MONTEREY PENINSULA COLLEGE

2019-2020 Warning - Progressive Form

NAME: _____

You have been placed in a Progressive Warning Status for Federal Financial Aid. You were on Warning for the last semester here at Monterey Peninsula College, due to not maintaining SAP. After completing the warning semester, you have increased your Cumulative GPA (CGPA) and/or Cumulative Pace Progression (CPP) but are still below the standards. This is the reason for the Progressive Warning Status. If after any semester you drop below the CGPA and/or CPP, that you are maintaining, or if you reach the Maximum Timeframe, you will be placed in a Loss of Eligibility Status. Once you have reached or surpassed the SAP Standards you will be taken off of the Progressive Warning Status.

SAP Policy Standards:
1. Maintain a 2.0 Cumulative Grade Point Average (CGPA) or greater.
2. Maintain at least 2/3 percentage (approximately 66.67%) Cumulative Pace Progression (CPP).
3. Complete your Program of Study (Major) within the 150% Maximum Timeframe, 90 units attempted
