

## EMERGENCY MEDICAL TECHNICIAN 1: BASIC TRAINING

The Emergency Medical Technician 1: Basic Training certificate is designed to meet the Department of Transportation, National Registry of EMTs, and State of California requirements for certification as an EMT-Basic (Ambulance) crew member. The basic training certificate prepares students to care for patients in the prehospital setting.

**Learning Outcomes:** Upon successful completion of the EMT-1: Basic Training program, students will be able to:

- Differentiate between what are and are not the roles and responsibilities of the Emergency Medical Technician.
- Assess and apply emergency treatments procedures for medical, trauma, and environmental patients in the clinical setting.
- Perform the skills and apply the concepts necessary to pass the National Registry test.
