Cost of Attendance (COA)

In order to treat students in like situations equally, standardized budgets are established each year and are applied to applicants in similar situations. Students with similar circumstances will receive the same allowances for tuition & fees, room & board, books & supplies, transportation, and personal expenses. Budgets are established by the California Community College Chancellor's Office.

For a more accurate estimate on the cost of attendance and the amount of grants and scholarships you may be eligible for at MPC use our [NET PRICE CALCULATOR](#) (add link).

Fraud

If you are the student, by signing the FAFSA and Financial Aid forms you certify that you (1) will use federal and/or state student financial aid only to pay for educational costs to attend an institution of higher education, (2) are not in default on a federal student loan or have made satisfactory arrangements to repay it, (3) do not owe money back on a federal student grant or have made satisfactory arrangements to repay it, (4) will notify your college if you default on a federal student loan and (5) will not receive a Federal Pell Grant from more than one college for the same period of time.

If you are the parent or the student, by signing the FAFSA and Financial Aid forms you agree, if asked, to provide information that will verify the accuracy of your completed file. This information may include U.S. or state income tax forms that you filed or are required to file. Also, you certify that you understand that the Secretary of Education has the authority to verify information reported on the FAFSA with the Internal Revenue Service and other federal agencies. If you sign any document related to the federal student aid programs electronically using a personal identification number (PIN), you certify that you are the person identified by the PIN and have not disclosed that PIN to anyone else. If you purposely give false or misleading information, you may be fined up to \$20,000, sent to prison, or both.

Release of Information

If you would like your information to be released, you will need to submit the Authorization to Release Educational Records or Authorization for Mail form in-person to Student Financial Services.

Major Disbursement Dates:

Student Financial Services has 5 scheduled disbursements per academic year. There are two (2) disbursements in Fall and Spring semesters, and one (1) for summer session.

Disbursements for students who have submitted their financial aid documents during the semester are scheduled weekly to accommodate timely disbursement of funds.

Semester	Disbursement Schedule
Fall	August 22, 2016
Mid-Fall	November 1, 2016
Spring	January 24, 2017
Mid-Spring	March 29, 2017
Summer	June 6, 2017

To receive your financial aid monies, bring your MPC ID or CA ID/Driver's license to Fiscal Services in the administration building. To have your funds mailed to you, contact the Financial Aid Office.

When must I be enrolled in a class in order to be paid on the disbursement dates (Drop-Dead Dates):

Semester	Drop Dead Date
Fall	August 10, 2016
Mid-Fall	October 19, 2016
Spring	January 11, 2017
Mid-Spring	April 11, 2017
Summer	May 19, 2017

Dropping classes and how it affects the amount of aid I receive

Financial aid calculations are based on the number of units in which a student is enrolled each semester/session.

Number of Units Enrolled in per Semester:	Enrollment Status:
12+ Units	= Full Time
9 to 11.5 Units	= 3/4 Time
6 to 8.5 Units	= 1/2 Time
Less than 6 Units	= Less than 1/2 Time

Please understand that your award will change during the semester if you increase or decrease your amount of units by the second drop dead date of the semester.

Overaward (dropping below 6 units)

If you drop below 6 units, at any time during the semester, and have picked up any Federal funding, you will need to repay some of this funding. At a less than 1/2 time status you may not be eligible for the total amount of funding that you received, which means you were overpaid. You will be notified of any funds owed to the Department of Education. Overawarded funds will need to be repaid within 45 days. If you do not pay within the 45 day period, your overaward will be referred to the Department of Education's Debt Resolution Services. You will be reported to the National Student Loan Data System that will put a block on future financial aid at any college.

Return of Title IV Funding

If you withdraw from all classes before completing more than 61% of the semester or drop below 6 units, you will be required to return any "unearned" Federal funds. Your official withdrawal date will be the effective date of withdrawal entered into MPC's computer system. Return to Title IV funding will need to be returned within 45 days. You will be notified of any funds you may owe. You will be reported to the National Student Loan Data System that will put a block on future financial aid at any college.

If you drop all classes before the mid-Fall or mid-Spring "Drop-Dead Date", you will need to repay some or all of your Federal funds. If you officially drop your classes after these dates you will not need to repay any Federal funds.

If you withdrew from school early and did not receive all of the Federal aid for which you were eligible, we will send you a letter offering the aid. This is called a post-withdrawal disbursement. You will need to notify us within 14 calendar days whether or not you want the funds. If you accept the funds, a check will be mailed to you.

If you end the semester with a combination of all unearned F's and/or W's, we will be required to process you as a Return to Title IV for that semester.
