(February 3, 2017)

*This Notice has been developed for use in responding to public inquiries about accreditation status, consistent with the Commission's policies on public disclosure. It should be read in conjunction with the Statement of Accredited Status for **Monterey Peninsula College**. This Notice has been reviewed by Monterey Peninsula College, and the institution has been notified of the opportunity to submit a response to this notice. Accreditation by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges (the Commission or ACCJC) certifies that a college has been found to meet rigorous requirements for quality and that there are reasonable grounds for believing it will continue to meet them. The Commission's requirements can be found on the ACCJC website at: [www.accjc.org](http://www.accjc.org) under Eligibility Requirements & Standards (or [click here](#)). The accreditation process requires an institution to open itself to examination by a group of professionals who evaluate the degree to which an institution meets the Eligibility Requirements, Accreditation Standards, and Commission policies. The Standards set requirements for quality that cover many aspects of the college, including: instruction, student support services, library and learning resources, physical environment, technology services, financial management, institutional governance, institutional integrity and honesty, and achievement of institutional mission. Accreditation is awarded only after an institution demonstrates that it complies with Eligibility Requirements, Accreditation Standards and Commission policies. The Commission reviews the overall quality of each institution every seven years. If an institution is found to need improvement, it may be required to undergo additional reviews and monitoring by the Commission.

**Summary of Recent Commission Actions**

The Commission imposed **Probation** on **Monterey Peninsula College** when the Commission, at its January 11-13, 2017 meeting, reviewed the institution's adherence to the Eligibility Requirements, Accreditation Standards, and Commission policies as part of a comprehensive

review. The institution remains accredited during this period and is required to make improvements to address the Commission's findings of non-compliance.

**Probation** is imposed when an institution deviates significantly from the Commission's Eligibility Requirements, Accreditation Standards, or Commission policies, but not to such an extent as to warrant a Show Cause order or the termination of accreditation, or fails to respond to conditions imposed upon it by the Commission, including a warning, the institution may be placed on probation. The Commission will specify the time within which the institution must resolve deficiencies. If probation is imposed as a result of the institution's comprehensive review, reaffirmation of accreditation is delayed during the period of probation. The accredited status of the institution continues during the probation period.

The Commission took this action because it determined that Monterey Peninsula College is out of compliance with elements of the Eligibility Requirements, Accreditation Standards, or Commission policies described below. The full text of the Eligibility Requirements and Standards can be found on the ACCJC website at: [www.accjc.org](http://www.accjc.org) under Eligibility Requirements & Standards (or [click here](#)).

### **Additional Information in Understanding this Notice**

An accreditation team of professional peers has evaluated Monterey Peninsula College, written a report summarizing its findings, and provided recommendations to the institution to meet Eligibility Requirements and Standards. This report and the action letter from the Commission, which specifies the next steps the institution must take, provide a detailed description of the reasons for Probation. All institutions are required to make the evaluation team reports and the action letters available to the public. This is usually accomplished by placing these documents on the college website, and the public is directed to seek these documents from the institution directly. Colleges are invited to prepare a response to this notice, and this information will be posted on the ACCJC website and may be posted on the college website.

### **Current Status and Expected Accreditation Activities**

Monterey Peninsula College will be monitored by the Commission and required to submit a Follow-Up Report to the Commission in **March 15, 2018**. The Commission will conduct a team visit to assess the institution's compliance with the Eligibility Requirements, Accreditation Standards, or Commission policies. The Commission will review both reports at its meeting in June 2018. If the Commission determines that Monterey Peninsula College has demonstrated sufficient compliance with the Eligibility Requirements, Accreditation Standards, or Commission policies, the Commission may act to remove Probation. If the Commission determines that sufficient progress to demonstrate compliance with the Eligibility Requirements, Accreditation Standards, or Commission policies has not been made, the Commission may take further action as permitted under the Commission's "Policy on Commission Actions on

Institutions.” The Commission policies can be found in the *Accreditation Reference Handbook* which is located on the ACCJC website at: [www.accjc.org](http://www.accjc.org) under Publications and Policies/All Commission Publications and Policies (or [click here](#)).
