**Office of Planning, Research, & Institutional Effectiveness**  
**Relevant Subpopulations of Students for Disaggregation**

MPC regularly disaggregates student achievement data (and where possible, student learning data) for individual subgroups of students among its general population.<sup>1</sup> Examining data for these subgroups, or subpopulations, helps the college identify gaps in student achievement, learning, and/or services and develop equitable improvements. MPC considers the following subpopulations of students to be most relevant for conversations about achievement gaps:<sup>2</sup>

**1. Educational goals, as listed in the mission statement**

*(Data source: PRIE office, MIS referential files: data element SB14)*

- a. Degree/Transfer
- b. Career Training
- c. Basic Skills
- d. Lifelong Learning

**2. Demographics**

- a. Basic Demographic categories available on Datamart

*(Data source: [http://datamart.cccco.edu/Outcomes/Course\\_Ret\\_Success.aspx](http://datamart.cccco.edu/Outcomes/Course_Ret_Success.aspx))*
