MODESTA'S SPIRIT AND COURAGE SCHOLARSHIP FUND

Est. 2012

On August of 2012, a very special woman left to the heaven's above. At the age of 47, Modesta Longoria passed away after a valiant battle with breast cancer. During her last weeks with us physically, many of us will never forget her telling us that although her body was tired, she herself - was not. This was a testament of her strong spirit and courageous journey with this unfortunate disease.

Modesta's ability to keep faith and hope alive was an inspiration that provided strength, support, and love to so many. In her honor, we are introducing a scholarship that will be available to students who demonstrate a commitment towards raising awareness about cancer, while persevering through challenges with a continued sense of hope.

It is our wish that through this scholarship, communities will be able to share in the spirit and courage of Modesta for many years!
