

## INTERIOR DESIGN

The Interior Design program prepares students for employment in the many businesses that provide products and services for residential and commercial interiors.

**Learning Outcomes:** Upon successful completion of the program, students will be able to:

- Analyze client’s needs, goals, and life safety requirements.
- Formulate preliminary design concepts that are aesthetic, appropriate, functional, and in accordance with codes and standards.
- Develop and present final design recommendations through appropriate presentation media.
- Communicate professionally with clients and trade sources.
- Prepare drawings for non-load bearing interior construction, reflected ceiling plans, lighting, interior detailing, materials, finishes, space planning, furnishings, fixtures, and equipment.
