

Instructions for Using Chancellor's Office Datamart: Demographics

Please visit this webpage: <http://datamart.cccco.edu/Students/Default.aspx>

1. Select tool "Student Annual/Term Count"
2. Select "Collegewide Search" and choose "Monterey"
3. Select "Term Search" and choose "Fall 2013"

How many students attended MPC during Fall 2013?

Can you determine the percentages of male and female students during Fall 2013?

You have just learned to use the Chancellor's Office Data Mart to run a simple query about students at MPC. Now you can explore and learn more about MPC.

1. Run a query for either "Statewide" or another college of your choice for Spring 2014.
 - o Include one of the demographic categories (age, gender, or ethnicity) in the query.
 - o Note the results of the query.
2. Run a query for MPC for Spring 2014.
 - o Include the same demographic category that you included age in Step 1.
 - o Note the results of the query.

Describe how MPC is similar to or different from the Statewide or college that you chose.
