Program Overview

Nurses take care of the ill and injured and provide preventive care. Combining medical knowledge with compassion and customer service skills, nurses work in a variety of settings, from hospitals to health education. Ranked as one of the top five nursing programs in California, the Maurine Church Coburn School of Nursing (MCCSN) is approved by the California Board of Registered Nursing and accredited by the Accrediting Commission for Education in Nursing, and is a National Student Nurses' Association "Stellar School."

Job Outlook

Thanks to overall population growth and increased demand from the aging Baby Boomer generation, the job outlook in nursing is robust. Hiring for registered nurses is projected to grow 16% statewide through 2026. Program graduates may immediately apply for licensing as a registered nurse, or go on to pursue further training for specialized roles such as nurse anesthetists, nurse practitioners, or midwives.

CAREERS

Registered Nurses

\$71,230 - \$163,830

*Nurse Practitioners

\$104,890 - \$189,950

*Nurse Midwives

\$103,260 - \$201,430

This is a suggested sequence of coursework and is one pathway for students to earn their degree/certificate. This is not an official educational plan. A counselor is able to assist you with creating a personalized education plan based on your academic, career, and personal goals. For more information about counseling and up-to-date program requirements, please visit www.mpc.edu/counseling.

If you are looking for a truly great nursing school, look no further. MCCSN's curriculum is finely tuned, down to the smallest detail. The education I received at MCCSN has built a solid foundation for me to become an effective, safe, and compassionate nurse.
