Veterans Resources Center

1) Implemented Track to gather data to determine peak times for counseling and/or services provided.

2) MST taxi vouchers are available for veterans.

On November 4, 2014, the voters of Monterey County approved the first-ever countywide sales tax measure for public transit. Beginning in July 2015, the Monterey Salinas Transit (MST) Local Transit funding for Senior Citizens, Veterans, and People with Disabilities sales tax, otherwise known as Measure Q, will raise approximately \$7 million per year. The sales tax will expire after 15 years unless renewed by the voters.

The money is to be used only for services and equipment that support transportation programs for veterans, senior citizens, and persons with disabilities. An oversight committee will review and report on revenue and expenditure of funds from the tax.

On August 18, 2017 Monterey Peninsula College signed a memorandum of understanding with MST to be one of few sites on the Monterey Peninsula to distribute taxi vouchers to MPC veteran student population. Of the 400 taxi vouchers provided to MPC VRC, 35 taxi vouchers were used by veterans which equals to 11 veteran students.

3) The VRC had provided 3 scientific calculators to veterans to use for their upper level math course and provided 3 smart pens to students with learning challenges.

4) The State Approving Agency

These services would not be possible if it wasn't for Student Equity and SSSP funding and without the collaboration with community agencies.
