disclosed only as necessary for purposes relating directly to that aid.

5. Accrediting organizations in order to carry out their accrediting functions.

6. Organizations conducting studies for, or on behalf of, educational agencies or institutions for purposes allowed in Title 5 and so long as that information that allows personal identification of a student is kept confidential and destroyed when no longer needed.

7. Appropriate persons in connection with an emergency if the information is necessary to protect the health or safety of the student or other persons.

F. Impoundment of Records

Whenever a student is delinquent through failure to comply with College rules or regulations, to pay College debts, or to return property owned by the College, the student's records may be impounded. A student whose record is impounded shall not be allowed to register for subsequent instruction, request official transcripts of work completed, and/or receive other services at the College which relate to his/her records.

III. STUDENT AFFAIRS

A. Freedom of Association

Students are free to organize and join associations to promote their common interests.

1. The policies and actions of a student organization will be determined by vote of only those persons who hold bona fide membership in the organization and are enrolled at Monterey Peninsula College.
2. Affiliation with an extramural organization shall not of itself disqualify a student organization from institutional recognition.
3. Campus advisors are required; each organization is free to choose its own advisor. Campus advisors may advise organizations in the exercise of responsibility, but they will not have the authority to control the internal policies of such organizations.
4. Student organizations are required to submit to ASMPCC a club activation, advisor agreement, a current list of members, and club Constitution.
5. Campus organizations, including those affiliated with an extramural organization, shall be open to all Monterey Peninsula College students without respect to race, creed, or national origin.

B. Freedom of Inquiry and Expression

1. Students and student organizations are free to examine and to discuss all questions of interest to them, to express opinions publicly and privately, and to support causes by orderly means which do not disrupt the regular and essential operation of the institution. At the same time, students shall make it clear to the academic and the larger community that, in their public expressions or demonstrations, students or student organizations speak only for themselves.

2. Students are allowed to invite and to hear any person of their own choosing. Routine procedures are required by the College before a guest speaker is invited to appear on campus to insure that there is orderly scheduling of facilities and adequate preparation for the event, and that the occasion is conducted in a manner appropriate to an academic community. The institutional control of campus facilities is not used as a device of censorship. Those in charge of a program shall make it clear to the academic and larger community that sponsorship of guest speakers does not necessarily imply approval or endorsement of the views expressed, either by the sponsoring group or the institution.

C. Student Participation in Institutional Governance

As constituents of the academic community, students are free, individually and collectively, to express their views on issues of institutional policy and on matters of general interest to the student body. The student body may participate in the formulation and applications of institutional policy affecting academic and student affairs through student government. The Associated Students of Monterey Peninsula College (ASMPC) is the institutionally recognized system of student government which has express responsibility for a student activities program designed to benefit the College and contribute to the welfare of the students. The Student Council of ASMPC formulates and executes student government policies; administers a budget; plans and conducts social, club, recreational, and leisure-time programs in accordance with the ASMPC constitution and other laws and regulations; serves in a liaison capacity between the students and the administration on matters concerning the Student Center; makes student appointments to campus committees; assists in the coordination of club activities; and promotes opportunities in volunteer work. Any matter of student governance that conflicts with College policy shall be resolved by the administration after opportunities have been given to the Student Council to either correct the matter or to discuss the matter completely with the administration.

IV. Off Campus

A. Exercise of Rights of Citizenship

Students enjoy the same freedom of speech, peaceful assembly, and right of petition as do other citizens. As members of the academic community, they are subject to the obligations which accrue to them by virtue of this membership. Faculty members and administrative officials should ensure that institutional powers are not employed to inhibit intellectual and personal development of students.

B. Institutional Authority and Civil Penalties

Activities of students may, upon occasion, result in violation of law. In such cases, Monterey Peninsula College officials may apprise students of sources of legal counsel and may offer other assistance. Students who violate the law may incur penalties prescribed by civil authorities. Only where the institution's interests as an academic community are clearly involved will the special authority of Monterey Peninsula College be asserted.

The student who incidentally violates institutional regulations in the course of his/her off-campus activity, such as those

relating to class attendance, is subject to no greater penalty than would normally be imposed. Institutional action is independent of community pressure.

V. Discipline

In developing responsible student conduct, disciplinary proceedings play a role substantially secondary to example, counseling, guidance, and admonition. At the same time, educational institutions have a duty and the corollary disciplinary powers to protect their educational purpose through the setting of standards of scholarship and conduct for the students who attend them and through the regulation of the use of institutional facilities.

The following standards and procedures are intended to promote responsible student conduct and fair play:

A. Standards of Conduct

Monterey Peninsula College considers the following principles essential to its educational mission and its community life:

1. Mutual respect between students and faculty
2. Pursuit of studies with honesty and integrity
3. Respect for rights of others
4. Courteous treatment of everyone
5. Respect for college and personal property
6. Compliance with all rules and regulations.

Students shall be subject to College discipline for any of the following kinds of misconduct which occurs at any time on campus or at any off-campus facility or College-approved or sponsored function:

1. Dishonesty, such as plagiarism, or knowingly furnishing false information to the College;
2. Violation of examination rules, such as communicating or transferring information to another student, using any materials such as books, notes, etc., other than those expressly allowed for the exam, looking at another student's exam, etc.;
3. Forgery, alteration, or misuse of college documents, records, or identification;
4. Obstruction or disruption of teaching, research, administration, disciplinary procedures, or other College activities, including its public service functions, or of other authorized activities;
5. Physical or verbal abuse of any person or conduct which threatens or endangers the health or safety of any such person;
6. Theft of, or damage to, property of the College or of a member of the College community or campus visitor;
7. Unauthorized entry to or use of College facilities;
8. Violation of College policies or of campus regulations including those of student organizations, use of College facilities, or the time, place, and manner of public expression;
9. Use, possession, or distribution of legally controlled drugs such as alcohol, narcotics, marijuana or cocaine, except as expressly permitted by law;

10. Use, possession, or sale of any firearm, knife, explosive, or other object that could be classified as a weapon (unless the student has specific authorization from a College official);
11. Failure to comply with directions of College officials acting in the performance of their duties;
12. Gambling on College property;
13. Hazing or any act that injures, degrades, or disgraces or tends to injure, degrade, or disgrace any fellow student or person;
14. Disorderly conduct or lewd, indecent, or obscene behavior;
15. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the Governing Board.

B. Investigation of Student Conduct

1. Except under extreme circumstances, such as bomb threats of medical emergencies, the personal possessions of students will not be searched. The student will be present, if possible, during the search.
2. No form of harassment will be used by institutional representatives to coerce admissions of guilt or information about conduct of other suspected persons.

C. Applicable Penalties

In all situations a student shall be informed of the nature of the charges against him or her and be given a fair opportunity to refute them. Arbitrary actions shall not be taken by the College and a decision may be appealed. Disciplinary action that may be taken because of student misconduct includes a variety of sanctions.

Such sanctions are listed below in degree of severity, and may be applied according to the severity of the offense:

1. **Admonition:** An oral statement to the student offender that the student has violated College rules.
2. **Warning:** Notice to the student, orally or in writing, that continuation or repetition of the conduct found wrongful, within a period of time stated in the warning, may be cause for more severe disciplinary action.
3. **Censure:** Written reprimand for violation of a specified regulation including the possibility of more severe disciplinary action in the event of conviction for the violation of any College regulation within a period of time stated in the letter of reprimand.
4. **Disciplinary Probation:** Exclusion from participation in privileges or extracurricular activities as set forth in the notice of disciplinary probation for a specified period of time.
5. **Restitution:** Financial liability for damage to or misappropriation of property. Restitution may take the form of appropriate service to repair or otherwise compensate for damages.
6. **Summary Suspension:** Emergency exclusion from campus and/or classes for a period not to exceed 10 days. The Superintendent/President or designee may immediately suspend a student when the Superintendent/President or designee determines that such action is required in order to protect lives or property or to ensure the maintenance of order. The time of the suspension shall be limited to that period necessary for the purposes of the suspension and in

any case, no more than ten days. The student may be summarily suspended without a conference or hearing, but oral or written notice to the student of the suspension and the reasons for the suspension must be provided to the student or the student's address as soon as possible. A conference shall be scheduled as soon as possible, but not later than 72 hours from the time of the suspension, to review the action with the student and to determine whether further sanctions are to be applied.

7. Suspension: Exclusion from classes and other privileges or activities as set forth in the notice of suspension for a definite period of time.

8. Expulsion: Termination of student status for an indefinite period. The conditions of readmission, if any is permitted, shall be stated in the order of expulsion.

D. Administration of Discipline

Procedural fairness shall be the basis for all disciplinary actions. Practices in disciplinary cases will vary in formality with the gravity of the offense and the sanctions which may be applied. There shall be no obligation for the College to replicate a formal court system, nor is there a need to provide for "adversary" proceedings. However, fairness requires that the student be informed of the nature of the charges against the student, that the student be given a fair opportunity to refute the charges, that the institution not be arbitrary in its actions, and that there be provision for appeal of a decision. With fairness as a basis for action, the responsibility for such action is the responsibility of the following individuals or groups:

1. The Classroom Instructor

- a. May act when minor infractions disturb normal classroom procedure.
- b. May suspend, for good cause (See V. A., Standards of Conduct), any student from the instructor's class for the day of the suspension and the day following. The Vice President of Student Services shall be notified of such suspension, and the student shall be directed to report to the Vice President. The parents of a minor student shall also be notified of the suspension.
- c. May drop students from class for failing to meet academic and attendance requirements.

2. The Campus Security Officer

- a. Shall act directly on parking and traffic violations.

3. The Vice President of Student Services

- a. Shall act directly in situations where a student has violated the local, state, or federal laws while on the College campus and shall consult with civil authorities where appropriate.
- b. Shall review each case of misconduct with involved student and determine appropriate remedies and/or sanctions.

- c. Shall carry out the recommendations of the Superintendent/President and Disciplinary Hearing Committee.
- d. Shall inform students of institutional action and appropriate avenues of appeal.

4. The Superintendent/President

- a. Shall review and take action on all recommendations of the Disciplinary Hearing Committee.
- b. Shall recommend Governing Board action in cases of suspension and expulsion and shall make arrangements for a student appeal of such decisions.
- c. Shall act to summarily suspend any student in order to protect lives or property or to insure maintenance of order.

5. The Governing Board

- a. Shall take action on cases of suspension and expulsion and shall allow for an appeal of the decision.
- b. Shall approve all rules and regulations where infractions of such could lead to suspension or expulsion.

While final action is pending a disciplinary hearing, a student shall have the right to be present on campus and attend classes.

E. Disciplinary Hearing Committee

A student shall be granted, upon request, a hearing before a regularly constituted committee when the recommended sanction is suspension or expulsion. Prior to the request for a hearing, the student must meet with the Vice President of Student Services to discuss the case on an informal basis. For further information regarding the disciplinary hearing process, contact the office of the Vice President of Student Services.

VI. Student Complaint and Grievance Procedures

The student is encouraged to pursue academic studies and other College-sponsored activities that will promote intellectual growth and personal development. In pursuing these ends, the student should be free of unfair and improper action by any member of the academic community. Procedures for grievances and complaints are described below and provide a means for resolving any alleged unfair or improper action.

A. Complaints

Students with the specific kinds of complaints listed below shall direct these complaints to the appropriate College official:

1. Residence Determination

Contact the Registrar at the Admissions and Records Office; final appeal may be made to the Dean of Student Services.

2. Dismissal from College for Academic Reasons

- a. Consult a counselor.
- b. If there are extenuating circumstances, the student may appeal the dismissal to the Academic Council after consulting a counselor.

3. Discrimination Complaints

Resources Office at (831) 646-4014.

B. Grievance

1. Reasons for Grievance

- a. A grade, when the student contends that the determination of the grade involved a mistake (such as calculation or entry error), fraud, bad faith, or incompetence. (According to the Education Code, an instructor's grade is final in the absence of mistake, fraud, bad faith, or incompetence.);
- b. Act or threat of intimidation or harassment;
- c. Act or threat of physical aggression;
- d. Arbitrary action or imposition of sanctions without proper regard to academic due process specified in College procedures;
- e. Violation of student rights which are described in College rules and regulations.

2. Initiating a Grievance

A student shall initiate a grievance as follows:

- a. Shall confer with the faculty member, administrator or classified person directly involved in the grievance, except in instances where the student contends that he/she has been subject to an act of intimidation, harassment, or physical aggression by the person directly involved in the grievance. In those cases, the student may proceed to step b (conferring with the direct supervisor of the person directly involved with the grievance).
- b. Shall confer with the supervisor of that person if not satisfied at the first step.

3. Appeal to Committee

If the student believes still that the issue has not been resolved satisfactorily at these levels, the student shall submit a written statement specifying the time(s), place(s), and nature of the grievance to the Chairperson of the Grievance Committee, who shall arrange for a meeting of the Grievance Committee to consider the grievance (consult the Vice President of Student Services for the name of the Chair). The Chairperson shall refer all written grievances to the Grievance Committee which shall conduct a formal hearing within a reasonable period of time on the charge(s), in no case later than 30 days. For further information regarding the grievance procedure, contact the office of the Vice President of Student Services.

College Safety and You

This statement is published in accordance with the 1998 Kristin Smart Campus Security Act Title II of Public Law 101-542, Section 20 U.S.C. 1092 and The Higher Education Act, the "Jeanne Cleary Disclosure of Campus Security Policy and Campus Crime Statistics Act."

Crime Reporting Procedures – 20 U.S.C. 1092 A

Working together, safety and security within the properties of the District is everybody's business. No community, of course, can be totally risk-free in today's society. Students, faculty, staff and visitors are partners in creating an atmosphere that is safe and conducive to learning.

The Monterey campus is under the concurrent jurisdiction of the Monterey Police Department and Campus Security. On-campus Security personnel are available during most hours that classes are held.

Education Center at Marina is under the concurrent jurisdiction of the Marina Police Department and Campus Security. Inquiries to the Marina Police Department can be made by calling the non-emergency number 831-384-7575.

The Public Safety Training Center in Seaside is under the concurrent jurisdiction of the Seaside Police Department and Campus Security. Inquiries to the Seaside Police Department can be made by calling the non-emergency number 831-394-6811.

A person may report any criminal action or any other emergency at any time - day or night - by calling 911. Routine inquiries should be addressed to the Security Office (831-646-4099) located in the Student Center on the Monterey Campus.

Campus Security Department – 20 U.S.C. 1092 C

It is the policy of the Monterey Peninsula Community College District Governing Board of Trustees to protect the members of the total college community and to protect the property of the District. The Campus Security Department shall insure that reasonable protection is provided by using methods that fit within, and contribute to, the educational philosophy and procedures of the institution.

The District works cooperatively with the Monterey Police Department at the Monterey campus, the Marina Police Department at the Education Center at Marina, and the Seaside Police Department at the Public Safety Training Center in providing assistance for incidents that require resources not available to the College. The police department investigates all felonies, including those covered by the California Vehicle Code. All felony crimes that take place on campus are immediately reported to the police department.

Crime Prevention – 20 U.S.C. 1092 D/E

One of the essential ingredients of any successful crime prevention program is an informed public. It is the intent of the Monterey Peninsula Community College District to inform students and staff, in a timely manner, of any criminal activity or security problem which may pose a reasonable threat to their physical safety. Such information will normally be distributed to students through this document and through student publications. Staff are informed through in-house memos, bulletins and newsletters.

Another critical element of a campus safety program is training. Security, Health Services, and Associated Students sponsor programs on various topics ranging from sexual assault awareness to substance abuse prevention.

Finally, all effective crime prevention programs include some measure of people watching out for one another. All staff and students are asked to be ALERT, SECURITY-CONSCIOUS, and INVOLVED. Call Security (ext. 4099) or 911, identify that you are on the Campus and wish to report suspicious behavior, or any crime that is occurring.

Off-Campus Crime – 20 U.S.C. 1092 G

Local police departments provide the District with crime data for the areas surrounding the facilities operated by the District. The District will notify persons using these facilities when a security problem arises.

Substance Abuse – 20 U.S.C. 1092 L

In accordance with Public Law 101-226 Drug-Free Schools and Communities Act Amendment of 1989, the Governing Board of Trustees of the District prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students or employees on M.P.C.C. District property and as part of any District-sponsored or -sanctioned activity.

Any student or employee in violation of this policy is subject to disciplinary action up to, and including, expulsion from the College or termination from employment for violations of the appropriate standards of conduct. The possession, use, or sale of alcoholic beverages by anyone on district controlled property is a misdemeanor per California Business Code 25608, and a violation of the District Standards of Student Conduct.

The use, sale or possession of any illegal drug is a violation of State law, and any person found in violation may be subject to arrest by federal, state, local or campus law enforcement authorities. Criminal prosecution is separate from any administrative discipline that may be imposed by the District.

Implementation of Title IX, VAWA/Campus SaVE Act, and Related Sex Discrimination, Sexual Harassment and Sexual Violence Legislation:

Title IX is a federal law that applies to educational institutions receiving federal financial assistance and prohibits discrimination on the basis of sex in an educational institution's programs or activities, including employment, academic, educational, extracurricular and athletic activities (both on and off campus). Title IX protects all people regardless of their gender or gender identity from sex discrimination, including sexual harassment and sexual violence, which are forms of sex discrimination. Title IX violations amended the Clery Act to require institutions to compile statistics for incidents of: Dating Violence, Domestic Violence, Sexual Assault and Stalking.

Safety and Campus Regulations

Access to Campus Facilities

Buildings

Campus buildings are generally open from 7:00 a.m. to 10:00 p.m. Individuals needing to be in campus buildings or College areas other than during regularly scheduled work hours should contact campus security at (831) 646-4099.

Campus buildings are normally locked from 5:00 p.m. Friday to 7:00 a.m. Monday. College personnel unlock doors for scheduled weekend classes and special events.

It is the responsibility of all MPC personnel who use rooms, offices, and areas to lock access doors, turn off lights, and close windows. College staff routinely checks the campus during off-hours. Primary responsibility for security, however, lies with the individual last in the facility.

Keys

Keys are provided to staff members on a need-to-enter basis as determined by the appropriate administrator. Lost keys must be reported immediately to one's supervisor and to Campus Security (831-646-4099) and Facilities (831-646-4049).

District policy forbids keys to be loaned to other staff members or students. Campus Security will confiscate keys which have not been specifically issued to a particular individual. Duplication of campus keys is a misdemeanor.

Animals on Campus

No animals are allowed to be brought on campus or kept in vehicles on campus except service animals or animals being used as part of a scheduled class. Animals left in cars will be turned over to Monterey Animal Control.

Bicycles, Skateboards and Rollerblades

These vehicles must be parked in areas so marked. They may not be ridden on inner campus pathways and must be walked moving through the campus interior.

Collection and Raising of Funds

Students or faculty members may not be solicited to contribute funds to any organization which is not directly under the jurisdiction of Monterey Peninsula College without the express permission of the College administration. Likewise, no non-student group or individual may collect funds on campus or have campus groups collect for them without prior approval of the College administration.

College Property

Do not remove District property from the campus without written permission from a Vice President or Dean. Unauthorized removal of District property from the campus is a violation of the law and may be prosecuted by the District.

Contacting Students**Emergency Only**

In cases of extreme emergency, such as sudden illness or accident, students may be contacted on campus by calling Campus Security at (831) 646-4099. Non-emergency messages are not delivered to students.

Copyright Responsibility

Any request for duplication of copyrighted materials used in the College's instructional programs must be accompanied by written permission of the copyright owner. Any duplication of copyrighted materials by student, staff, or faculty is to be for the sole purpose of private scholarly study.

Parking and Traffic

All vehicles parked on campus must display a valid hanging parking permit or temporary dashboard parking permit. The hanging permit will be legally honored only if it is readable, placed in the proper position on the mirror, and displayed in accordance with parking regulations. Student permits may be purchased online through WebReg. One-day permits may be purchased from dispensing machines in each general parking lot.

Parking is limited to designated areas and in marked stalls. Parking without a valid permit will result in the issuance of a citation. Parking in unauthorized areas can result in the towing of the vehicle at the owner's expense. The registered owner of the vehicle is responsible for all parking citations given to a particular vehicle regardless of who is driving or who has parked the vehicle.

Bicycles and Motor-Driven Bikes

These vehicles must be parked in areas so marked. They may not be ridden on inner campus pathways and must be walked moving through the campus interior.

Parking and Traffic Regulations

Violation of these regulations will be subject to citations issued by the College Security Department or the Monterey Police Department. A Request for an Administrative Review may be made by calling the Security Office at (831) 646-4005. Parking citations will be filed with the Monterey County Municipal Court. All citations must be cleared within 21 days. No citation will be voided on campus.

1. Permits

All vehicles must properly display a current semester, annual, or daily permit. Vehicles that do not properly display a current permit will be subject to citation. Enforced 7:00 a.m. to 9:00 p.m., Monday through Thursday, and 7:00 a.m. to 5:00 p.m., Friday.

2. Parking

No person shall park or leave standing any vehicle except on a designated parking lot. When painted lines designate parking spaces, no parking will be allowed in that lot except between those lines. Where no lines are painted within a parking lot, no vehicle shall be parked in such a manner as to prevent the entrance, exit, or free movement of any other vehicle. Enforced 7:00 a.m. to 9:00 p.m., Monday through Thursday, and 7:00 a.m. to 5:00 p.m., Friday.

3. Staff Parking

No person whose vehicle does not properly display a current "Staff" or "Press" parking permit shall park in lots designated and marked staff parking and/or parking spaces marked in yellow. Enforced 7:00 a.m. to 9:00 p.m., Monday through Thursday, and 7:00 a.m. to 5:00 p.m., Friday, unless otherwise posted.

4. Accessible parking

No person whose vehicle does not display either the distinguishing license plate or placard issued by the Department of Motor Vehicles shall park in any space designated for use by persons with disabilities. These spaces are designated by a blue wheelchair on white background in the center of the space. Enforced 24 hours per day, 7 days per week.

5. Visitor parking

Visitors may park free of charge for 30 minutes in the rows of spaces across from the Student Services Building. Enforced 7:00 a.m. to 9:00 p.m., Monday through Thursday, and 7:00 a.m. to 5:00 p.m., Friday.

6. Overnight parking

No overnight parking is permitted except for field trips or with written permission. Vehicles with staff permits are exempted. Security must be notified in advance.

Use of District Property

The use of District property may not interfere in any manner with the scheduled instructional programs or other school-sponsored activities of the College which support or benefit the District's students. Procedures and fees for the use of District facilities may be obtained from the Events Office in the Facilities Office, (831) 646-4049.

Programs of Study

Instructional Programs

A primary objective of Monterey Peninsula College is to extend its services and resources to the community to help meet the community's educational needs. Instructional services include day, evening and weekend instructional programs offered on the Monterey campus, at the Education Center at Marina, the Public Safety Training Center in Seaside, and offcampus locations, as well as a varied selection of distance learning courses and courses geared to meeting the needs of older adults.

In meeting this primary objective, Monterey Peninsula College offers the following types of programs:

Career technical: The career technical education programs offer the student basic technical and professional curricula to gain the skills and knowledge needed for employment, job advancement, certification, a Certificate of Achievement, and/or the associate degree.

Transfer: The transfer program enables the student to complete the lower-division requirements in preparation for transfer to a baccalaureate-granting institution. MPC courses parallel those offered to freshman and sophomore students at the University of California, California State University, and private colleges and universities.

Skills Development: A program of basic skills is offered to students needing to increase performance levels in English, reading, study skills, math, critical thinking and other fundamental skills required for successful completion of college-level course work. An English as a Second Language program is available for students whose native language is one other than English. Support centers are available for language and mathematics skill development at a wide range of levels.

In order to increase access, Monterey Peninsula College offers many courses in the community as well as on the Monterey, Marina, and Seaside campuses. Numerous courses are offered through the Older Adult program at senior citizen centers and at other easily accessible sites. MPC also offers some courses at local high schools.

Further, Monterey Peninsula College provides distance education through its growing number of online courses. Some online courses also require on-campus orientations. Finally, Monterey Peninsula College offers a wide range of courses through Instructional Agreements, providing educational opportunity in partnership with numerous agencies and firms in the community.

Degree and Certificate Information

Students who expect to graduate from MPC must file a petition for an associate degree and/or an application for Certificate of Achievement to receive a certificate.

Students attending Monterey Peninsula College are eligible to receive multiple degrees. More specifically, a student may pursue more than one degree simultaneously. The requirements for the majors, along with the general education requirements, must equal a minimum of sixty associate degree-applicable units.

Associate Degree

The California State Board of Education has authorized the Monterey Peninsula College District Governing Board of Trustees to confer the Associate in Arts and Associate in Science degrees. The Associate in Arts degree is awarded in the liberal arts area; the Associate in Science degree is awarded in the science and career technical fields.

The associate degree is awarded upon satisfying the following:

1. Competency requirements
 - a. Reading
 - b. Writing
 - c. Mathematics
 - d. Information competency
2. General Education requirements
3. Major requirements: Each course in the major must be completed with a grade of "C" or better.
4. A minimum of sixty (60) degree-applicable units (courses numbered 1-299 with MPC GE, numbered 1-99 with CSU-GE, or designated as UC transferable with IGETC) with a 2.0 ("C") or higher grade point average. Pre-collegiate courses (300-399) do not apply toward the degree. Grades earned in non-degree credit courses are not included in the calculation of the degree-applicable grade point average.
5. Completion of twelve (12) units at Monterey Peninsula College, with at least six in the major area.

Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T)

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor for more information on university admission and transfer requirements when planning to complete the degree.

The following Associate Degree for Transfer requirements must be completed to earn the AA-T or AS-T degree.

- 60 semester CSU-transferable units.
- The California State University – General Education-Breadth pattern (CSU GE Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.
- Earn a minimum of 18 semester units in the major or area of emphasis as determined by the community college district.
- Obtainment of a minimum grade point average (GPA) of 2.0.
- Earn a grade of C or better in all courses required for the major or area of emphasis.

At the time of catalog publication, the following Associate Degree for Transfer programs have been approved for MPC. Other majors are under development. For more information, please see a counselor and www.mpc.edu

Second Associate Degree

The general education and major requirements for the second degree are those listed in the College catalog for the academic year in which the student begins work on the second degree. The student must complete all the units required for the second degree. All general education courses required for the specific degree must be completed.

Certificate of Achievement

A Certificate of Achievement recognizes a student’s satisfactory completion of an organized program of study and is awarded upon satisfying the following:

1. Major requirements
2. Each course in the major must be completed with a grade of “C” or better. Some programs require higher performance levels.
3. At least twelve (12) units applied toward the major requirements must be completed at Monterey Peninsula College

Certificate of Training

Some departments provide a Certificate of Training to students who successfully complete a short-term, intensive course sequence designed to prepare students for entry-level employment opportunities. Students who complete a Certificate of Training are encouraged to return to Monterey Peninsula College to complete the Certificate of Achievement and associate degree. Students must file an application for Certificate of Training through the department offering the program.

Certificate of Completion

A noncredit certificate of completion is a sequence of courses involving elementary and secondary basic skills; workforce preparation courses in the basic skills of speaking, listening, reading, writing, mathematics, decisionmaking, and problem

solving skills that are necessary to participate in job-specific technical training; or courses in English as a second language and vocational English as a second language leading to improved employability or job opportunities.

Graduation Requirements

1. Competency Requirements

This requirement can be satisfied in any of the following ways:

(1) Completion of MATH 263 (Intermediate Algebra and Coordinate Geometry) or higher math course, with a grade of “C” or better or equivalent intermediate algebra or higher course from another university or college.

(2) Credit by examination will be accepted for MATH 263.

(3) Achievement of any of the following minimum scores:

Examination	Score
Advanced Placement (AP)	
Calculus AB or BC	3, 4 or 5
CLEP subject exam in College	
Algebra, Calculus or Trigonometry	50 percentile

c. Information Competency

(4) A satisfactory score on the Information Competency proficiency exam (0 units).

(5) Credit by examination with a passing grade “C” or better will be accepted for LIBR 50.

2. General Education Requirements

Students can select from one of three general education programs: CSU GE-Breadth, IGETC, or MPC GE.

CSU General Education-Breadth (GE-Breadth) Program

The CSU GE-Breadth Program allows California community college transfer students to fulfill lower division general education requirements for any CSU campus prior to transfer. This general education program can be a good option for students who know they want to transfer to a CSU.

The CSU GE-Breadth program is designed to educate students to: think, write, and speak clearly and logically; reason quantitatively; gain knowledge about the human body and mind; the development and functioning of human society, the physical and biological world, and human cultures and civilizations; and develop an understanding of the principles, methods, and values of human inquiry.

See page 62 for the components of the CSU GE-Breadth program and the courses that satisfy each component. Use this pattern with transfer preparation majors if you are transferring to a CSU campus.

Intersegmental General Education Transfer Curriculum (IGETC)

The IGETC is a selection of courses that community college students can use to satisfy lower division general education requirements at any CSU or UC campus. The IGETC will probably be most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus.

See page 63 for the components of the IGETC and the courses that satisfy each component. Use this pattern with transfer preparation majors if you plan to transfer to the CSU or the UC.

Intersegmental General Education Transfer Curriculum (IGETC) 2015-2016

Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower-division, general education courses to satisfy campus general education requirements. The course requirements for all areas must be completed before IGETC can be certified. All courses must be completed with grades of 'C' or better. (A grade of 'C-' is not acceptable.)

General Studies: Arts and Humanities Emphasis

This degree provides an opportunity for students to earn an Associate of Arts (AA) degree in a comprehensive area of study and is intended for the student who is not currently preparing to transfer to a university. A minimum of 60 semester units must be completed with an overall Grade Point Average (GPA) of 2.0 or better in all degree-applicable units. Only courses numbered 1-299 may be applied toward this associate degree.

The Humanities encompass thought and language and reflect, interpret, and communicate concepts, values, beliefs, and traditions held individually, socially, and culturally. Study of the humanities develops an awareness, appreciation, and understanding of the human condition and of how that condition relates to personal and societal needs, values, and achievements. The performing and visual arts are unique in that the mode of communication is primarily presentational rather than discursive, and the deepest meanings in the arts are non-verbal.

Learning Outcomes: Upon successful completion of the program, students will be able to:

- Analyze and interpret human thought, achievement, and expression relevant to such branches of knowledge as philosophy, literature, and/or the fine and performing arts, and to communicate the results.

Nursing

The Maurine Church Coburn School of Nursing offers an Associate in Science degree in nursing. It is accredited by the Accreditation Commission for Education in Nursing (ACEN) and approved by the California Board of Registered Nursing (BRN). Completion of this program allows graduates to take the National Council Licensure Exam (NCLEX) for Registered Nursing. Graduates are prepared for entry-level RN positions. The curriculum provides hands-on experiences with a variety of healthcare populations, including geriatrics, medical, surgical, obstetrics, pediatrics, and psychiatric/mental health. Due to space limitations, completion of program prerequisites does not guarantee admission to the program. All of the following are considered when screening applicants:

- Academic degrees
- Grade point average in relevant pre-requisite coursework
- Life experiences or special circumstances
- Relevant work, volunteer experience or health care certification
- Proficiency or advanced coursework in a language other than English

Once selected, applicants must successfully complete a pre-entrance readiness test (and remediation plan if indicated) in order to be admitted.

Advanced placement candidates (LVNs/LPNs) must qualify by completing program prerequisites, and then successfully complete a placement examination and performance-based preparation plan. (LVNs/LPNs may request to be admitted under the Board of Registered Nursing Regulation 1429, the 30-unit option, which does not confer a degree.)

Contact the Counseling Department or the School of Nursing for a detailed information and application packet that outlines the admissions requirements and process.

Learning Outcomes: Upon successful completion of the program, students will be able to:

- Collaborate, as providers of patient-centered care, in meeting the health care needs of individuals in acute, long-term, and community-based settings.
- Coordinate the activities of the healthcare team, advocate on behalf of patients, teach patients and families, and direct safe nursing care as managers of care.
- Contribute to the profession as responsible members within the discipline of nursing.

Transfer Information

Transfer Process

It is recommended that students work closely with a counselor to develop an education plan for transferring to a four-year institution. Students who are preparing to transfer to a bachelor's degree program should familiarize themselves with the current catalog and website of their transfer college for information about admission qualifications and application procedures, since these vary and are subject to change. Students planning to transfer may, with careful planning, also complete the graduation requirements for MPC's Associate in Arts or Associate in Science degree. Students are encouraged to complete both transfer and AA/AS requirements in order to have completed a degree upon transferring. They should meet with a counselor for degree and transfer counseling. See "Associate Degree" and "Associate in Arts/Science for Transfer" on pages 58-59.

There are four major components to transfer from a community college to a college/university bachelor's degree program:

1. Total units required
2. General education courses*
3. Major preparation courses
4. Minimum grade point average

*Transfer students interested in California State Universities (CSU) or Universities of California (UC) should become familiar with general education requirements (see CSU-GE, page 62 and UC-IGETC, page 63). Students with units from another college or university should have official transcripts sent to MPC Admissions and Records Office and meet with a counselor for a complete evaluation (see also Transfer Credit, page 25).

Effective and competitive transfer strategies include taking the required level of Math and English as soon as possible; maintaining the highest possible GPA; completing as much major prep as possible; and following deadlines.

Lower-Division Transfer Admission Requirements

Many campuses may restrict enrollment of lower division transfer students. Contact the campus of your choice to determine if there are admission limits. You may be eligible for admission with fewer than 60 transferable semester units (90 quarter units) if you:

- Have a college grade point average of 2.0 or better in all transferable college units attempted;
- Are in good standing at the last college or university attended, i.e., you are eligible to re-enroll;
- Meet the requirements for a first-time freshman or have successfully completed necessary courses to make up the deficiencies you had in high school if you did not complete the 15-unit pattern of college preparatory subjects;
- Submit your high school transcript and official test scores;
- Meet the eligibility index required of a freshman (if you do not meet the eligibility index it is recommended that you continue your education at a community college and complete 60 or more units. See upper division transfer requirements listed below);
- Some campuses require completion of English composition and general education mathematics. Lower-division transfer students will be required to take the English Placement Test (EPT) and the Entry Level Mathematics Test (ELM) if they are not exempt based on SAT I or ACT scores (see exemptions in the freshman section of the CSU application) or have not completed the appropriate English and math college-level course with grade of "C" or better.
- File an application for admission during the priority filing period. Check www.csumentor.edu for filing periods and campus availability. Submit official transcripts from ALL colleges and universities that you attended, even if no work was completed; this includes college work while in high school.

Upper-Division Transfer Admission Requirements (advanced standing or "junior")

- You are eligible for admission with 60 or more transferable semester units (90 quarter units) if you: Have a college grade point average of 2.0 or better at your local CSU (2.40 for non-California residents) in all transferable college units attempted (out-of-area CSU may require a higher GPA);
- Are in good standing at the last college or university attended, i.e., you are eligible to re-enroll;
- Have completed, or will complete prior to transfer, at least 30 semester units (45 quarter units) of courses equivalent to general education requirements with a grade of "C" or better. The 30 units must include all of the general education requirements in communication in the English language (English composition, oral communication and critical thinking) and at least one course of at least 3 semester units (4 quarter units) required in college-level mathematics;
- Upper-division transfer students who have completed English composition (English 1A) and college-level math courses (a math course with a prerequisite of intermediate algebra or higher) with grades of "C" or better are exempt from the

English Placement Test (EPT) and the Entry Level Mathematics Test (ELM). Math and English requirements must be completed prior to enrolling at CSU campus. Some campuses will not accept math and English coursework completed during the summer term just prior to fall enrollment. Check with the campus of your choice or see a counselor.

- File an application for admission during the priority filing period. Check www.csumentor.edu for filing periods and campus availability. Filing online is the preferred method. Submit official transcripts from ALL colleges and universities that you attended, even if no work was completed; this includes college work while in high school. Submit GE Certification after acceptance and before transfer (see pages 142-143).

Additional CSU Admission Requirements for Impacted Majors and campuses

An undergraduate major or campus is designated as impacted when the number of applications received during the initial filing period exceeds the number of available spaces. Currently, several CSUs are impacted and most are admitting with regional priority. Supplementary admission criteria may be used to screen all applicants for admission to impacted majors. Students can maximize opportunities by applying during the initial application period, meeting regular admission requirements, completing all supplementary admission criteria, and considering a second campus choice or alternate major. Detailed impactation information is available at <http://www.calstate.edu/SAS/impactioninfo.shtml>

Associate Degrees for Transfer

California community colleges are now offering associate degrees for transfer to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California community college students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses. Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60-semester or 90-quarter units.

Monterey Peninsula College offers multiple AA-T and AS-T degrees. Contact a counselor for more information. To find out which CSU campuses accept each degree, please go to <http://www.sb1440.org>

Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

University of California (UC)

Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco (medical programs only), Santa Barbara, Santa Cruz.

Go to <http://admission.universityofcalifornia.edu/transfer> for assistance.

Some campuses may restrict applications of lower division transfer students or those with too many upper division units. Contact the campus of your choice to determine if there are admission limits.

Lower division transfer eligibility: Admission is dependent upon the completion of certain high school subject requirements, including English, a language other than English, mathematics, U.S. history, U.S. government, laboratory science, visual and performing arts, college preparatory electives, and satisfying the scholarship requirement and examination requirements (see Eligibility Index in UC application). MPC students qualifying for admission upon graduation from high school (satisfied the subject, scholarship and exam requirements) may be able to transfer at any time they have a "C" (2.0) average in all college work transferable to the University of California. Contact the UC campus for more information.

Upper division transfer eligibility: According to the University of California, a transfer applicant is a student who has graduated from high school and enrolled in a regular session at another college or university. According to this definition, a student cannot disregard his or her college record and apply as a freshman. MPC transfer students not eligible for admission upon graduation from high school must complete a pattern of courses that satisfies the transfer admission requirements listed below, earning a grade of "C" or better in each course. Students who satisfy the Intersegmental General Education Transfer Curriculum (IGETC) may meet this course pattern (see IGETC on page 63).

1. Complete 60 semester (90 quarter) units of UC transferable college credit with a GPA of at least 2.4 (no more than 14 semester/21 quarter units may be taken Pass/No Pass); and
2. Two transferable college courses (3 semester or 4-5 quarter units each) in English composition; and
3. One transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning; and

4. Four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

5. File an application for admission during the priority filing period. Check <http://admission.universityofcalifornia.edu/how-to-apply> for filing periods and campus availability. Filing online is the preferred method. If you are admitted, submit official transcripts from ALL colleges and universities that you attended, even if no work was completed; this includes college work while in high school. Some campuses may ask for transcripts prior to admission. Submit IGETC Certification after acceptance and before transfer (see pages 142-143).

Additional UC Admission Requirements

If a particular campus or major receives more applicants than spaces available, the campus will use additional admission criteria or requirements. Always check with the campus of your choice for specific requirements. Fulfilling prerequisites in your major (some campuses will NOT consider an alternate major, while others encourage it – check your preferred campus), choosing alternate campuses and completing more than minimum requirements may increase your chances of UC admission. All UC admission information is from the University of California undergraduate application.

CSU/UC Course Agreements Online at Assist

Comprehensive articulation information, including transferable course agreements for all California community colleges is available at www.assist.org ASSIST provides access to the most current articulation agreements between UC, CSU and the California community colleges. ASSIST includes the general education requirements, IGETC, major preparation, links to the application websites and will be updated periodically.

Transfer Admission Guarantee (TAG)

The TAG program at Monterey Peninsula College is a “contract” that universities make with students who meet the transfer admission requirements and will therefore receive early notification of conditional acceptance. These agreements have GPA minimum and unit completion requirements. TAGs can be submitted online with UC Davis, UC Irvine, UC Santa Barbara, UC Santa Cruz, UC Merced, and UC Riverside. TAG requirements vary and are subject to change. The student must have completed at least 30 transferable units to submit TAG. You can file one

TAG with your preferred UC campus September 1 through 30 at <https://uctag.universityofcalifornia.edu> The TAG application is available online throughout the year and is submitted to your preferred campus from September 1 through 30. TAG students should begin the process early and contact the Counseling Department to schedule a counseling appointment.

General Education Requirements

MPC students who plan to transfer to a University of California or California State University campus in advanced standing (also called upper-division or junior level) should satisfy as many university general education and major requirements (prerequisites) as possible before transferring. High-unit majors such as engineering and biological sciences may be exempt from some general education and/or the IGETC pattern. Catalogs for all UC/CSU campuses are available in the Career & Transfer Resource Center and can be consulted for lower division courses required for selected majors. Each campus of the UC system has its own specific general education and major requirements; however, many UC campuses will honor certification of the IGETC. Students should see a counselor for more information and check www.assist.org for articulation agreements.

CSU General Education Pattern

The CSU General Education-Breadth (CSU GE, see page 62) program allows California community college transfer students to fulfill lower-division general education requirements at any CSU campus prior to transfer. This curriculum provides an alternative to the IGETC requirements and to a university's GE/Breadth requirements. This can be a good option if you know you want to transfer to a CSU, but you do not know which campus you will attend, or if you know which campus you will attend, but do not know which major you will pursue.

The GE-Breadth program is designed to educate students to: think, write, and speak clearly and logically; reason quantitatively; gain knowledge about the human body and mind, ; the development and functioning of human society, the physical and biological world, and human cultures and civilizations; and develop an understanding of the principles, methods, and values of human inquiry. Transfer students may check their G.E. status using www.csumentor.edu Go to “College Planning,” then under “Transfer Students,” click on “Transfer Planner,” and enter all California community college work completed.

CSU-GE Certification

Upon completion of lower division general education, transferring students should request that a CSU-GE Certification be sent to the CSU campus of choice. The request is usually made during the last semester/session and after acceptance to the CSU.

Up to 39 of the 48 GE-Breadth units required can be transferred from and certified by a California community college. If students do not complete the general education certification requirements before transferring, the courses they complete may be reviewed differently. Contact a counselor for information regarding certification.

Intersegmental General Education Transfer Curriculum (IGETC)

The IGETC is a series of courses that community college students can complete use to satisfy lower division general education requirements at any CSU or UC campus; pattern is outlined on page 63. Courses must be completed for all areas with a grade of "C" or better. It should be noted that completion of the IGETC is neither a requirement for transfer to CSU or UC nor is it the only way to fulfill the lower division general education requirements prior to transfer. Students pursuing majors that require extensive lower division preparation (e.g., science, engineering, arts) may find the IGETC inappropriate to follow. The IGETC will probably be most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus. Counselors are available to help students decide which pattern to follow.

IGETC Certification

Once all requirements have been completed, the transferring student should request that a certification of the IGETC be sent to the University of California or California State University. Partial certification (i.e., certification of all but one or two courses) is allowed. Students must still complete all admission requirements for transfer: Areas 1A, 1B, 1C and Area 2 (see page 63 for UC-IGETC). Students intending to transfer to CSU are required to take an additional course in Oral Communication and do not need to demonstrate proficiency in language other than English to transfer, but another language may be required for CSU graduation. Check your campus of choice. Contact a counselor for information regarding certification.

Courses

Course Descriptions and Numbering

All courses are listed alphabetically. Not all courses listed in this catalog may be offered during the academic year. Unit of credit or semester unit is a measure of time and study devoted to a course. Hours for courses are listed as hours that the student will spend in class per week for the semester. Total hours spent in a class are listed for courses that are less than a semester in length. These hours may be lecture, laboratory, discussion, field study, studio, activity, or clinical.

Course Grading

The following course grading is found in the course description following the title of the course:

LG: Letter grade only

P/NP: Pass/No Pass grade only

LG-P/NP: Letter Grade or Pass/No Pass grade

NC: Non-Credit

Course Numbers

The college has adopted the following numbering system effective Fall 2005:

1-99 BS/BA Level and Associate Degree: Courses numbered 1 through 99 are baccalaureate level courses, carrying lower division baccalaureate level credit at four-year colleges and universities. Not all courses numbered 1-99 are transferable to UC. Check the MPC Catalog description for transferability. "Baccalaureate applicable" courses in the 1 through 99 series meet the following criteria:

1. The course is parallel to one offered at a California State University or University of California campus and/or has been accepted as satisfying a general education requirement as indicated by the approved CSU-GE List (California State University General Education List) or the IGETC (Intersegmental General Education Transfer Curriculum).
2. The course has procedural rigor to meet the critical thinking and/or computational levels required for baccalaureate level courses. Courses in this series are also associate degree applicable.

100-299 Associate Degree Only: Courses numbered 100 through 299 are associate degree level courses. They are generally, but not exclusively, career technical in nature. Courses numbered 100-199 may transfer at the discretion of the receiving institution. If a student takes both ENGL 111 and 112, only one of the courses may be applied toward the associate degree.

300-399 Credit, Non-Degree Applicable: Courses numbered 300 through 399 are intended as developmental courses in reading, writing, mathematics, English as a Second Language, and study and learning skills. They may not be used to fulfill any degree requirements.

400-499 Non-credit: Courses numbered 400 through 499 are courses for which no credit is awarded.

Course Requisites

The following definitions from Title 5, Section Code 55200 of the California Code of Regulations are used to describe conditions that should be considered before a student enrolls in a class.

Requisites are determined to be "necessary and appropriate" when a strong rational basis exists for concluding that a prerequisite or corequisite is reasonably needed to achieve the purpose that it purports to serve.

Prerequisite means a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. Prerequisite courses must be completed with a grade of "C" or better.

Corequisite means a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course.

Advisory means a condition of enrollment that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program.

Enrollment Limitation means a condition of enrollment that a student is required to meet for admission into a program such as Work Experience or Dental Assisting.

Satisfactory grade means that, for the course in question, the student's academic record has been annotated with the symbol A, B, C, or P.
