Executive Summary 2013-2014 Final Budget

Introduction

The Final Budget is the District's spending plan from September 15, 2013 through June 30, 2014. On or before September 15, the Board is required to hold a public hearing and adopt a Final Budget for the fiscal year. The Final Budget is based on "budget assumptions" developed from a number of sources including the Governor's May Revision, approved trailer bills, input from the Chancellor's Office, the Community College League of California, and the approved Budget Act for 2013-14.

Following is a summary indicating the projected beginning balances (based on the current 2013-14 adjusted budgets), 2013-14 final budgets, and projected ending balances for all funds maintained by the District:

MPC 2013-2014 Final Budget

The following is a summary indicating the projected beginning balances, 2013-2014 budgets, and projected ending balances for all funds maintained by the District:

Notes: Beginning Balance is prior to audit of 2012-2013 fiscal year end.

Ending Balance is calculated based on Beginning Balance and Budgets

All funds are budgeted to have positive ending fund balances. The unrestricted general fund maintains the Board established fund balance reserve of 10% of general fund expenditures.

All funds are budgeted to have positive ending fund balances. The unrestricted general fund maintains the Board established fund balance reserve of 10% of general fund expenditures. It should be noted that in the unrestricted general fund, district reserves and one-time funds totaling \$2.5M are being used to balance the budget. This structural deficit must be addressed to maintain fiscal stability in the long run.

Signs of Economic Improvement

Despite federal sequestration, most economists are anticipating acceleration in the nation's economic growth. The LAO projects 2% real growth in U.S. gross domestic product (GDP) in 2013 and 2.8% in 2014. The Federal spending sequester will likely moderate real GDP growth through mid-2013, but overall growth of the nation's economy will accelerate in the second half of the year. The LAO anticipates growth in private sector jobs will offset employment weakness in the public sector. Over the past twelve months, the fastest-growing major job category (in percentage terms) has been temporary help which is likely a sign of future hiring growth.

California's economic climate is also improving, with housing leading the way. Housing prices and construction activity are strengthening. The growth rates for home prices in coastal urban areas of the State will likely outpace the central valley. The State's construction industry is a large employer and major contributor to taxable sales. The LAO forecasts that between 2013 and 2018, growth in construction jobs will outpace that in nearly all other major employment categories, growing at about 5% per year. As of June 2013, the national unemployment rate was 7.6% compared to California at 8.5%. The unemployment rate in a healthy economy generally ranges between 4% and 5%.

The following chart is the LAO's estimate of state revenue from the "big three" sources of personal income tax; sales and use tax; and corporation tax.

LAO Revenue Forecast Summary General Fund and Education Protection Account Combined (In Millions)

	2011-12	2012-13	2013-14	2014-15	2015-16	2016-17	2017-18

Total Reveneues and Transfers	\$86,463	\$98,884	\$100,028	\$106,991	\$112,276	\$118,938	\$124,788

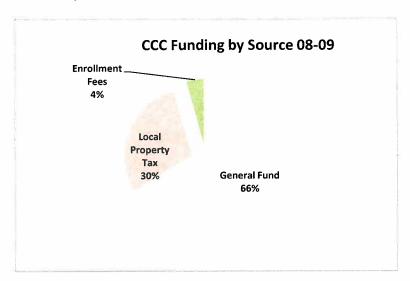

The LAO's projections clearly show revenues on the upswing. It should be noted that estimates include revenues generated from Proposition 30 known as the Education Protection Account. Approximately 50% of the special taxes generated from Prop 30 will sunset in four years and the balance in seven years unless there is agreement to extend the tax.

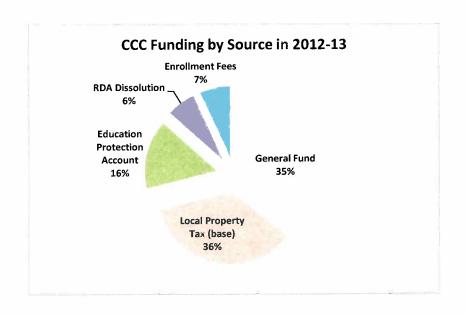

California Community Colleges

The approved Budget Act for 2013-14 calls for the following provisions for the California Community College system:

- Restore Access \$89.4 million (1.63%)
- COLA \$87.5 million (1.57%) first COLA since 2007-08
- Categoricals \$88 million
 - \$50 million for Student Success and Support
 - \$15 million for DSPS
 - \$15 million for EOPS
 - \$8 million for CalWorks
 - o Pay down deferral from \$961 million to \$592 million
 - o \$30 million for scheduled maintenance
 - o \$30 million for instructional equipment and library one time funds
 - o \$25 million planning grant for Adult Education grants to local consortia which must include at least one CCD and one K-12 Location Education Agency
 - o \$16.9 million for online education initiative
 - o \$47 million for energy conservation from Prop 39

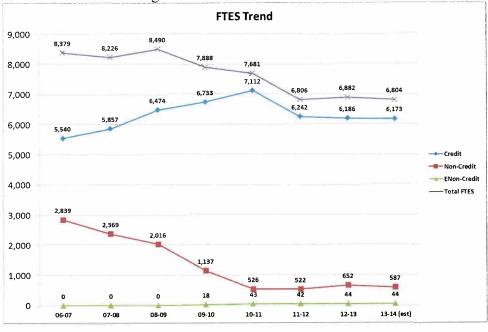

After years of revenue cuts during the "great recession", the community college system is beginning to see a slow restoration of funding. The restoration has been improved with the voter approved special tax (Prop 30) to support K-14 public education. The inclusion of EPA funds from Prop 30 and the shifting of RDA (redevelopment agency) funds to schools and the State have complicated community college apportionment projections. In 2008-09, about two-thirds of apportionment was General Fund approved in the Budget Act. It is now about one-third. Two-thirds of the apportionment is based on estimates that may or may not materialize, causing greater uncertainties for community college districts. Lack of a continuous appropriation is an increasing problem for the system.

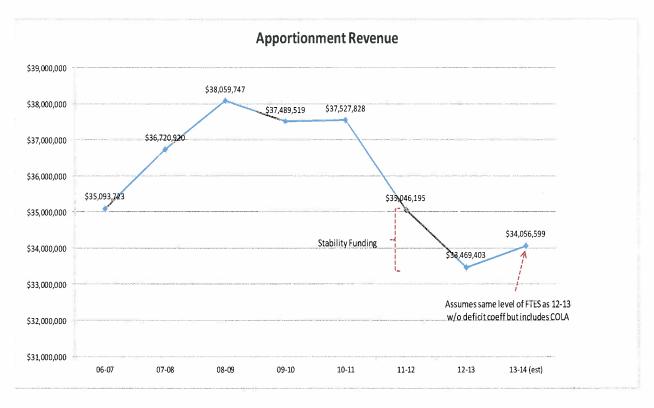

FTES Trend

A historical review of MPC's FTES trend shows that the college peaked in 2008-09 with 8,490 total FTES of which 76.3% were credit FTES. Starting in 2009-10, the state imposed a system wide workload reduction cutting unrestricted apportionment by \$190M. Growth/restoration funding of \$126M was added to the 2010-11 system wide, but MPC's total FTES generation continue to decline from the 2009-10 level. In 2011-12, the state imposed a large system wide workload reduction of \$385M based on a number of mid-year trigger cuts, and MPC's total FTES decreased to 6,806. The most recent enrollment numbers for Fall 2013 show that daily census headcount numbers are down 7% from Fall 2012. In light of recent trends and more restrictive repeatability legislation, changes to financial aid, and an improving economy, the final budget assumes the college will maintain a similar level of FTES production in 2013-14 as in 2012-13. Below is a chart showing trend:

MPC Apportionment Trend and Estimate for 2013-14

Approximately 95% of the unrestricted general fund revenues are generated by FTES. The mixture of credit, non-credit, and enhanced non-credit FTES determines the amount of apportionment earned by a college. At the high-water mark in 2008-09, MPC generated \$38,069,747 in apportionment based on 8,490 total FTES. Due to significant system wide workload reductions imposed by the State in 2009-10 and 2011-12, MPC's apportionment was reduced from \$38M to \$35M during the same time period. In 2011-12, MPC did not generate sufficient FTES to make its apportionment cap, therefore, the college received stability funding of \$1,387,840. This is shown in the following chart.

The Annual 320 attendance report recently submitted to the Chancellor's Office for 2012-13 indicates MPC will not reach its apportionment cap for the second year in a row. This will result in the State reducing MPC apportionment by \$1.28M at prior year recalculation. In estimating the college's apportionment revenue for 2013-14, the final budget assumes MPC will maintain the lower 2012-13 FTES levels while generating apportionment revenue totaling \$34,056,599. For budgeting purposes, it is important to utilize a conservative estimate of revenue until growth is demonstrated. Deficit coefficients have significantly reduced the actual apportionment received over the past three years. Since external factors such as student fees collected, property taxes, and RDA backfill are difficult to estimate, the apportionment estimate for 2013-14 assumes no deficit coefficient arising from these factors at this time.

MPC Budget Assumptions

The following budget assumptions will be used in developing the Final Budget for 2013-14. As noted earlier, these assumptions can change during the course of a fiscal year.

- Apportionment revenue estimated at \$34,056,599 assuming no deficit coefficient
- MPC will not earn back stability funding or any growth/restoration funds in 2013-14
- A Cost of Living Adjustment (COLA) of 1.57% is included in the apportionment estimate
- Mandated Costs Reimbursement Block grant will generate \$190,000 in one-time funds
- Revised lottery estimate shows approximately \$200,000 more revenue than indicated in the tentative budget
- Utilities budget increased by \$61,880 from the tentative budget because it was prematurely lowered before final accounting for 2012-13
- Decrease State Unemployment Insurance \$229,487 per MCOE
- Increase marketing and advertising by \$50,000
- Decrease library budget in UGF by \$68,000 for instructional equipment. New categorical grant will likely provide backfill
- Increase UGF backfill totaling \$48,000 for Matriculation and Supportive Services because Apprenticeship funding is no longer flexible and cannot be used as backfill
- Restricted Revenues
 - Instructional Equipment and Library funded at \$109,705
 - Scheduled Maintenance funded at \$109,713
 - No Apprenticeship Allowance loss of \$68,000

MPC Budget Response

In the past three years, MPC responses to budget deficits have been largely opportunistic. That is, taking advantage of opportunities to reduce expenditures as they arose, such as reducing staffing by attrition, reducing program costs due to reduction in state support, reducing instructional service agreements in response to the state's changing priorities, and restructuring MPC's defined health benefits plan. For budget year 2013-14, this "measured" approach will continue to allow the District to defer some difficult decisions until more is known about the true budget picture and FTES production.

The State has primed the community college system with over \$250M of growth/restoration funding. These funds are intended to restore the workload reductions imposed in 2009-10 and 2011-12. MPC is eligible for approximately \$5M of restoration funding, but must grow FTES in order to receive this funding. Administration has been focusing on growth in the following ways in order to reduce the deficit spending pattern by increasing revenues:

- Grow credit FTES
- Identify areas of high student demand
- Develop wait lists
- Remove impediments to registration
- Improve efficiency
- Improve student retention
- Increase outreach, advertising and marketing
- Using the new Student Success funding to relieve the unrestricted general fund support of certain categorical programs

At the same time, the district is continuing to examine ways to reduce expenses in operations, programs, positions, wages, and benefits. The vast majority of general fund expenses are in the areas of salaries and benefits, therefore subject to collective bargaining.

General Fund

The General Fund includes the general operating budgets for the District. Some monies are restricted as to their use and the fund is therefore separated by unrestricted and restricted.

Unrestricted General Fund

The District's primary financial activities for day-to-day operating revenues and expenses occur in the Unrestricted General Fund. Revenue is budgeted by the source of the funding and expenses are budgeted by their function. Amounts budgeted for revenue and expense in the Unrestricted General Fund show revenue and expense essentially balanced with an ending balance of \$3,859,523 which maintains the Board's 10% target reserve. The district is using \$2.5M in one-time funds and reserves to augment unrestricted revenues to balance the budget.

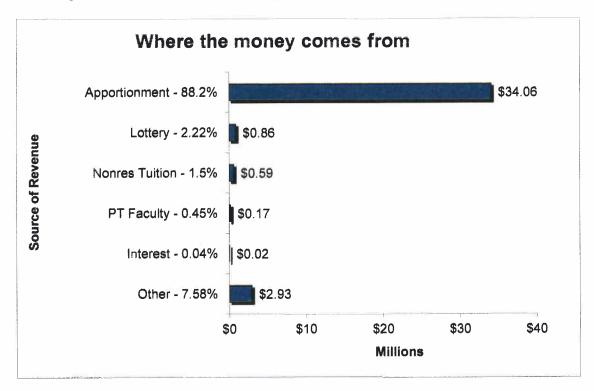

Unrestricted General Fund revenues for 2013-14 are estimated to be \$18,674 less than the adopted level in 2012-13. It should be noted that adopted 2012-13 revenues are high because they do not account for the anticipated deficit coefficient that is likely to range from \$250,000 to \$816,000, nor does it account for the loss of stability funding. The net change in revenue for 2013-14 accounts for loss of stability funding, mandated cost reimbursement revenue, and the 1.57% COLA. Unrestricted General Fund expenses are estimated to increase by \$452,231 from the 2012-13 adopted level. This is the net change after accounting for: the expiration of the 2012-13 wage concession; attrition; increase in ISA contracts; increase in non-personnel items such as the board election and insurance; and the lower health insurance funding rate. Changes in UGF revenues and increases in expenses for 2013-14 show a structural deficit of \$2,526,136 before district reserves and one-time funds are used to balance the budget.

Structural Deficit in UGF	\$2,055,231	\$2,526,136	

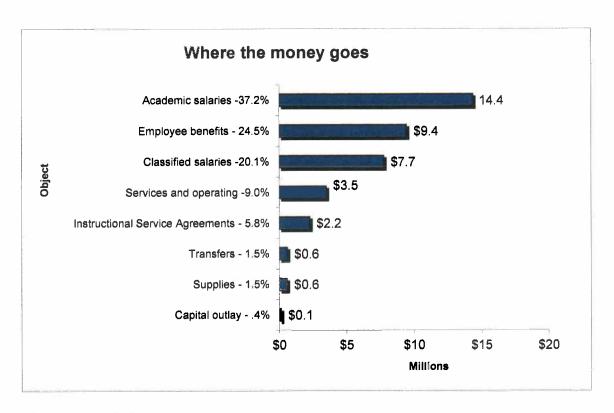

To close the structural deficit, the district will be transferring \$1,750,000 from the Self Insurance Fund and \$795,302 from Capital Outlay/Project Fund. Funds from the Self Insurance Fund are coming from the Rate Stabilization Reserve. This reserve has been used as a cushion to take "rate passes" on projected funding premium increases in prior years. The transfer from the Capital Outlay/Project Fund represents unspent year-end funds typically used for contributions towards the district's unfunded OPEB liability, instructional supplies, sabbaticals, and technology refreshment. Clearly, the continued use of reserves and one-time funds to bridge an ongoing revenue shortfall is unsustainable and must be addressed to maintain fiscal stability in the long run.

Apportionment revenue from the State is by far the largest source (88%) of revenue in the Unrestricted General Fund. Apportionment is generated by FTES and reported to the State. The State determines the maximum apportionment that can be earned by a district. The cap can be adjusted up or down depending on "workload reductions" or the addition of growth/restoration funding. The next largest revenue source is lottery at 2%.

The largest portion of expenses is for people, with salaries and corresponding fringe benefits for employees accounting for 82% of total expenses. Adding Instructional Service Agreements to employee expenses accounts for 88% of total expenses. The cost of employee benefits continues to be the second largest expense in the budget, currently representing 25% of total expenses.

Restricted General Fund

Funds used for the operation and support of educational programs that are specifically restricted by law, regulation, donor, or other outside agency are recorded in the Restricted General Fund. The majority of these funds must be expended within the fiscal year or returned to the funding agency. Budgets for state programs are based on the state's latest allocation numbers. Funds budgeted for all programs total about \$5.2 million.

The following chart shows the 19 largest categorical programs and their respective funding level for the 2013-14 Final Budget:

Special Revenue Fund:

Child Development Center (CDC), Student Center and Parking are accounted for in the Special Revenue Fund. Revenues generated by these programs are intended to pay for the cost of services provided.

Revenues and expenses for child development services are recorded in the CDC Fund. The CDC Fund includes monies that are restricted as to their use and the fund is therefore separated into unrestricted and restricted. The CDC Fund has a total budget of \$555,720 (unrestricted and restricted). CDC has been operating with a State Preschool contract under the California Department of Education. Unfortunately, the reimbursement funds available from state contracts have covered less than 50% of operating costs, which are almost entirely payroll and benefits. During Fiscal Year 2012-13, the District implemented a new configuration of CDC operations which reduced the amount of Unrestricted General Fund support.

The Student Center Fund is maintained to record financial transactions of the Student Center building, the construction of which was partially funded by lease revenue bonds. The Student Center Fund receives revenue primarily from student use fees and commissions from the bookstore and cafeteria. The bond requires income to be used to make debt payments and maintain the facility. Half of the Student Activity Coordinator position is paid by the Student Center Fund and half is paid by the Unrestricted General Fund. It should be noted that \$250,000 from the prior year fund balance was transferred to Capital Outlay Fund for the construction of the new Student Center. These funds will be used for the purchase of new kitchen equipment in the cafeteria.

The Parking Fund is maintained to record financial transactions related to parking as required by the Education Code. Revenues are primarily from parking permit sales and parking citations. Expenses are for parking security and maintenance and improvements to the parking lots. The fund is projected to have a reserve of over \$139,000 which will be used for future parking-related repairs and improvements.

Debt Service

Long-term debt principal, interest, and related costs of the District are accounted for in the Debt Service Fund. There are two obligations accounted for in this fund: the annual long-term debt payment for the Student Center and the capital lease for energy conservation projects (SunTrust

lease) both requiring annual payments. Student Use Fees in the Student Center operating accounts pay the Student Center required debt payment of \$18,075. A transfer from the Unrestricted General Fund of \$275,324, representing projected energy savings, is budgeted to cover the required payments to SunTrust.

Capital Projects

Non-bond expenses for all major acquisition, construction and maintenance projects are accounted for in the Capital Projects Fund. State funded projects include the renovation of old Student Services and Humanities and demolition of Business/Humanities (\$3.2M state portion.) Local projects include IPP & FPP processing, donations for the Library & Technology Center and athletic facilities, and District expenses for Fort Ord. Expenses have been estimated at \$2,491,998 which includes: a \$795,302 transfer out to the UGF for the structural deficit; \$300,000 for technology items identified by the updated Technology Plan; and the balance for the state funded humanities project.

Building

Expenses associated with Measure I, the \$145 million Proposition 39 bond, are accounted for in the Building Fund. Expenses included in the 2013-14 final budget total \$7.5M which includes amounts to be expended for multiple projects (LS/PS, Humanities, art complex, student center, and pool/tennis courts). The art complex, student center, and pool/tennis court projects will commence this summer and last approximately twelve months.

Self Insurance

Expenses for the district's self-insured medical benefits are budgeted and recorded in the Self Insurance Fund. Transfers are made from the various operating accounts to the Self Insurance Fund to cover the expenses. Total expenses of \$8,099,078 are currently being budgeted and include a \$1,750,000 transfer out to the UGF to help cover the structural deficit. The \$1,750,000 are one-time funds from the Rate Stabilization Reserve. Medical claims expenses are budgeted at \$6,192,000 for 2013-14.

Medical and RX claims continue to be holding steady in 2012-13. Review of the expense loss ratio for "active" employees continues to show ratios of less than 100%. As a result, all groups remain at Phase 1 of the three-phase plan implemented in 2010-11. The three-phase plan expired in June 2013 and no replacement plan has been recommended by Health and Welfare Cost Containment Committee at this time. Part of the leveling off of medical claims is likely tied to CHOMP being moved from Anthem's Tier 3 to Tier 1 hospital rating. No details of the Anthem Blue Cross and CHOMP agreement have been released, but industry consultants have speculated that the agreement provides discounts for Anthem members in the 12% range. Another factor in the reduced utilization of medical services may have been the change in employee behavior as a result of the three-phase plan.

The district's health benefits consultant, Alliant Insurance Services, has estimated a funding premium of \$1,779 per employee per month (PEPM) for 2013-14 based on national trends. This represents a 39% increase over the 2012-13 funding rate of \$1,280 PEPM. In light of the moderated claims experience over the past three years, administration and the Health and

Welfare Cost Containment Committee have elected to reduce the super composite funding rate from \$1,280 to \$1,200 PEPM. If Alliant is correct and the district does experience the projected increase, the district will be using the Rate Stabilization Reserve to absorb the increased expense. The reduced funding premium is not without risks however. The Health and Welfare Cost Containment Committee understands these risks and is open to discussing the reinstatement of a phased medical plan in the fall of 2013 to provide a safety net in case claims totals begin to rise again.

Fiduciary Fund

The Fiduciary Fund is used to account for assets held by the District as trustee. These funds include Student Financial Aid, Associated Students, Scholarships and Loans, Trust Funds, and Orr Scholarship funds.

Conclusion

All funds are balanced except for Capital Outlay and Self Insurance because significant transfers are being made in 2013-14 to close the structural deficit in the General Fund. Positive year-end balances (reserves) are projected.

Unrestricted General Fund Highlights

2013-2014 Final Budget

Revenues:

Total Unrestricted General Fund revenue budgeted for 2013-14 is \$38,614,399. This includes \$2,545,302 of reserves and one-time funds transferred into the general fund to close the structural deficit, balance the budget, and show a 10% reserve.

- Apportionment The largest source of unrestricted revenue, \$34,056,599 is received through the California Community College System and is based on actual enrollments of the College. These funds are referred to as apportionment and are received from student registration fees, local property taxes, and state backfill. Apportionment is calculated based on full time equivalent students (FTES): \$4,564.83 per credit FTES and \$2,744.96 per noncredit FTES plus a base allocation of \$3,321,545 for a single campus district and \$276,795 for a satellite campus. The projected apportionment assumes no deficit coefficient; a full RDA backfill should there be a shortfall; and a 1.57% COLA.
- Part-Time Faculty Compensation The District has budgeted \$173,268. It should be noted that in 2008-09, the state cut part-time faculty compensation by \$180K. The district has continued to backfill this cut using unrestricted general fund dollars for the last two years, but will not backfill in 2013-14. The Part-Time salary schedule will be adjusted downward accordingly.
- <u>Lottery</u> Funds received from the Lottery Commission are based on FTES, including non-resident and apprenticeship. Lottery funds are budgeted at \$857,178 for 2013-14. This is \$15,480 more than the 2012-13 budget because the state is projecting a higher rate per FTES.
- Nonresident Fees The non-resident fee revenue for 2013-14 is budgeted at \$585,000. The new rate adopted by the board for 2013-14 is the State average of \$184 per unit, which is \$5 more than the MPC 2012-13 rate.
- <u>Interest</u> Interest income is budgeted at \$16,000 for 2013-14. The yield on the funds deposited with the county treasury continues to be at historic lows (< 0.50%). All indications are that the Federal Reserve will continue to keep short term rates at very low levels.
- Apprenticeship Beginning in 2009-10, the State allowed these funds to be used as part of "categorical flexibility." For the past several years, MPC recorded these funds in the Restricted Fund to support Matriculation and Supportive Services. For 2013-14, the state is returning to the practice of allocating these funds based only on actual hours of apprenticeship, so MPC is not scheduled to receive any. The Unrestricted Fund will instead backfill the Restricted Fund programs.

Expenses:

Total Unrestricted General Fund Expenses are budgeted at \$38,595,233. Projections are included for all known obligations.

- <u>Salaries</u> Increases for required step and column movement and longevity have been budgeted where appropriate. Absent any new collective bargaining agreements, the 2012-13 wage concession (2.02% for all employees) expired June 30, 2013. Therefore no concession has been budgeted for in the Final Budget.
- <u>Fringe Benefits</u> Fringe benefits are shown in two categories: salary roll-up costs and medical benefits.

Salary roll-up costs include retirement, Medicare, FICA, unemployment, and workers comp and total 29.142% for classified employees and 12.75% for academic employees. Roll-up costs associated with salary increases for required step and column movement and longevity increases have been budgeted.

Expenses for the District's self-insured medical benefits are budgeted and recorded in the Self Insurance Fund. Transfers are made from the various operating accounts to the Self Insurance Fund to cover the expenses. This Final Budget uses a medical rate reduced by about 6.9% from 2012-13, although a 39% increase is recommended by the District's benefits consultant.

- **Books and Supplies** This category is budgeted at \$585,500 for 2013-14.
- Services and Operating (including ISA) This category is budgeted at \$5,734,146 for 2013-14.
 - 1. <u>Utilities</u> Total utility expenses (electricity, natural gas, water, waste disposal and sewage) are budgeted at \$1,016,170. Telephone expenses are budgeted at \$92,500. A transfer to the Debt Services Fund of \$275,324 is also budgeted to make lease payments for the energy conservation projects completed by Siemens.
 - 2. Risk Management (insurance) There is an increase of 4% budgeted in property and liability insurance. The District is in a pool with other community colleges and is self-insured for property and liability coverage. Property and liability is budgeted at \$278,720 plus \$30,000 for deductibles. Student accident insurance for athletes is budgeted at \$69,440. (A budget for student accident insurance is also included in the Restricted General Fund at \$44,738.)
 - 3. <u>Instructional Service Agreements</u> \$2,245,979 is budgeted for Instructional Service Agreements (ISA.)
 - 4. <u>Travel</u> The conference attendance and related travel budget is \$86,659 for 2013-14.

- 5. <u>Legal Expenses</u> This category is the same as last year with a budget of \$55,000.
- 6. <u>Election Expenses</u> –There will be a Board election in 2013-2014, and election expense is budgeted at \$100,000.
- 7. <u>Building Maintenance</u> Minor capital improvements is budgeted at \$77,000.
- 8. Other Services & Expenses The total budgets here are similar to last year, except for increases of \$38,000 in County Support Service fees and \$38,000 in Advertising.
- 9. <u>Contingencies</u> Total general contingencies are \$87,120, including \$50,000 for unanticipated institutional expenditures, \$6,580 for the Superintendent/President, \$18,040 total for vice presidents, \$2,500 total for deans. In addition, there is a contingency of \$10,000 for possible one-time startup expenses of the Education Center.
- Capital Outlay This category is budgeted at \$139,576 for 20013-14.
- <u>Transfers</u> Transfers to other funds are budgeted at \$5,581,775, a decrease of \$460,154 from last year, primarily due to decreases in the transfer to Self-Insurance and the transfer to Child Development Fund. The following are transfers to other funds:

Self Insurance Fund	\$4,990,380
Child Development Fund	248,823
Debt Service (energy conservation)	275,324
EOP&S	67,248

• Other - The District records the mandatory allocation of revenue generated by DSPS classes by covering direct expenses totaling \$412,092 in the Unrestricted General Fund. This amount also includes backfill for funds formerly available from Apprenticeship through categorical flexibility.

Fund Balance:

Expenses are budgeted to exceed revenues by \$19,166 and an ending Unrestricted General Fund balance of \$3,859,234 is projected which is 10% of expenditures.

Conclusion

All funds are balanced except for Capital Outlay and Self Insurance because of transfers to the General Fund to close the structural deficit. All funds show positive year-end balances (reserves).

The Budget Development Process for the District is as follows:

- 1) Board approved long-term goals and annual objectives are used to establish district priorities. Each area develops component goals supporting their area needs and institutional goals and objectives.
- 2) Administrative Services develops a list of estimated revenues and committed costs as a preliminary estimate of available funds for the upcoming fiscal year.
 - a) Administrative Services compiles a listing of all fixed/committed costs, to include:
 - i) Salaries and payroll related benefits
 - ii) Health Benefits
 - iii) Lease Agreements
 - iv) Contracts
 - v) Lease Purchase Agreements
 - vi) Inter fund Transfer Requirements
 - b) Administrative Services provides revenue estimates
 - c) Administrative Services provides projections for ending fund balances.
 - d) Administrative Services prepares budget development instructions. The Budget Committee reviews assumptions and support documentation, and requests clarification, as appropriate. Budget packages including 3 year history of expenses, and instructions are sent to Superintendent/President and vice presidents for distribution to cost center managers/division chairs.
 - e) Cost center managers/division chairs are requested to ensure any roll over budgets are accurate and to identify any mandated increases to their appropriate vice president.
- 3) The Budget Committee reviews all data provided and projections and provides information on available funding or shortfalls to College Council.
- 4) In light of annual institutional goals and available resources, the vice presidents, working through the Advisory Groups, provide guidance and leadership to allow the cost center managers/division chairs to develop their individual component goals. Component goals are shared with the College Council.
- 5) The advisory groups prioritize budget requests/action plans based on annual institutional goals and department component goals. Prioritized budget requests/action plans are shared with the College Council.
- 6) The College Council reviews component goals and prioritized budget requests/action plans from the three advisory groups and the President's areas; and based on District long-term goals and annual objectives and available funding, balances the requests. The College Council makes a recommendation on any additional funding and/or reductions to the Superintendent/President for review and action.
- 7) The Superintendent/President, in consultation with the College Council, makes any final adjustments to the budget. The president then sends the draft budget to the Board for approval as the Tentative Budget.
- 8) The cost center managers/division chairs review the budget to see required adjustments have been made, and check for possible errors. They may request budget hearings from their respective advisory group.
- 9) As updated revenue information becomes available from the Chancellor's Office, revenue estimates change and/or changes to budgeted expenses are needed, the budget is modified for the Final Budget as provided in numbers 2 through 7 above.
- 10) The modified Tentative Budget is presented to the Budget Committee and College Council for recommendation and sent to the Superintendent/President. The Superintendent/President, in consultation with the College Council, makes any final adjustments to the budget. The president then sends the draft budget to the Board for approval as the Final Budget.

MONTEREY PENINSULA COLLEGE

Institutional Goals and Objectives for 2011-2014

Mission Statement

Monterey Peninsula College is committed to fostering student learning and success by providing excellence in instructional programs, facilities, and services to support the goals of students pursuing transfer, career, basic skills, and life-long learning opportunities. Through these efforts MPC seeks to enhance the intellectual, cultural, and economic vitality of our diverse community.

- Recruiting and retaining highly qualified and diverse faculty and staff.
- Supplying and supporting faculty and staff with high quality equipment and necessary training.
- Providing all faculty, staff, students and support personnel with clean, attractive and safe facilities.
- Fostering a culture of collaboration to promote and achieve student success.

Goal 1: Promote academic excellence and student success.

Objective 1.1: Investigate ways to articulate student success that represent the diverse range of our students' goals, and retain strong academic integrity and high academic standards.

Objective 1.2: Improve student experiences by supporting the quality of instruction and service delivery through

- a. creating a framework for faculty and staff to learn, share ideas, engage in dialog and collaborate.
- b. promoting efforts to analyze the effectiveness of programs and make improvements based on the results.

Objective 1.3: Develop and prioritize the implementation of an online learning strategic plan that includes institutional support, protocols, and assessment of instruction.

Objective 1.4: Develop and implement ways to

- a. more effectively recruit and select excellent faculty and staff.
- b. train and mentor new faculty and staff so that they most effectively serve students and promote learning.

- Goal 2: Build MPC into an economic driving force for the Monterey area by supporting and developing programs that teach employable skills.
- Objective 2.1: Develop and enhance credit Career and Technical programs and courses to provide students with employable skills.
- Objective 2.2: Establish and strengthen industry, government, and community partnerships.
- Goal 3: Manage the rate of growth in programs and services in Seaside and Marina, subject to funding and growth conditions.
- Objective 3.1: Based on assessment and analysis of community needs and district resources, develop appropriate class schedules and programs.
- Objective 3.2: Provide essential support services to enable student success at the Marina Education Center and the Seaside Public Safety Center.

Goal 4: Maintain and strengthen instructional and institutional technology.

- Objective 4.1: Conduct a broad-based review of the functionality and efficiency of all district technology including the organization, management and support for MPC's websites.
- Objective 4.2: Conduct a broad-based review of the leadership, management, and structure of campus-wide technology support to maximize efficiency, resources, and ease of use.
- Objective 4.3: Based on the recommendations from these reviews, develop a long-term funding plan and implement changes that take into consideration the availability of college resources.
