## **Executive Summary**

---

## EXECUTIVE SUMMARY

---

Monterey Peninsula College (MPC) operates three campuses on the Monterey Peninsula: the Monterey campus at 980 Fremont Street in Monterey, which opened in 1965; the Marina Education Center at 289 12th Street in Marina; and the Public Safety Training Center at 2642 Colonel Durham St. in Seaside.

The college has a diverse population of 10,300 students (6800 FTES) that reflects the population of the greater Monterey Peninsula Community.

MPC is committed to its mission as an open-access institution that fosters student learning and achievement within its diverse community and provides high quality instructional programs, services, and infrastructure to support the goals of students pursuing transfer, career training, basic skills, and lifelong learning opportunities. To that end, MPC strives to

- Cultivate collaboration to promote student success,
- Recruit and retain highly qualified faculty and staff,
- Provide students and staff with clean, accessible, attractive, and safe facilities, and
- Provide equipment and training sufficient to support student learning and achievement.

Ensuring student equity throughout MPC's programs and services is essential and the Governing Board has established the following as part of the College's 2014-2017 Institutional Goals and Supporting Objectives:

**Goal 1:** Help Students achieve their educational goals.

**Objective 1.2:** Develop and implement Student Success and Equity Plans.

**Objective 1.4:** Provide essential support services for the Marina Education Center and the Seaside Public Safety Center.

**Objective 1.6:** Maximize systematic participation in the Instructor and Program Reflections process for continuous quality improvement.

All of which allows the college to ensure equity in its planning.

This update to the Monterey Peninsula College Student Equity Plan began with formation of a subcommittee derived from members of the college wide Student Success and Support Program Committee that meets a minimum of once each semester. This group reviewed, analyzed, and discussed student equity success data developed by the Office of Institutional Research and subsequently evaluated and identified goals, activities, and outcomes for the plan. The completed plan was shared with and updated after input from the councils and committees that comprise the College's shared governance structure before submission to the Chancellor's Office.

### **Target Groups**

Using the student equity success indicators identified by the Board of Governors, the Student Equity Planning Committee discussed and analyzed data on Access, Course Completion, ESL and Basic Skills Completion, Degree and Certificate Completion, and Transfer. Each success indicator was analyzed using disaggregated subgroups of gender and ethnicity.

The data used in this analysis was compiled from the 2010 US Census, MPC Office of Institutional Research, MIS Referential files, CCCCCO Data Mart, and the Student Success Scorecard (2014 Report).

Disproportionate impact was evaluated using two methodologies: proportionality and the 80% Rule. The 80% Rule compares the percentage of each sub group population to the percentage attained by a reference population. In each case, the reference population is the highest performing group in that area. Groups considered to have experienced a disproportionate impact are those with a success rate of 80% or less of the highest performing group. The 80% Rule was used to determine existence of a disproportionate impact in Course Completion, Certificate and Degree Completion, and Transfer. Proportionality was used to determine the presence of a disproportionate impact in Academic and Progress Probation and Dismissal.

Although current data identifying possible disproportionate impacts for low-income students, foster youth, veterans, and students with disabilities was unavailable, the Student Equity Planning Committee identified goals and activities that would minimize any potential disproportionate impacts on these population groups.

### **Goals and Outcomes**

Analysis of the data indicates that several population groups are experiencing a disproportionate impact and that students pursuing vocational programs would greatly benefit from several intrusive interventions. The data is summarized below.

1. **Access:** African American females, Hispanic/Latina females, multi-ethnic females, multi-ethnic males, and males of unknown ethnicity are applying to MPC and enrolling at disproportionately lower rates.
2. **Course Completion:** Male students and students from several ethnicities placed below 80% for their basic skills completion rates. American Indian/ Alaskan Native students are disproportionately impacted in their course completion rates for credit, degree applicable, and transferable courses. Students pursuing vocational degrees are noticeably achieving at below the 80% rate compared to the reference groups. Please note that course completion data must be analyzed with caution as several of the population groups are small in number and may not represent a disproportionate impact. Nevertheless, the College is committed to ensuring equity for all students and has established goals and activities to mitigate any possible disproportionate impacts and will continue to collect and monitor data to ensure equity.
3. **ESL and Basic Skills:** Students beginning two levels below college level English are successfully completing English 1A at lower rates than the general population.

4. **Degree and Certificate Completion:** Another section where caution is advised when extrapolating points from the data. There are several population groups who show a disproportionate impact on degree and/or certificate completion. Additionally, Hispanic/Latino, students of unknown ethnicity, and male students are each experiencing a disproportionate impact on their completion of degree applicable units.
5. **Transfer:** Students of all ethnicities appear to have a disproportionate impact on their transfer rates when compared to the reference group.

### **Activities**

**A. STUDENT SUCCESS INDICATOR FOR ACCESS** - *“Compare the percentage of each population group that is enrolled to the percentage of each group in the adult population within the community serve”*

**A.1** - The Student Equity Planning Committee has established a goal to increase the enrollment numbers of all students who reside within the District’s service area, with a particular emphasis on low-income, educationally disadvantaged populations in the cities of Seaside and Marina.

**A.2** – Provide resources and support to veterans, foster youth, low income students, and students with disabilities to support their access to Monterey Peninsula College.

**B. STUDENT SUCCESS INDICATOR FOR COURSE COMPLETION** - *“Ratio of the number of credit courses that students by population group actually complete by the end of the term compared to the number of courses in which students in that group are enrolled on the census day of the term”*

**B.1** – Based upon the data collected, the Student Equity Planning Committee has established a goal to increase the completion rates for students, with a particular emphasis on low-income, educationally disadvantaged populations.

**B.2** – Based upon the data collected, the Student Equity Planning Committee has established a goal to increase the completion rate of students pursuing vocational programs.

**B.3** – Based upon the data collected, the Student Equity Planning Committee has established a goal to reduce the number of students who are on academic/progress probation and/or dismissal.

**B.4** – The Student Equity Planning Committee has established a goal to provide additional resources and support to veterans, foster youth, low income students, and students with disabilities to support their course completion rates.

**C. STUDENT SUCCESS INDICATOR FOR ESL AND BASIC SKILLS COMPLETION** - *“Ratio of the number of students by population group who complete a degree-applicable course after having completed the final ESL or basic skills course to the number of those students who complete such a final course”*

**C.1** – Based upon the data collected, the Student Equity Planning Committee has established a goal to increase the success rate for students enrolling in basic skills courses, with particular focus on African American, American Indian/Alaskan Native, Hispanic/Latino, Pacific Islander, students of unknown ethnicity, and male students.

**C.2** – The Student Equity Planning Committee has established a goal to increase the completion rates of students enrolled in lower level English as a Second Language courses.

**C.3** – The Student Equity Planning Committee has established a goal to provide additional resources and support to veterans, foster youth, low income students, and students with disabilities to support their course completion rates.

**D. STUDENT SUCCESS INDICATOR FOR DEGREE AND CERTIFICATE COMPLETION** - *“Ratio of the number of students by population group who receive a degree or certificate to the number of students in that group with the same informed matriculation goal”*

**D.1** – Based upon the data collected, the Student Equity Planning Committee has established a goal to increase the degree and certificate completion rates of students who identify these goals on their Application for Admission.

**D.2** – Based upon the data collected, the Student Equity Planning Committee has established a goal to increase the number of male, Hispanic/Latino, and students of unknown ethnicity who complete degree applicable units.

**D.3** – The Student Equity Planning Committee has established a goal to provide additional resources and support to veterans, foster youth, low income students, and students with disabilities to support their degree and certificate completion rates.

**E. STUDENT SUCCESS INDICATOR FOR TRANSFER** - *“Ratio of the number of students by population group who complete a minimum of 12 units and have attempted a transfer level course in mathematics or English to the number of students in that group who actually transfer after one or more (up to six) years”*

**E.1** – Based upon the data collected, the Student Equity Planning Committee has established a goal to increase the overall transfer rate for students.

**E.2** – The Student Equity Planning Committee has established a goal to provide additional resources and support to veterans, foster youth, low income students, and students with disabilities to support an increase in their rates.

**Resources Budgeted**

Resources to implement these activities will come from a number of different sources, including funds allocated to:

- Student Equity
- Student Success and Support Program (3SP)
- EOPS
- TRiO
- Basic Skills
- Access Resource Center
- CalWORKs
- California Mental Health Services Authority – “Making Sense of Student Life” Grant

Additional budget and funding details are provided in the Budget section of this plan.

## **Campus-Based Research**

---

---

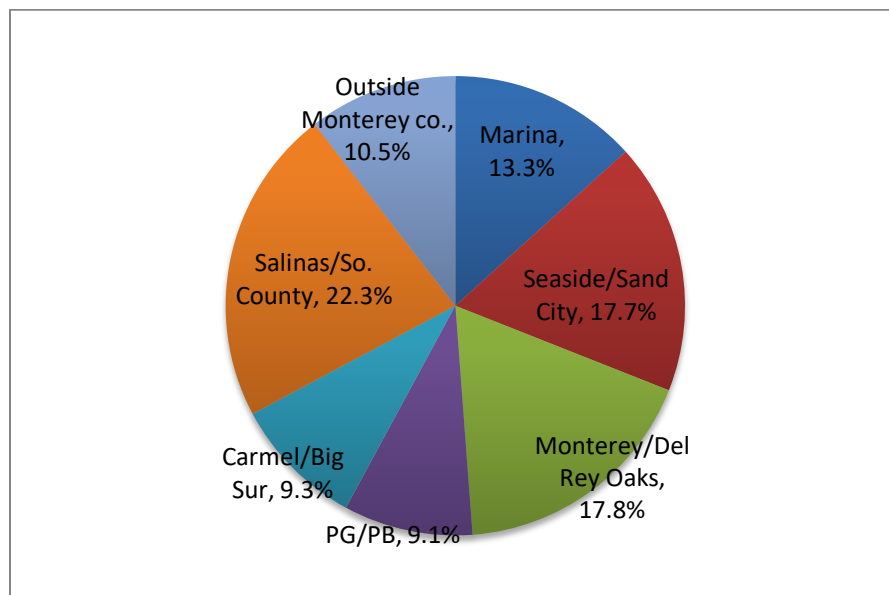

**CAMPUS-BASED RESEARCH**

---

**A. ACCESS.** Compare the percentage of each population group that is enrolled to the percentage of each group in the adult population within the community served.

**1. Ethnicity of enrolled students (broken down by zip code) compared to ethnicity of adults in service area (broken down by zip code)**

The chart below shows the city of residence of MPC students in fall 2013. Students enrolled through Public Safety contract courses in fall 2013 were not included. It should be noted that over 30% of MPC students in fall 2013 resided in cities outside MPC’s service area (“Salinas/So. County” and “Outside Monterey co.”).

*Data source: MPC OIR, MIS Referential files, Fall 2013*

The chart below compares ethnicity of MPC students enrolled in fall 2013 to the ethnicity in MPC's service area at the time of the 2010 U.S. Census. Students enrolled through Public Safety contract courses in fall 2013 were not included.

*Data sources: Students: MPC OIR, MIS Referential files, Fall 2013  
Community: 2010 U.S. Census*

The tables below compare the ethnicity of residents in several cities in MPC’s service area to the ethnicity of enrolled students from those cities.

| District Total:                           | 5,839 (54.2%)      | 3,279 ( 30.5 %)   | 2,353 ( 21.9 %)                      |
| <a href="#">County Total:</a>             | 57,385 (76.8%)     | 30,608 ( 41.0 %)  | 16,746 ( 22.4 %)                     |
| <a href="#">State Totals:</a>             | 3,321,274 (53.3%)  | 1,413,549 (22.7%) | 1,273,561 (20.4%)                    |

**2. Ethnicity and Gender of students who applied but did not register compared to Ethnicity and Gender of registered students**

The table below compares ethnicity and gender of MPC students enrolled in fall 2013 to the ethnicity and gender of applicants who applied but did not enroll. Students enrolled through Public Safety contract courses in fall 2013 were not included in the columns “Enrolled students”.

We then employed a proportionality index to determine disproportionate impact. The proportionality index helps to determine whether the profile of students in the general population (enrolled students) matches the profile of students in “at risk” category (students who applied but did not enroll). Within each ethnicity group, we compare the percentage of students in the “at risk” category to the percentage in the enrolled student population. Cells highlighted in **yellow** illustrate areas of concern. For example, African-American female students are 3.6% of enrolled female students; however, they are 4.3% of female students who applied but did not enroll.

|                         | Females           |                            |                       | Males             |                            |                       |
|-------------------------|-------------------|----------------------------|-----------------------|-------------------|----------------------------|-----------------------|
|                         | Enrolled students | Applied but did not enroll | Proportionality Index | Enrolled students | Applied but did not enroll | Proportionality Index |
| African-American        | 3.6%              | 4.3%                       | 1.2                   | 5.1%              | 5.1%                       | 1.0                   |

**CAMPUS-BASED RESEARCH**

**B. COURSE COMPLETION.** Ratio of the number of credit courses that students by population group actually complete by the end of the term compared to the number of courses in which students in that group are enrolled on the census day of the term.

1. Successful Course Completion Rates by Ethnicity and Gender

The table below shows successful course completion rates, by ethnicity, for Basic Skills courses in Fall 2013. We used the “80% Rule” to determine disproportionate impact. For Basic Skills courses, “Multi-Ethnicity” students were the reference group as this group had the highest success rate at 81.82%. Five groups (shown in yellow) fell below 80% of the highest success rate.

|                         | Basic Skills     |               |              |           |
|-------------------------|------------------|---------------|--------------|-----------|
|                         | Enrollment Count | Success Count | Success Rate | 80% Index |
| African-American        | 84               | 44            | 52.38%       | 64.02%    |
| Amer Ind/Alaskan Native | 10               | 6             | 60.00%       | 73.33%    |
| Asian                   | 98               | 69            | 70.41%       | 86.05%    |
| Hispanic                | 551              | 350           | 63.52%       | 77.64%    |
| Multi-Ethnicity         | 44               | 36            | 81.82%       | 100.00%   |
| Pacific Islander        | 25               | 16            | 64.00%       | 78.22%    |
| Unknown                 | 42               | 27            | 64.29%       | 78.57%    |
| White Non-Hispanic      | 233              | 169           | 72.53%       | 88.65%    |

Statewide success rate for Basic Skills courses is 63.43%

*Data source: CCCCO Data Mart, Outcomes, Enrollment Retention and Success Rate, Fall 2013*

We then examined successful course completion rates, by ethnicity **and** gender, for Basic Skills courses in Fall 2013. We used the “80% Rule”, *within each ethnicity group*, to determine disproportionate impact for gender. Within each ethnicity group, females were the reference group as females had higher success rates. For five ethnicity groups (shown in yellow), the success rates for males fell below 80% of the success rate for females.

|                         | Success Rate Females | Success Rate Males | 80% Index |
|-------------------------|----------------------|--------------------|-----------|
| African-American        | 66.67%               | 44.44%             | 66.66%    |
| Amer Ind/Alaskan Native | 66.67%               | 0.00%              | 0.00%     |
| Asian                   | 76.79%               | 61.90%             | 80.61%    |
| Hispanic                | 71.62%               | 53.94%             | 75.31%    |
| Multi-Ethnicity         | 90.00%               | 75.00%             | 83.33%    |
| Pacific Islander        | 80.00%               | 53.33%             | 66.66%    |

|                    |        |        |        |
|--------------------|--------|--------|--------|
| Unknown            | 65.00% | 60.00% | 92.31% |
| White Non-Hispanic | 76.27% | 68.70% | 90.07% |

*Data source: CCCCO Data Mart, Outcomes, Enrollment Retention and Success Rate, Fall 2013*

The table below shows successful course completion rates, by ethnicity, for *credit* courses in Fall 2013. Only one group, American Indian/Alaskan Native, fell below 80% of the highest group.

|                         | Credit           |               |              |           |
|-------------------------|------------------|---------------|--------------|-----------|
|                         | Enrollment Count | Success Count | Success Rate | 80% Index |
| African-American        | 1,052            | 665           | 63.22%       | 84.20%    |
| Amer Ind/Alaskan Native | 102              | 60            | 58.82%       | 78.34%    |
| Asian                   | 1,862            | 1,398         | 75.08%       | 100.00%   |
| Hispanic                | 7,602            | 4,915         | 64.65%       | 86.11%    |
| Multi-Ethnicity         | 1,177            | 843           | 71.62%       | 95.39%    |
| Pacific Islander        | 196              | 138           | 70.41%       | 93.78%    |
| Unknown                 | 561              | 403           | 71.84%       | 95.68%    |
| White Non-Hispanic      | 8,090            | 6,066         | 74.98%       | 99.87%    |

Statewide success rate for **all** Credit courses is 69.61%. MPC rates do not include Public Safety contract courses.

*Data source: MPC OIR, MIS Referential files, Fall 2013*

We then examined successful course completion rates, by ethnicity **and** gender, for *Credit* courses in Fall 2013. We used the “80% Rule”, *within each ethnicity group*, to determine disproportionate impact for gender. For some ethnicity groups, females were the reference group; for other ethnicity groups males were the reference group. There was no disproportionate impact for gender within any of the ethnicity groups.

|                         | Success Rate | Success Rate | 80% Index |
|-------------------------|--------------|--------------|-----------|

*Data source: CCCCO Data Mart, Outcomes, Enrollment Retention and Success Rate, Fall 2013*

The table below shows successful course completion rates, by ethnicity, for *vocational* courses in Fall 2013. It should be noted that the table below does NOT include enrollments in the Public Safety contract courses. Three ethnicity groups (as shown in yellow), fell below 80% of the highest group.

|                         | Vocational       |               |              |           |
|-------------------------|------------------|---------------|--------------|-----------|
|                         | Enrollment Count | Success Count | Success Rate | 80% Index |
| African-American        | 160              | 82            | 51.25%       | 62.64%    |
| Amer Ind/Alaskan Native | 27               | 17            | 62.96%       | 76.95%    |
| Asian                   | 375              | 283           | 75.47%       | 92.24%    |
| Hispanic                | 1,377            | 888           | 64.49%       | 78.82%    |
| Multi-Ethnicity         | 204              | 149           | 73.04%       | 89.27%    |
| Pacific Islander        | 33               | 27            | 81.82%       | 100.00%   |
| Unknown                 | 85               | 63            | 74.12%       | 90.59%    |
| White Non-Hispanic      | 1,542            | 1,138         | 73.80%       | 90.20%    |

Statewide success rate for **all** Vocational courses is 74.04%. MPC rates do not include Public Safety contract courses.

*Data source: MPC OIR, MIS Referential files, Fall 2013*

The college conducted a series of follow-up analyses to examine successful course completion rates, by ethnicity, for *each vocational area* in Fall 2013. The college also examined successful course completion rates for each vocational area, **by gender**.

|                         | ADMJ             |               |              |           |
|-------------------------|------------------|---------------|--------------|-----------|
|                         | Enrollment Count | Success Count | Success Rate | 80% Index |

*Data source: MPC OIR, MIS Referential files, Fall 2013*

We then employed a proportionality index to determine disproportionate impact. The proportionality index helps to determine whether the profile of students in the general population (all enrolled students) matches the profile of students in “at risk” category, such as probation or dismissal status. Within each ethnicity group, we compare the percentage of students in the “at risk” category (probation, dismissal) to the percentage in the overall student population. Cells highlighted in yellow illustrate areas of concern. For example, Hispanic/Latino students are 30.68% of the overall student population; however, they are 49.37% and 44.37% of the students on probation and dismissal, respectively.

|                         | Enrolled students - % by ethnicity | Probation % by ethnicity | Probation Proportionality Index | Dismissal % | Dismissal Proportionality Index |
|-------------------------|------------------------------------|--------------------------|---------------------------------|-------------|---------------------------------|

**2. Unit accumulation**

The table below shows the average number of cumulative earned degree applicable units, by ethnicity, for Fall 2013. We used the “80% Rule” to determine disproportionate impact. American Indian/Alaskan Native students were the reference group as this group had the highest average number of degree applicable units. Two groups (shown in yellow) fell below 80% of the highest success rate.

|                         | Avg. number of earned degree applicable units | 80% Index |
|-------------------------|---|-----------|
| African-American        | 28.5  | 83.09%    |
| Amer Ind/Alaskan Native | 34.3  | 100.00%   |
| Asian                   | 29.7  | 86.59%    |
| Hispanic                | 24.2  | 70.55%    |
| Multi-Ethnicity         | 28.5  | 83.09%    |
| Pacific Islander        | 28.7  | 83.67%    |
| Unknown                 | 13.1  | 38.19%    |
| White Non-Hispanic      | 28.9  | 84.25%    |

*Data source: MPC OIR, MIS Referential files, Fall 2013*

The table below shows the average number of cumulative earned degree applicable units, by gender, for Fall 2013. The number of degree applicable units for males fell below 80% of the number of degree applicable units for females.

|        | Avg. number of earned degree applicable units | 80% Index |
|--------|---|-----------|
| Female | 24.2  | 100.00%   |
| Male   | 18.8  | 77.69%    |

*Data source: MPC OIR, MIS Referential files, Fall 2013*

The table below shows average number of earned degree applicable units, by ethnicity **and** gender, in Fall 2013. . We used the “80% Rule”, *within each ethnicity group*, to determine disproportionate impact for gender. For most ethnicity groups, females were the reference group. The areas highlighted in **yellow** disproportionate impact for gender; there were several ethnicity groups where male students attained fewer degree applicable units than did female students.

|                         | Avg. number of earned degree applicable units |        | 80% Index |
|-------------------------|---|--------|-----------|
|                         | Male  | Female |           |
| African-American        | 20.8  | 27.2   | 76.47%    |
| Amer Ind/Alaskan Native | 23.0  | 20.4   | 88.69%    |
| Asian                   | 23.7  | 27.2   | 87.13%    |
| Hispanic                | 17.5  | 22.5   | 77.78%    |
| Multi-Ethnicity         | 26.8  | 27.3   | 98.17%    |
| Pacific Islander        | 21.4  | 28.7   | 74.56%    |
| Unknown                 | 6.8   | 10.3   | 66.02%    |
| White Non-Hispanic      | 19.2  | 25.9   | 74.13%    |

| Asian                 | 264         | 143       | 54.17%        | 100.00%   |
| Filipino*             | 160         | 50        | 31.25%        | 57.69%    |
| Hispanic              | 602         | 176       | 29.23%        | 53.96%    |
| Multi-Ethnicity*      | n/a         | n/a       | n/a           |           |
| Pacific Islander      | 87          | 28        | 32.18%        | 59.41%    |
| Unknown/Other         | 287         | 114       | 39.72%        | 73.32%    |
| White Non-Hispanic    | 1,306       | 554       | 42.42%        | 78.31%    |

*Data source: Student Success Scorecard, 2014 Report, Cohort Years 2003-04 through 2007-08*

*Note: The ethnicity group “Filipino” was reported as a separate group in cohort years 2003-04 through 2007-08; the “multi-ethnicity” designation was not reported during this time*

---

## Goals and Activities

---

**GOALS AND ACTIVITIES**

**A. STUDENT SUCCESS INDICATOR FOR ACCESS**

*“Compare the percentage of each population group that is enrolled to the percentage of each group in the adult population within the community serve”*

**GOAL A.**

**A.1** - The Student Equity Planning Committee has established a goal to increase the enrollment numbers of all students who reside within the District’s service area, with a particular emphasis on low-income, educationally disadvantaged populations in the cities of Seaside and Marina..

**A.2** – Provide resources and support to veterans, foster youth, low income students, and students with disabilities to support their access to Monterey Peninsula College.

**ACTIVITY A.1** (Please include the target date in chronological order and identify the responsible person/group for each activity)

| GOAL  | OBJECTIVE/ACTIVITY   | EXPECTED OUTCOMES AND TIMELINE                         | RESPONSIBLE PARTY   |
|---|--|--|---|
| Goal A.1 - The Student Equity Planning Committee has established a goal to increase the enrollment numbers of all students who reside within the District’s service area, with a particular emphasis on low-income, educationally | 1. Develop a comprehensive plan to coordinate outreach activities<br>2. ## GOALS AND ACTIVITIES

---

### **B. STUDENT SUCCESS INDICATOR FOR COURSE COMPLETION**

“Ratio of the number of credit courses that students by population group actually complete by the end of the term compared to the number of courses in which students in that group are enrolled on the census day of the term”

---

### **GOAL B.**

**B.1** – Based upon the data collected, the Student Equity Planning Committee has established a goal to increase the completion rates for American Indian/Alaskan Native students in credit, degree applicable, and transferable courses.

**B.2** – Based upon the data collected, the Student Equity Planning Committee has established a goal to increase the completion rate of students pursuing vocational programs, with a particular focus on students pursuing Administration of Justice, Graphic Arts, Business Study Skills, Business, Computer Science and Information Systems, Fashion Design, Human Services, Interior Design, Medical Assisting, Nutrition programs.

**B.3** – Based upon the data collected, the Student Equity Planning Committee has established a goal to reduce the number of students who are on academic/progress probation and/or dismissal.

**B.4** – The Student Equity Planning Committee has established a goal to provide additional resources and support to veterans, foster youth, low income students, and students with disabilities to support their course completion rates.

**ACTIVITY B.1** (Please include the target date in chronological order and identify the responsible person/group for each activity)

| GOAL  | OBJECTIVE/ACTIVITY   | EXPECTED OUTCOMES AND TIMELINE   | RESPONSIBLE PARTY   |
|---|--|--|---|
| Goal B.1 - Increase the overall completion rate for students, with a particular emphasis on low-income, educationally disadvantaged populations         | <ol style="list-style-type: none"> <li>1. Develop a Summer Bridge program</li> <li>2. Increase and promote tutorial support</li> <li>3. Promote the PERS 50 course, the Math Learning Center, and the English Study Skills Center</li> <li>4. Develop community building activities on campus targeted toward low-income, educationally disadvantaged populations</li> </ol> | Summer 2015 <ul style="list-style-type: none"> <li>• Increase in the completion rates for American Indian/Alaskan Native students in Credit, Degree Applicable, and Transfer courses</li> </ul>            | <ul style="list-style-type: none"> <li>• Dean of Student Services</li> <li>• Student Success and Support Program Coordinator</li> <li>• Counseling Department Chair</li> <li>• Student Equity Coordinator</li> <li>• Basic Skills Initiative Committee</li> </ul> |
| Goal B.2 - Increase the completion rate for African American, American Indian/Alaskan Native, and Hispanic/Latino students pursuing vocational programs | <ol style="list-style-type: none"> <li>1. Develop outreach and in-reach support and workshops on study skills, time management, education planning, career counseling</li> <li>2. Target and promote counseling services for students in CTE programs</li> </ol>   | Spring 2015 <ul style="list-style-type: none"> <li>• Increase in the completion rates for African American, American Indian/Alaskan Native, and Hispanic/Latino students in vocational programs</li> </ul> | <ul style="list-style-type: none"> <li>• EOPS Coordinator</li> <li>• Student Success and Support Program Coordinator</li> <li>• Student Equity Coordinator</li> <li>• Basic Skills Initiative Committee</li> </ul>  |

|   |  |  |   |
|---|--|--|---|
| <p>Goal B.3 - Reduce the number of students on Academic and/or Progress Probation</p> | <ol style="list-style-type: none"> <li>1. Develop a workshop series that addresses study skills</li> <li>2. Conduct follow-up workshops for students on academic dismissal and/or probation</li> <li>3. Increase student usage of the English and Study Skills Center and the Math Learning Center</li> </ol>        | <p>Spring 2015</p> <ul style="list-style-type: none"> <li>• Reduction in the number of students on Academic Probation/Dismissal</li> <li>• Increase in the number of students on Academic Probation/Dismissal seeking and receiving additional support</li> <li>• Increase in student success rates</li> </ul> | <ul style="list-style-type: none"> <li>• Counseling Department Chair</li> <li>• EOPS Coordinator</li> <li>• Student Success and Support Program Coordinator</li> <li>• English and Study Skills Center Director</li> <li>• Student Equity Coordinator</li> <li>• Basic Skills Initiative Committee</li> </ul> |
| <p>Goal B.4 - Veterans</p>  | <ol style="list-style-type: none"> <li>1. Incorporate the 8 key activities for veterans success</li> <li>2. Collaborate with various agencies that provide additional support to veterans</li> <li>3. Collaborate with on campus Access Resource Center to offer disability and accommodation information</li> </ol> | <p>Fall 2015</p> <ul style="list-style-type: none"> <li>• Increase in completion rates for veteran students</li> </ul>   | <ul style="list-style-type: none"> <li>• Veterans Representative/School Certifying Official</li> <li>• Counseling Department Chair</li> <li>• Student Health Services</li> <li>• Access Resource Center Coordinator</li> </ul>  |
|   | <ol style="list-style-type: none"> <li>1. Training for staff on issues and challenges unique to veterans</li> </ol>  |  | <ul style="list-style-type: none"> <li>• Veterans Representative/School Certifying Official</li> <li>• Student Health Services</li> </ul>   |

|  |   |  |   |
|--|---|--|---|
|  | <ol style="list-style-type: none"> <li>1. Crisis Intervention Training: “Warning Signs of Students in Crisis” for faculty and staff</li> <li>2. Suicide Prevention and Mental Health &amp; Wellness Training for faculty, staff, and students</li> <li>3. Faculty and staff training on working with veterans</li> <li>4. Develop a Veterans of Campus Peer Program</li> <li>5. Develop a Monthly Veterans Support Group</li> </ol> | <p>Fall 2014</p> <ul style="list-style-type: none"> <li>• Workshops presented by the Monterey County Behavioral Health Department</li> </ul> <p>Spring 2015</p> <ul style="list-style-type: none"> <li>• Kognito “At-Risk on Campus” Suicide Prevention Training for staff</li> </ul>                        | <ul style="list-style-type: none"> <li>• Making Sense of Student Life Project Coordinator</li> <li>• Student Health Services</li> </ul> |

---

## GOALS AND ACTIVITIES

---

### C. STUDENT SUCCESS INDICATOR FOR ESL AND BASIC SKILLS COMPLETION

*“Ratio of the number of students by population group who complete a degree-applicable course after having completed the final ESL or basic skills course to the number of those students who complete such a final course”*

---

#### GOAL C.

**C.1** – Based upon the data collected, the Student Equity Planning Committee has established a goal to increase the success rate for students enrolling in basic skills courses, with particular focus on African American, American Indian/Alaskan Native, Hispanic/Latino, Pacific Islander, students of unknown ethnicity, and male students.

**C.2** – The Student Equity Planning Committee has established a goal to increase the completion rates of students enrolled in lower level English as a Second Language courses.

**C.3** – The Student Equity Planning Committee has established a goal to provide additional resources and support to veterans, foster youth, low income students, and students with disabilities to support their course completion rates.

**ACTIVITY C.1** (Please include the target date in chronological order and identify the responsible person/group for each activity)

| GOAL  | OBJECTIVE/ACTIVITY   | EXPECTED OUTCOMES AND TIMELINE   | RESPONSIBLE PARTY  |
|---|--|--|--|
| Goal C.1 - Increase the completion rates for students in basic skills courses | <ol style="list-style-type: none"> <li>1. Coordinate basic skills support efforts</li> <li>2. Promote the College Success workshops and services</li> <li>3. BSI funded intensive math project</li> <li>4. Instructional specialist in the Math Learning Center</li> <li>5. Tutoring</li> <li>6. ## GOALS AND ACTIVITIES

---

### D. STUDENT SUCCESS INDICATOR FOR DEGREE AND CERTIFICATE COMPLETION

*“Ratio of the number of students by population group who receive a degree or certificate to the number of students in that group with the same informed matriculation goal”*

---

#### GOAL D.

**D.1** – Based upon the data collected, the Student Equity Planning Committee has established a goal to increase the degree and certificate completion rates of students who identify these goals on their Application for Admission.

**D.2** – Based upon the data collected, the Student Equity Planning Committee has established a goal to increase the number of male, Hispanic/Latino, and students of unknown ethnicity who complete degree applicable units.

**D.3** – The Student Equity Planning Committee has established a goal to provide additional resources and support to veterans, foster youth, low income students, and students with disabilities to support their degree and certificate completion rates.

**ACTIVITY D.1** (Please include the target date in chronological order and identify the responsible person/group for each activity)

| GOAL  | OBJECTIVE /ACTIVITY   | EXPECTED OUTCOMES AND TIMELINE   | RESPONSIBLE PARTY   |
|---|---|--|---|
| <p>Goal D.1 - Increase the degree and completion rates of students who have identified this goal on their Application for Admission</p> | <p>1. Implement the Student Success and Support Program (3SP) Initiative activities (Assessment, Orientation, Counseling/Advising, and Follow-Up to At-Risk Students)</p> | <p>Spring 2015</p> <ul style="list-style-type: none"> <li>• Increase in the certificate and/or degree completion rates of students who have identified this goal on their Application for Admission</li> </ul> | <ul style="list-style-type: none"> <li>• Student Success and Support Program Coordinator</li> <li>• PERS 10: Introduction to College Success Instructors</li> <li>• Career/Transfer Resource Center Coordinator</li> <li>• Student Equity Coordinator</li> <li>• Basic Skills Initiative Committee</li> </ul> |
| <p>Goal D.2 - Increase the number of degree applicable units earned by Hispanic/Latino and Unknown ethnicity students</p>               | <p>1. Implement the Student Success and Support Program (3SP) Initiative activities (Assessment, Orientation, Counseling/Advising, and Follow-Up to At-Risk Students)</p> | <p>Fall 2014</p> <ul style="list-style-type: none"> <li>• Increase in the certificate and/or degree completion rate of Hispanic/Latino and Unknown ethnicity students</li> </ul>                               | <ul style="list-style-type: none"> <li>• Student Success and Support Program Coordinator</li> <li>• Counseling Department Chair</li> <li>• Outreach Coordinator</li> <li>• Student Equity Coordinator</li> <li>• Basic Skills Initiative Committee</li> </ul>   |
|   | <p>2. Implement a Summer Bridge Program</p>   | <p>Summer 2015</p> <ul style="list-style-type: none"> <li>• Increase in the certificate and/or degree completion rate of Hispanic/Latino and Unknown ethnicity students</li> </ul>                             | <ul style="list-style-type: none"> <li>• Student Success and Support Program Coordinator</li> <li>• Counseling Department Chair</li> <li>• Outreach Coordinator</li> <li>• Student Equity Coordinator</li> <li>• Basic Skills Initiative Committee</li> </ul>   |

|                         |  |   |   |
|-------------------------|--|---|---|
| Goal D.3 - Veterans     | 1. **GOALS AND ACTIVITIES**

---

**E. STUDENT SUCCESS INDICATOR FOR TRANSFER**

*“Ratio of the number of students by population group who complete a minimum of 12 units and have attempted a transfer level course in mathematics or English to the number of students in that group who actually transfer after one or more (up to six) years”*

---

**GOAL E.**

**E.1** – Based upon the data collected, the Student Equity Planning Committee has established a goal to increase the overall transfer rate for students, with a focus on African American and Pacific Islander students.

**E.2** – The Student Equity Planning Committee has established a goal to provide additional resources and support to veterans, foster youth, low income students, and students with disabilities to support an increase in their rates.

**ACTIVITY E.1** (Please include the target date in chronological order and identify the responsible person/group for each activity)

| GOAL   | OBJECTIVE /ACTIVITY  | EXPECTED OUTCOMES AND TIMELINE  | RESPONSIBLE PARTY  |
|--|--|---|--|
| Goal E.1 - Increase transfer rates of African American and Pacific Islander students | <ol style="list-style-type: none"> <li>1. Promote Career/Transfer Resource Center (CTRC)</li> <li>2. Make presentations in Ethnic Studies classes and at BSU club meeting</li> <li>3. Conduct summer bridge program</li> <li>4. Increase the number and variety of college representatives and their visits to the CTRC</li> <li>5. Provide student transfer announcements the student portal</li> </ol> | Spring 2015 <ul style="list-style-type: none"> <li>• Increase transfer rates for students</li> </ul>                                  | <ul style="list-style-type: none"> <li>• Counseling Department Chair</li> <li>• Career/Transfer Resource Center Coordinator</li> </ul>   |

# Budget

---

---

### SOURCES OF FUNDING

---

The budget of \$330,590 in Student Equity Funds outlined in this section includes costs that are allowable, reasonable and necessary for carrying out the program goals and objectives and is in compliance the mandates set forth in the Student Equity Plan. The budget's main expense is personnel supporting orientation, assessment, counseling/advising/other educational planning, follow-up services and coordination. Instructional support and student support activities are also included in the Student Equity plan to enhance services in categorical programs that directly support English as Second Language students, low-income student, students with disabilities, foster youth, and veterans. The budget includes key full-time staff assigned to support the various program services and activities as well as part-time staff to enhance instructional support and student development. The budget adequately supports student success by offering comprehensive instructional and educational enrichment services to assist the Student Equity Plan goals and objectives. All tasks are accomplished through careful use of project and college staff, coordinated facility use, and cost-effective budget planning.

Activities identified in this plan are funded through several sources including:

- Student Equity,
- Student Success and Support Program (3SP),
- EOPS,
- TRiO,
- Basic Skills Initiative,
- Access Resource Center,
- CalWORKs, and
- California Mental Health Services Authority – “Making Sense of Student Life” Grant.

**2014-15 Student Equity Proposed Budget**

| Category                              | Allocation       |
|---------------------------------------|------------------|
| Orientation                           | \$ 10,000        |
| Assessment                            | \$ 10,000        |
| Counseling/Advising/Other Ed Planning | \$150,000        |
| Follow-up Services                    | \$ 80,000        |
| Coordination                          | \$ 80,590        |
| <b>Total</b>                          | <b>\$330,590</b> |

---

## **Evaluation Schedule and Process**

---

## EVALUATION SCHEDULE AND PROCESS

---

The overall evaluation plan for the student equity program consists of two elements: 1) an annual coordination between the Student Equity Coordinator and the Office of Institutional Research to collect data and monitor progress on activity outcomes and 2) an ongoing internal review of the implementation of each activity, the day to day operations of the programs implementing each activity, and the progress made toward the identified goals. The second of these occurs with the annual program evaluation conducted as part of the Student Services Program Review process. The Vice President of Student Services is charged with the responsibility for conducting the Student Services Program Review which includes recommendations for programmatic changes needed to ensure that Student Services programs are successful at attaining stated annual objectives and are responsive at providing maximum benefit to student participants.

The evaluation procedures include a comprehensive data collection and internal monitoring process by collection of college staff including the Vice President for Student Services, Vice President for Academic Affairs, Director of Institutional Research, the Student Equity Coordinator and Student Success and Support Program Coordinator. These positions are responsible for preparing an annual Program Review Report for review and evaluation by the Vice President of Student Services that focuses on the Student Equity Program's progress in achieving the goals and activities outlined in the Student Equity Plan.

Each Spring term, to monitor progress on activity outcomes, the Student Equity Coordinator will coordinate with the Office of Institutional Research to collect data regarding any disproportionate impact on population groups according to ethnicity, gender, income, disability, foster youth, and veteran status. This information will be reviewed in conjunction with representative program reviews. The Student Equity Planning Committee will meet regularly to discuss findings and to regroup, redirect, and redefine goals and activities based on the findings.
