Eric,

Your unexpected back-stage tour of the theatre yesterday was a delight. The group - young students from the Naval Postgraduate School - were delighted. Many of them had no idea there were programs at the college and university level here in the US. For most of them there is something folk learn as apprentices - not students. Thank you for taking the time to explain things to these folk.

Something else you accomplished is an interest in attending a show. Now they have an idea - the interest went way up - better than my talking them - which I always do.

Thank you again Eric. For me it was fun to meet a fellow Progeny of the Gold Coast. All the best,
Dick Powell
